

administered by the Office of Travel and Tourism Industries (OTTI) of the International Trade Administration provides source data required to (1) estimate international travel and passenger fare exports, imports and the trade balance for the United States, (2) comply with the *U.S. Travel Promotion Act of 2009* (Pub. L. 111–145), collect, analyze and report information to the Corporation for Travel Promotion (CTP), and support the National Export Initiative (NEI) to double exports for the country, (3) to comply with the 1961, 1981, and 1996 travel and tourism related acts to collect and publish comprehensive international travel and tourism, statistics and other marketing information, and (4) support the continuation of the Travel & Tourism Satellite Accounts for the United States, which provide the only spending and employment figures for the industry.

The Survey program contains the core data that is analyzed and communicated by OTTI with other government agencies, associations and businesses that share the same objective of increasing U.S. international travel exports. The Survey assists OTTI in assessing the economic impact of international travel on state and local economies, providing visitation estimates, key market intelligence, and identifying traveler and trip characteristics. The U.S. Department of Commerce assists travel industry enterprises to increase international travel and passenger fare exports for the country as well as outbound travel on U.S. carriers. The Survey program provides the only available estimates of nonresident visitation to the states and cities within the United States, as well as U.S. resident travel abroad.

A new survey instrument (questionnaire) (English version plus its translations into eleven foreign languages) has been developed that reflects input from over 70 respondents, including:

- Travel Industry (airlines, travel associations, destinations, lodging); Consultants; Financial Firms; Educational Institutions; and U.S. Government Agencies

This new Survey questionnaire reflects changes in various questions relating to:

- Trip Purpose; Payment Methods; Booking/Information Sources; additional package components, health care/vaccinations/travel insurance information; Additional transportation used responses; Assessment of the Visitor's Experience; and Intentions for Further Travel to the United States; Ethnicity/race.

Survey questions relating to a traveler's general impression of their airline carrier, flight connections, several airline rating attributes, their baggage delivery wait time, fewer activities, number of trips in the last five years, and whether they had personal safety concerns have been eliminated from the new Survey questionnaire.

II. Method of Collection

Within the "Survey of International Air Travelers (Survey)" program, the majority of the passenger surveys are collected in U.S. departure gate areas of U.S. airports. There is a small portion of all passenger surveys that are collected on-board flights which have departed the United States (except to Canada). U.S. and foreign flag airlines that voluntarily participate in the Survey program enable this collection in either U.S. departure gate areas or on-board flights.

III. Data

OMB Control Number: 0625–0227.

Form Number(s): None.

Type of Review: Regular submission (extension and revision of a currently approved information collection).

Affected Public: Individuals or households.

Estimated Number of Respondents: 99,400.

Estimated Time per Response: 15 minutes.

Estimated Total Annual Burden Hours: 24,850.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Polyethylene Terephthalate Film, Sheet and Strip From India: Rescission, in Part, of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* September 20, 2011.

FOR FURTHER INFORMATION CONTACT: Elfi Blum or Toni Page, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482–0197 or (202) 482–1398, respectively.

Background

On July 1, 2011, the Department of Commerce (Department) published a notice of opportunity to request an administrative review of the antidumping duty (AD) order on polyethylene terephthalate film, sheet and strip from India covering the period July 1, 2010, through June 30, 2011. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 76 FR 38609, 38610 (July 1, 2010). The Department received a timely request for an AD administrative review from Petitioners¹ for five companies: Ester Industries Limited, Garware Polyester Ltd., Jindal Poly Films Limited of India, Polyplex Corporation Ltd., and SRF Limited. The Department also received timely requests for an AD administrative review from Vacmet India Ltd. (Vacmet) and Polypacks Industries of India (Polypacks). On August 26, 2011, the Department published a notice of initiation of administrative review with respect to Ester Industries Limited, Garware Polyester Ltd., Jindal Poly Films Limited of India, Polyplex Corporation Ltd., SRF Limited, Vacmet and Polypacks. *See Initiation of Antidumping and Countervailing Duty*

¹ Petitioners are DuPont Teijin Films, Mitsubishi Polyester Film, Inc., SKC, Inc. and Toray Plastics (America), Inc.

Administrative Reviews and Deferral of Initiation of Administrative Review, 76 FR 53404 (August 26, 2011). On August 23, 2011, Vacmet and Polypacks withdrew their requests for an AD administrative review.

Rescission, In Part

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if a party that requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review. Vacmet's and Polypacks' requests were submitted within the 90-day period and, thus, are timely. Because Vacmet's and Polypacks' withdrawals of request for an AD administrative review are timely and because no other party requested a review of Vacmet and Polypacks, in accordance with 19 CFR 351.213(d)(1), we are rescinding this AD administrative review with respect to Vacmet and Polypacks.

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Vacmet and Polypacks shall be assessed antidumping duties at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification

of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with section 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: September 14, 2011.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Application(s) for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, as amended by Pub. L. 106-36; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be postmarked on or before October 11, 2011. Address written comments to Statutory Import Programs Staff, Room 3720, U.S. Department of Commerce, Washington, DC 20230. Applications may be examined between 8:30 a.m. and 5 p.m. at the U.S. Department of Commerce in Room 3720.

Docket Number: 11-060. *Applicant:* Brookhaven National Laboratory, 480 Cornell Avenue, Upton, New York 11973. *Instrument:* Electron Microscope. *Manufacturer:* JEOL, Ltd., Japan.

Intended Use: The instrument will be used to study crystalline and electronic structures of energy-related matter including superconductors and thermoelectric materials, using electron diffraction, high resolution imaging, and other techniques. The objectives include determining the links of structures to the physical properties of materials, to help improve the properties of such materials. *Justification for Duty-Free Entry:* There are no instruments of the same general category manufactured in the United States. *Application accepted by Commissioner of Customs:* August 24, 2011.
