Proposed Project—Annual Appellant Climate Survey—0990-0330—REVISION—Office of Medicare Hearings and Appeals (OMHA).

Abstract: The OMHA Appellant Climate Survey is a survey of Medicare beneficiaries, providers, and suppliers who had a hearing before an Administrative Law Judge (ALJ) at the Office of Medicare Hearings and Appeals (OMHA). Appellants dissatisfied with the outcome of their Level 2 appeal may request a hearing before an OMHA ALJ. The Appellant Climate Survey will be used to measure appellant satisfaction with their OMHA appeals experience, as opposed to their satisfaction with a specific ruling.

OMHA was established by the Medicare Prescription Drug, Improvement, and Modernization Act (MMA) of 2003 (Pub. L. 108-173) and became operational on July 1, 2005. The MMA legislation and implementing regulations issued on March 8, 2007 instituted a number of changes in the appeals process. The MMA legislation also directed the U.S. Department of Health and Human Services to consider the feasibility of conducting hearings using telephone or video-teleconference technologies. In carrying out this mandate, OMHA makes extensive use of video-teleconferencing to provide appellants with a vast nationwide network of access points for hearings close to their homes. The survey will gauge appellants' satisfaction with this new service along with the overall appeals experience. The first three-year administration cycle of the OMHA survey began in FY08. The survey will continue to be conducted annually over a three-year period, beginning in FY12. Results from the surveys will be used to gauge progress made in increasing satisfaction among appellants.

ESTIMATED ANNUALIZED BURDEN TABLE

Form	Type of respondent	Number of respondents	Number of responses per respondent	Average burden hours per response (in hours)	Total burden hours
