

Wisconsin State Historic Preservation Office (SHPO), and to solicit its views and those of other government agencies, interested Indian tribes, and the public on the project's potential effects on historic properties.³ We will define the project-specific Area of Potential Effects (APE) in consultation with the SHPO as the project is further developed. On natural gas facility projects, the APE at a minimum encompasses all areas subject to ground disturbance (examples include construction right-of-way, contractor/pipe storage yards, compressor stations, and access roads). Our EA for this project will document our findings on the impacts on historic properties and summarize the status of consultations under section 106.

Public Participation

You can make a difference by providing us with your specific comments or concerns about the project. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that your comments are timely and properly recorded, please send your comments so that they will be received in Washington, DC on or before October 17, 2011.

For your convenience, there are three methods which you can use to submit your comments to the Commission. In all instances please reference the project docket number (CP11-539-000) with your submission. The Commission encourages electronic filing of comments and has expert eFiling staff available to assist you at (202) 502-8258 or efiling@ferc.gov.

(1) You may file your comments electronically by using the *eComment* feature, which is located on the Commission's Web site at <http://www.ferc.gov> under the link to Documents and Filings. An eComment is an easy method for interested persons to submit brief, text-only comments on a project. Please note that if you wish to be added to our environmental mailing list (see below), your eComment must include your name and address;

(2) You may file your comments electronically by using the *eFiling* feature, which is located on the Commission's Web site at <http://www.ferc.gov> under the link to

Documents and Filings. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making. A comment on a particular project is considered a "Comment on a Filing;" or

(3) You may file a paper copy of your comments at the following address: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Room 1A, Washington, DC 20426.

Environmental Mailing List

The environmental mailing list includes federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American Tribes; other interested parties; and local libraries and newspapers. This list also includes all affected landowners (as defined in the Commission's regulations) who are potential right-of-way grantors, whose property may be used temporarily for project purposes, or who own property within certain distances of aboveground facilities, and anyone who submits comments on the project. We will update the environmental mailing list as the analysis proceeds to ensure that we send the information related to this environmental review to all individuals, organizations, and government entities interested in and/or potentially affected by the proposed project.

If the EA is published for distribution, copies will be sent to the environmental mailing list for public review and comment. If you would prefer to receive a paper copy of the document instead of the CD version or would like to remove your name from the mailing list, please return the attached Information Request (Appendix 2).

Becoming an Intervenor

In addition to involvement in the EA scoping process, you may want to become an "intervenor" which is an official party to the Commission's proceeding. Intervenor play a more formal role in the process and are able to file briefs, appear at hearings, and be heard by the courts if they choose to appeal the Commission's final ruling. An intervenor formally participates in the proceeding by filing a request to intervene. Instructions for becoming an intervenor are included in the User's Guide under the "e-filing" link on the Commission's website.

Additional Information

Additional information about the project is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC Web site at <http://www.ferc.gov> using the "eLibrary" link. Click on the eLibrary link, click on "General Search" and enter the docket number, excluding the last three digits in the Docket Number field (i.e., CP11-539). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission now offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to <http://www.ferc.gov/esubscribenow.htm>.

Finally, public meetings or site visits will be posted on the Commission's calendar located at <http://www.ferc.gov/EventCalendar/EventsList.aspx> along with other related information.

Notice of Intent to Hold Public Meetings and Hear Public Comment on the Proposed New Jersey-New York Expansion Project Draft Environmental Impact Statement; Algonquin Gas Transmission, LLC; Texas Eastern Transmission, LP

On September 9, 2011, the staff of the Federal Energy Regulatory Commission (FERC or Commission) issued the Draft Environmental Impact Statement (draft EIS) for the proposed New Jersey-New York Expansion Project (NJ-NY Project or Project) and mailed it to resource and land management agencies, interested organizations, and individuals. The draft EIS assesses the potential environmental effects of the

Historic properties are defined in those regulations as any prehistoric or historic district, site, building, structure, or object included in or eligible for inclusion in the National Register of Historic Places.

construction and operation of the NJ-NY Project in accordance with the requirements of the National Environmental Policy Act of 1969 (NEPA).

Any person wishing to comment on the draft EIS may do so. The public comment deadline is October 31, 2011. In addition to or in lieu of sending written comments, FERC staff invites

you to attend one of the public comment meetings conducted in the Project area, scheduled as follows:

Date	Location
Monday, October 17, 2011, 7:00 p.m.	P.S. 44—Thomas C. Brown School Auditorium, 80 Maple Parkway, Staten Island, New York 10303.
Tuesday, October 18, 2011, 7:00 p.m.	Knights of Columbus Hall, 669 Avenue C, Bayonne, New Jersey 07002.
Wednesday, October 19, 2011, 7:00 p.m.	James J. Ferris High School Auditorium, 35 Colgate Street, Jersey City, New Jersey 07302.
Thursday, October 20, 2011, 7:00 p.m.	P.S. 41—Greenwich Village School Auditorium, 116 West 11th Street, New York, New York 10011.

The locations and times of these meetings will also be posted on the Commission's calendar located at <http://www.ferc.gov/EventCalendar/EventsList.aspx> along with other relevant information. Interested groups and individuals are encouraged to attend the public comment meetings and present oral comments on the draft EIS. A transcript of the meetings will be prepared and submitted to the docket for public review.

We expect to have numerous attendees and speakers at the meetings. Based on the attendance at previous meetings, commentators may be required to limit verbal presentations to 5 minutes or less; therefore, we request you structure your comments so that they are as specific and concise as possible. This will allow us to accommodate all who are interested in speaking. If you would prefer, you may submit written comments at the public meeting or directly to the FERC docket at your convenience. Oral comments will not receive greater attention than written comments. We will address oral and written comments equally.

The draft EIS has been placed in the public files of the FERC and is available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference Room, 888 First Street, NE, Room 2A, Washington, DC 20426, (202) 502-8371.

CD-ROM copies of the draft EIS were mailed to federal, state, and local agencies; public interest groups; individuals who requested a copy of the draft EIS or provided comments during scoping; libraries and newspapers in the Project area; and parties to this proceeding. Hard copy versions of the draft EIS were mailed to those specifically requesting them. A limited number of hard copies and CD-ROMs are available from the Public Reference Room identified above.

Please note that copies of the CD-ROM were mailed with a postcard that included a docket number for Algonquin Gas Transmission, LLC that

was incorrect. There is only one docket number for the Project: CP11-56-000.

Additional information about the Project is available from the Commission's Office of External Affairs, at (866) 208-FERC or on the FERC (<http://www.ferc.gov>) using the eLibrary link.
