

of mining Plans within the Granite Creek Watershed Mining Plans analysis area. The responsible official will also decide whether or not to select the proposed action as stated or modified, or to select an alternative to it, any mitigation measures needed, and any monitoring that may be required.

Preliminary Issues

The interdisciplinary team has conducted field surveys and data research to identify preliminary issues of concern with this proposal. The primary concern is the potential for sediment or heavy metal discharges into streams from mining operations, potentially impacting water quality, fish and fish habitat (pools and temperature).

Within the Granite Creek Watershed, under section 303(d) of the Clean Water Act, the Oregon Department of Environmental Quality (DEQ) has listed Beaver Creek and Clear Creek as water quality limited for temperature, and Bull Run Creek and Granite Creek as water quality limited for temperature and sediment. Fish species listed as threatened under the Endangered Species Act occurring within the watershed include bull trout and middle Columbia River steelhead trout. Based on these preliminary issues and the level of activity proposed at some sites, there is the potential for significant impacts to some resources, therefore an EIS fits the scope of this analysis rather than an Environmental Assessment (EA).

Scoping Process

This notice of intent initiates the scoping process, which guides the development of the environmental impact statement. Public participation is especially important at several points during the development of the EIS. The Forest Service is seeking information, comments, and coordination with Federal, State, and local agencies, and tribal governments, individuals or organizations who may be interested in or affected by the proposed action. The most useful comments to developing or refining the proposed action would be site-specific concerns and those that pertain to authorizing mining activities within the Granite Creek Watershed Mining Plans analysis area that meet the Purpose of and Need for Action.

It is important that reviewers provide their comments at such times and in such manner that they are useful to the agency's preparation of the environmental impact statement. Therefore, comments should be provided prior to the close of the comment period and should clearly

articulate the reviewer's concerns and contentions.

Comments received in response to this solicitation, including names and addresses of those who comment, will be part of the public record for this proposed action and will be available for public inspection.

Authority: 40 CFR 1501.7 and 1508.22; Forest Service Handbook 1909.15, Section 21. Comments submitted anonymously will be accepted and considered, however those who only submit anonymous comments will not have standing to appeal the subsequent decision under 36 CFR part 215.

Dated: October 2, 2011.

Bureau of the Census

[Docket No. 110921595-1594-01]

2011 Company Organization Survey

AGENCY: Bureau of the Census, Commerce.

ACTION: Notice of determination.

SUMMARY: The Bureau of the Census (Census Bureau) is conducting the 2011 Company Organization Survey. The survey's data are needed, in part, to update the multilocation companies in the Business Register. The survey, which has been conducted annually since 1974, is designed to collect information on the number of employees, payroll, geographic location, current operational status, and kind of business for each establishment of companies with more than one location. We have determined that annual data collected from this survey are needed to aid the efficient performance of essential governmental functions, and that these data have significant application to the needs of the public and industry. The data derived from this survey are not available from any other source.

ADDRESSES: The Census Bureau will furnish report forms to organizations included in the survey, and additional copies are available by written request to the Director, U.S. Census Bureau, Washington, DC 20233-0101.

FOR FURTHER INFORMATION CONTACT: Joy P. Pierson, Economic Planning and Coordination Division, U.S. Census Bureau, Room 8K319, Washington, DC 20233-6100 or by e-mail at joy.p.pierson@census.gov.

SUPPLEMENTARY INFORMATION: Sections 182, 195, 224, and 225 of Title 13, United States Code (U.S.C.), authorize the Census Bureau to undertake surveys necessary to furnish current data on the subjects covered by the major censuses. Years that end in 2 and 7 are considered "census years." In non-census years, companies report only on basic company affiliation and operations of establishments not within the scope of the economic censuses. In these non-census years, all multi-establishment companies with 250 or more employees report survey information. Also, groups of smaller companies that are divided into panels may be selected to report information for one of the non-census years. Smaller companies may be selected if an organizational change within the company is indicated, or if they have been selected through the probability sampling procedure. The

next economic census will be conducted for the year 2012. The data collected in the Company Organization Survey will be within the general scope, type, and character of those that are covered in the economic censuses. Forms NC-99001 (for multi-establishment companies) and NC-99007 (for single-location companies) will be used to collect the desired data.

Notwithstanding any other provision of law, no person is required to respond to, nor shall a person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a current valid Office of Management and Budget (OMB) control number. In accordance with the Paperwork Reduction Act, 44 U.S.C., Chapter 35, the OMB approved Forms NC-99001 and NC-99007 under OMB Control Number 0607-0444. We will furnish report forms to organizations included in the survey, and additional copies are available upon written request to the Director, U.S. Census Bureau, Washington, DC 20233-0101.

I have, therefore, directed that the 2011 Company Organization Survey be conducted for the purpose of collecting these data.

Dated: October 3, 2011.

Robert M. Groves,

Director, Bureau of the Census.

Foreign-Trade Zones Board

[Docket T-5-2011]

Foreign-Trade Zone 277—Western Maricopa County, AZ; Application for Temporary/Interim Manufacturing Authority; Sub-Zero, Inc.; (Refrigerators); Goodyear, AZ

An application has been submitted to the Executive Secretary of the Foreign-Trade Zones Board (the Board) by the Greater Maricopa County Foreign Trade Zone, Inc., grantee of FTZ 277, requesting temporary/interim manufacturing (T/IM) authority within FTZ 277 at the Sub-Zero, Inc. (Sub-Zero), facility, located in Goodyear, Arizona. The application was filed on October 3, 2011.

The Sub-Zero facility (260 employees, 10 acres, 150,000 units/year) is located at 4295 N. Cotton Lane within the Palm Valley 303 Industrial Park in Goodyear, Arizona (Site 3). Under T/IM

procedures, Sub-Zero has requested authority to produce refrigerators (HTSUS 8418.10 and 8418.21, duty rate: free). Foreign components that would be used in production (representing 45% of the value of the finished refrigerators) include: ABS resin (HTSUS 3903.30), fittings (3917.40), rubber gaskets (4016.93), articles of rubber (4016.99), fasteners (7318.14, 7318.15, 7318.29), hinges (8302.10), brackets (8302.50), plates (8310.00), compressors (8414.30, 8414.90), parts of refrigerators (8418.99), filters (8421.21), filter/dryer (8421.29), valves (8481.80), motors (8501.10, 8501.40), inverters (8504.40), wiring harnesses (8516.80), switches (8536.50), plugs and sockets (8536.61), controllers (8537.10), lamps (8539.22), and conductors (8544.42) (duty rate range: free-8.6%). T/IM authority could be granted for a period of up to two years.

FTZ procedures could exempt Sub-Zero from customs duty payments on the foreign components used in export production. The company anticipates that some 10 percent of the plant's shipments will be exported. On its domestic sales, Sub-Zero would be able to choose the duty rate during customs entry procedures that applies to refrigerators (duty rate: free) for the foreign inputs noted above.

In accordance with the Board's regulations, Pierre Duy of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations pursuant to Board Orders 1347 and 1480.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the following address: Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 2111, 1401 Constitution Ave., NW., Washington, DC 20230. The closing period for their receipt is November 10, 2011.

Sub-Zero has also submitted a request to the FTZ Board for FTZ manufacturing authority beyond a two-year period, which may include additional products and components. It should be noted that the request for extended authority would be docketed separately and would be processed as a distinct proceeding. Any party wishing to submit comments for consideration regarding the request for extended authority would need to submit such comments pursuant to the separate notice that would be published for that request.

A copy of the application will be available for public inspection at the

Office of the Foreign-Trade Zones Board's Executive Secretary at the address listed above, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>.

FOR FURTHER INFORMATION CONTACT:

Pierre Duy at Pierre.Duy@trade.gov or (202) 482-1378.

Dated: October 4, 2011.

Andrew McGilvray,

Executive Secretary.

Foreign-Trade Zones Board

[Order No. 1784]

Grant of Authority for Subzone Status; LVMH Watch and Jewelry U.S.A., Inc.; (Watches, Jewelry Products and Leather Goods) Springfield, NJ

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Foreign-Trade Zones Act provides for " * * * the establishment * * * of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes," and authorizes the Foreign-Trade Zones Board to grant to qualified corporations the privilege of establishing foreign-trade zones in or adjacent to U.S. Customs and Border Protection ports of entry;

Whereas, the Board's regulations (15 CFR part 400) provide for the establishment of special-purpose subzones when existing zone facilities cannot serve the specific use involved, and when the activity results in a significant public benefit and is in the public interest;

Whereas, the Port Authority of New York and New Jersey, grantee of Foreign-Trade Zone 49, has made application to the Board for authority to establish a special-purpose subzone at the warehouse and distribution facility of LVMH Watch and Jewelry U.S.A., Inc., located in Springfield, New Jersey (FTZ Docket 5-2011, filed 1-14-2011);

Whereas, notice inviting public comment has been given in the **Federal Register** (76 FR 4284, 1-25-2011) and the application has been processed pursuant to the FTZ Act and the Board's regulations; and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the
