[Docket No. 110620342-1659-03]

RIN 0648-BB55

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Snapper-Grouper Fishery Off the Southern Atlantic States; Amendment 15B

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule; effectiveness of collection-of-information requirements.

SUMMARY: NMFS announces approval by the Office of Management and Budget (OMB) of collection-of-information requirements contained in regulations implementing Amendment 15B to the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic Region (FMP). This rule makes effective the collection-of-information requirements published on November 16, 2009, and identified below.

DATES: The amendments to 15 CFR 902.1 in this rule are effective December 5, 2011. Amendments to §§ 622.5(a)(1)(iv), (b)(1), and (b)(2); § 622.8(a)(6); and § 622.18(b)(1)(ii) published at 74 FR 58902 (November 16, 2009) are effective December 5, 2011.

ADDRESSES: Written comments regarding the burden-hour estimates or other aspects of the collection-of-information requirements contained in this final rule may be submitted to Rich Malinowski, Southeast Regional Office, NMFS, 263 13th Ave South, St. Petersburg, FL 33701; and OMB, by email at OIRASubmission@omb.eop.gov, or fax to (202) 395-7285.

FOR FURTHER INFORMATION CONTACT: Kate Michie, telephone: (727) 824-5305.

SUPPLEMENTARY INFORMATION: On November 16, 2009 (74 FR 58902), NMFS published a final rule to implement Amendment 15B to the FMP. That final rule contained collection-of-information requirements subject to the Paperwork Reduction Act (PRA) that were pending OMB approval at the time of publication. The rule delayed the effectiveness of those provisions of the rule with public reporting requirements until NMFS published OMB's approval of the collections. OMB approved these

collection-of-information requirements on January 4, 2010 and January 27, 2010, under OMB control number 0648-0603 (South Atlantic snapper-grouper reporting requirements), and on April 12, 2011, under OMB control number 0648-0593 (South Atlantic snapper-grouper observer coverage requirements). Accordingly, this final rule makes effective the collection-of-information requirements at § 622.5(a)(1)(iv), (b)(1), and (b)(2); § 622.8(a)(6); and § 622.18(b)(1)(ii) on December 5, 2011. The collection-of-information requirement at § 622.5(g), which includes reporting requirements for the South Atlantic snapper-grouper recreational sector, will not be submitted for approval until further information on burden hour estimates can be obtained from the fishery.

Classification

This final rule has been determined to be not significant for purposes of Executive Order 12866.

This final rule contains collection-of-information requirements subject to the PRA which have been approved under OMB control numbers 0648-0603 and 0648-0593. The public reporting burdens for these collections of information are estimated to average: (1) 4 minutes for each notification of a vessel trip, (2) 20 minutes for each vessel and gear characterization form, (3) 31 minutes for each electronic logbook installation and data download, (4) 8 hours for each video monitor installation and data download, and (5) 20 minutes for each change of ownership. These estimates of the public reporting burdens include the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collections of information. Send comments regarding the burden estimates or any other aspect of the collection-of-information requirements, including suggestions for reducing the burden, to NMFS and to OMB (see **ADDRESSES**).

Notwithstanding any other provision of the law, no person is required to respond to, and no person shall be subject to penalty for failure to comply with, a collection of information subject to the requirements of the PRA, unless that collection of information displays a currently valid OMB control number.

DEPARTMENT OF STATE

22 CFR Part 123

RIN 1400–AC91

[Public Notice 7674]

**Amendment to the International Traffic
in Arms Regulations: Filing, Retention,
and Return of Export Licenses and
Filing of Export Information**

AGENCY: Department of State.

ACTION: Final rule.

SUMMARY: The Department of State is
amending the International Traffic in
Arms Regulations (ITAR) to reflect
changes in the requirements for the
return of licenses. Applicants are no
longer required to return certain expired
DSP–5s. This change will reduce the
administrative burden on applicants.

DATES: *Effective Date:* This rule is
effective November 4, 2011.

FOR FURTHER INFORMATION CONTACT:
Nicholas Memos, Office of Defense
Trade Controls Policy, Bureau of
Political-Military Affairs, Department of
State, (202) 663–2829 or FAX (202) 261–
8199; Email memosni@state.gov, Attn:
ITAR Amendment—License Return.

SUPPLEMENTARY INFORMATION: The
Department of State is amending
§ 123.22(c) to institute changes in the
requirements for the return of licenses.

With this change, applicants with DSP–
5 licenses that have been issued
electronically by the Directorate of
Defense Trade Controls (DDTC) and
decremented electronically by the U.S.
Customs and Border Protection (CBP)
through the Automated Export System
(AES) are no longer required to return
them to DDTC when they expire, to
include when the total authorized value
or quantity has been shipped. The
return of these licenses is redundant
and unnecessary as all of the export
information has been captured and
saved electronically. If a DSP–5 license
issued electronically is decremented
physically in one or more instance the
license must be returned to the
Department of State.

All other DSP–5 licenses that do not
meet the criteria described above, and
all DSP–61, DSP–73, and DSP–85
licenses, and DSP–94 authorizations,
must be returned by the applicant, or
the government agency with which the
license or authorization was filed, to
DDTC, as these licenses and
authorizations are not decremented
electronically, even if an Electronic
Export Information is filed via AES.

New § 123.22(c)(3) addresses the
return of the DSP–94 authorization.

New § 123.22(c)(4) provides that
licenses issued but not used by the
applicant do not need to be returned to
DDTC.

New § 123.22(c)(5) provides that
licenses which have been revoked by
DDTC are considered expired.

Section 123.21(b) is amended to
conform to the changes to § 123.22(c).

This rule was first presented as a
proposed rule for public comment on
July 14, 2011. That comment period
ended August 29, 2011. Three
comments were received. The
Department's evaluation of the written
comments and recommendations are as
follows.

One commenting party recommended
the Department revise the provision
regarding the return of the DSP–85, as
the issued license is not held by the
applicant, but by an officer of the
Defense Security Service. The
Department accepted this
recommendation, and has revised
§ 123.22(c)(2) to provide that “the
government agency with which the
license or authorization was filed” may
also return an expired license or
authorization to the Department.

One commenting party recommended
revising the sentence in § 123.22(c)(1)
addressing the maintenance of records.
The commenting party correctly pointed
out that, as drafted in the proposed rule,
the requirement to maintain records of
an electronically issued and
decremented DSP–5 pertained only
when the license was fully decremented
or expired, when in fact the
requirement, per ITAR § 122.5, is for
record maintenance on an ongoing
basis. Section (c)(1) is revised
accordingly.

One commenting party recommended
revising a section of the ITAR not the
subject of this rule. The Department,
