

Company requested a 60 day extension of the deadline for sales and distribution.

III. Amended Order

Pursuant to FIFRA section 6(f), EPA hereby amends the September 14, 2011 order to allow the formetanate HCl registrants to sell and distribute existing stocks of products under the previously approved labeling until January 31, 2012. Thereafter, registrants will be prohibited from selling or distributing the products identified in Table 1 of Unit II., whose labels include the deleted uses, except for export consistent with FIFRA section 17 or for proper disposal. Persons other than the registrant may sell, distribute, or use existing stocks of products (including those of (24c) Special Local Needs registrations) whose labels include the deleted uses until December 31, 2013, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied the deleted uses.

IV. What is the agency's authority for taking this action?

Section 6(a)(1) of FIFRA provides that the Administrator may permit the continued sale and use of existing stocks of a pesticide whose registration is cancelled under this section, or section 3 or 4, to such extent, under such conditions, and for such uses as the Administrator determines that such sale or use is not inconsistent with the purposes of this Act.

Dicloran; Cancellation Order for Amendment To Terminate Use on Potatoes

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the amendment to terminate use on potatoes, voluntarily requested by the registrant and accepted by the Agency, of products containing dicloran (DCNA), pursuant to section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. This cancellation order follows a December 1, 2010 **Federal Register** Notice of Receipt of Request from the registrant listed in Table 2 of Unit II. to voluntarily amend to terminate DCNA use on potatoes for these product registrations. These are not the last products containing this pesticide registered for use in the United States. In the December 1, 2010 notice, EPA indicated that it would issue an order implementing the amendment to terminate use, unless the Agency received substantive comments within the 180-day comment period that would merit its further review of these requests, or unless the registrant withdrew their request. The Agency did not receive any comments on the notice. Further, the registrant did not withdraw their request. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested amendment to terminate DCNA use on potatoes. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The amendment is effective November 16, 2011.

The registrant may continue to sell and distribute existing stocks of

products listed in Table 1 whose labels include the deleted use until November 16, 2012, which is 1 year after publication of this cancellation order in the **Federal Register**. Thereafter, the registrant is prohibited from selling or distributing products listed in Table 1 of Unit II. whose labels include the deleted use, except for export in accordance with FIFRA section 17 or for proper disposal.

Persons other than the registrant may sell, distribute, or use existing stocks of products whose labels include the deleted use until supplies are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the deleted use.
