

the Roseland Substation (Roseland, New Jersey). The construction and right-of-way permits would allow the construction through Delaware Water Gap National Recreation Area, Middle Delaware National Scenic and Recreational River, and Appalachian National Scenic Trail in Pennsylvania and New Jersey. The alternatives follow existing rights-of-way to reduce the impacts from construction and operation of the transmission line. Included in the suite of alternatives is the no-action alternative (alternative 1), which is the National Park Service's environmentally preferred alternative.

The draft EIS evaluates potential environmental consequences of implementing the alternatives. Impact topics include the natural, cultural, and socioeconomic environments.

This notice also announces that public meetings will be held to solicit comments on the draft EIS during the public review period. The dates, times, and locations will be announced on Delaware Water Gap National Recreation Area's Web site <http://www.nps.gov/dewa>, in local papers, and can be obtained by calling (570) 828-2253.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

On November 7, 2011, the Secretary of the Interior, the Mayor of Paterson, New Jersey, and the Chairman of the Paterson Municipal Utilities Authority signed a written agreement specifying the donation of lands and general provisions for the management and uses of lands within the Historic District. The agreement includes language supporting the partners’ commitment to completing a General Management Plan (GMP) for the park within three years and guidelines for general operation of the park until the GMP is completed. With the signing of this agreement by the Secretary, the site to be known as the “Paterson Great Falls National Historical Park,” was established as a unit of the National Park System, effective November 7, 2011, and subject to all laws, regulations, and policies pertaining to such units.
