Foreign-Trade Zones Board

[Docket 76–2011]

Foreign-Trade Zone 15—Kansas City, MO; Application for Manufacturing Authority; Blount, Inc. (Log Splitters); Kansas City, MO

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Greater Kansas City Foreign Trade Zone, Inc., grantee of FTZ 15, requesting manufacturing authority on behalf of Blount, Inc. (Blount), located in Kansas City, Missouri. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on November 29, 2011.

The Blount facility (170 employees, 100,000 unit capacity) is located within Site 3 of FTZ 15. The facility is used for the assembly, warehousing and distribution of forestry, farm and log products. FTZ manufacturing authority is being requested for the assembly of gasoline powered log splitters. Components and materials sourced from abroad (representing 30% of the value of the finished product) include: Beams, cylinders, pumps, tanks, tires, wedges, tongue attachments, beam weldments and non-threaded fasteners (duty rate ranges from 2.8 to 4.7%). The application also requests authority to include a broad range of inputs and finished forestry, farm and log products that Blount may produce under FTZ procedures in the future. New major activity involving these inputs/products would require review by the FTZ Board.

FTZ procedures could exempt Blount from customs duty payments on the foreign components used in export production. The company anticipates that some 10 percent of the plant's shipments will be exported. On its domestic sales, Blount would be able to choose the duty rates during customs

entry procedures that apply to log splitters (duty rate 2.4%) for the foreign inputs noted above. FTZ designation would further allow Blount to realize logistical benefits through the use of weekly customs entry procedures. Customs duties also could possibly be deferred or reduced on foreign status production equipment. The request indicates that the savings from FTZ procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is February 6, 2012. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to February 20, 2012.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>.

Dated: November 29, 2011.

Final Results of Expedited Sunset Review of Antidumping Duty Orders: Lined Paper Products From India, Indonesia, and the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* December 6, 2011.

SUMMARY: On August 1, 2011, the Department of Commerce (“the Department”) initiated a sunset review of the antidumping duty (“AD”) orders on lined paper products (“CLPP”) from India, Indonesia, and the People's Republic of China (“PRC”) pursuant to section 751(c) of the Tariff Act of 1930, as amended (“the Act”). *See Initiation of Five-Year (“Sunset”) Review*, 76 FR 45778 (August 1, 2011). On the basis of a notice of intent to participate and an adequate substantive response filed on behalf of domestic interested parties and an inadequate response (in this case, no response) from respondent interested parties in each of these reviews, the Department decided to conduct expedited sunset reviews of these AD orders pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(A). As a result of these reviews, the Department finds that revocation of the antidumping duty orders would likely lead to a continuation or recurrence of dumping at the margins identified in the “Final Results of Review” section of this notice.

FOR FURTHER INFORMATION CONTACT:

George McMahon, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482–1167.

SUPPLEMENTARY INFORMATION:

Background

On August 1, 2011, the Department initiated sunset reviews of the AD orders on CLPP from India, Indonesia, and the PRC pursuant to section 751(c) of the Act. *See Initiation of Five-Year (“Sunset”) Reviews*, 76 FR 45778 (August 1, 2011). The Department received a notice of intent to participate in each of these reviews from the Association of American School Paper Suppliers (“AASPS”) and its individual members—MWV Consumer & Office Products (“MWV”), Norcom, Inc., and

TopFlight, Inc. (collectively, “petitioners”), within the deadline specified in 19 CFR 351.218(d)(1)(i). The petitioners claimed interested party status for each of these reviews under section 771(9)(C) of the Act, as domestic producers of CLPP.

The Department received a complete substantive response from the petitioners for each of these reviews within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). However, the Department did not receive a substantive response from any respondent interested party to either of these proceedings. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted expedited reviews of these AD orders.

Scope of the Orders

The scope of these orders includes certain lined paper products, typically school supplies,¹ composed of or including paper that incorporates straight horizontal and/or vertical lines on ten or more paper sheets,² including but not limited to such products as single- and multi-subject notebooks, composition books, wireless notebooks, looseleaf or glued filler paper, graph paper, and laboratory notebooks, and with the smaller dimension of the paper measuring 6 inches to 15 inches (inclusive) and the larger dimension of the paper measuring 8¾ inches to 15 inches (inclusive). Page dimensions are measured size (not advertised, stated, or “tear-out” size), and are measured as they appear in the product (*i.e.*, stitched and folded pages in a notebook are measured by the size of the page as it appears in the notebook page, not the size of the unfolded paper). However, for measurement purposes, pages with tapered or rounded edges shall be measured at their longest and widest points. Subject lined paper products may be loose, packaged or bound using any binding method (other than case bound through the inclusion of binders board, a spine strip, and cover wrap). Subject merchandise may or may not contain any combination of a front cover, a rear cover, and/or backing of any composition, regardless of the inclusion of images or graphics on the cover, backing, or paper. Subject merchandise is within the scope of these orders whether or not the lined paper and/or cover are hole punched, drilled, perforated, and/or reinforced.

¹ For purposes of this scope definition, the actual use or labeling of these products as school supplies or non-school supplies is not a defining characteristic.

² There shall be no minimum page requirement for looseleaf filler paper.
