

provided a list of qualifying marginal Federal oil and gas properties to states that received a portion of Federal royalties. Each state then decided whether to participate in one or both relief options. For calendar year 2012, this notice provides the decisions by the affected states to allow one or both types of relief.

DATES: Effective January 1, 2012.

SUPPLEMENTARY INFORMATION: The regulations, codified at 30 CFR part 1204, subpart C, implement certain provisions of section 7 of the Federal Oil and Gas Royalty Simplification and Fairness Act of 1996 (RSFA) (30 U.S.C. 1726) and provide two options for relief: (1) Notification-based relief for annual reporting; and (2) other requested relief, as proposed by industry and approved by ONRR and the affected state. The regulations require ONRR to publish a list of the states and their decisions regarding marginal property relief by December 1 of each year.

To qualify for the first relief option (notification-based relief) for calendar year 2012, properties must have produced less than 1,000 barrels-of-oil-

equivalent (BOE) per year for the base period (July 1, 2010, through June 30, 2011). Annual reporting relief will begin January 1, 2012, with the annual report and payment due February 28, 2013; or March 31, 2013, if you have an estimated payment on file. To qualify for the second relief option (other requested relief), the combined equivalent production of the marginal properties during the base period must equal an average daily well production of less than 15 BOE per well per day calculated under 30 CFR 1204.4(c).

The following table shows the states that have qualifying marginal properties and the states' decisions to allow one or both forms of relief.

Federal oil and gas properties located in all other states where ONRR does not share a portion of Federal royalties with the state are eligible for relief if they qualify as marginal under the regulations. See section 117(c) of RSFA (30 U.S.C. 1726(c)).
