

PENSION BENEFIT GUARANTY CORPORATION**29 CFR Parts 4022 and 4044****Allocation of Assets in Single-Employer Plans; Benefits Payable in Terminated Single-Employer Plans; Interest Assumptions for Valuing and Paying Benefits****AGENCY:** Pension Benefit Guaranty Corporation.**ACTION:** Final rule.

SUMMARY: This final rule amends the Pension Benefit Guaranty Corporation's regulations on Benefits Payable in Terminated Single-Employer Plans and Allocation of Assets in Single-Employer Plans to prescribe interest assumptions under the benefit payments regulation for valuation dates in January 2012 and interest assumptions under the asset allocation regulation for valuation dates in the first quarter of 2012. The interest assumptions are used for valuing and paying benefits under terminating single-employer plans covered by the pension insurance system administered by PBGC.

DATES: Effective January 1, 2012.**FOR FURTHER INFORMATION CONTACT:**

Klion (*Klion.Catherine@PBGC.gov*), Manager, Regulatory and Policy Division, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005, (202) 326-4024. SUPPLEMENTARY INFORMATION: PBGC's regulations on Allocation of Assets in Single-Employer Plans (29 CFR Part 4044) and Benefits Payable in Terminated Single-Employer Plans (29 CFR Part 4022) prescribe actuarial assumptions—including interest assumptions—for valuing and paying plan benefits under terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974. The interest assumptions in the regulations are also

published on PBGC's Web site (*http://www.pbgc.gov*).

The interest assumptions in Appendix B to Part 4044 are used to value benefits for allocation purposes under ERISA section 4044. PBGC uses the interest assumptions in Appendix B to Part 4022 to determine whether a benefit is payable as a lump sum and to determine the amount to pay. Appendix C to Part 4022 contains interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using PBGC's historical methodology. Currently, the rates in Appendices B and C of the benefit payment regulation are the same.

The interest assumptions are intended to reflect current conditions in the financial and annuity markets. Assumptions under the asset allocation regulation are updated quarterly; assumptions under the benefit payments regulation are updated monthly. This final rule updates the benefit payments interest assumptions for January 2012 and updates the asset allocation interest assumptions for the first quarter (January through March) of 2012.

The first quarter 2012 interest assumptions under the allocation regulation will be 3.74 percent for the first 20 years following the valuation date and 3.70 percent thereafter. In comparison with the interest assumptions in effect for the fourth quarter of 2011, these interest assumptions represent no change in the select period (the period during which the select rate (the initial rate) applies), a decrease of 0.33 percent in the select rate, and a decrease of 0.58 percent in the ultimate rate (the final rate).

The January 2012 interest assumptions under the benefit payments regulation will be 1.25 percent for the period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit's placement in pay status. In comparison with the interest assumptions in effect for December 2011, these interest assumptions represent a decrease of 0.25 percent in the immediate annuity rate and are otherwise unchanged.

PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect current market conditions as accurately as possible.

Because of the need to provide immediate guidance for the valuation and payment of benefits under plans with valuation dates during January 2012, PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).

33 CFR Part 165

[Docket No. USCG–2011–1087]

RIN 1625–AA00

Safety Zone; Upper Mississippi River, Mile 389.4 to 403.1

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for all waters of the Upper Mississippi River, from Mile 389.4 to 403.1, extending the entire width of the river located on the Iowa and Illinois border. This safety zone is needed to protect bridge span movement operations on the Upper Mississippi River. Entry into this zone is prohibited unless specifically authorized by the Captain of the Port Upper Mississippi River or a designated representative.

DATES: *Effective Date:* this rule is effective in the CFR from December 15, 2011 until 7 p.m. CST on December 21, 2011. This rule is effective with actual notice for purposes of enforcement beginning 7 a.m. on November 22, 2011.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG–2011–1087 and are available online by going to <http://www.regulations.gov>, selecting the Advanced Docket Search option on the right side of the screen, inserting USCG–2011–1087 in the Docket ID box, pressing Enter, and then clicking on the item in the Docket ID column. SUPPLEMENTARY INFORMATION:

Regulatory Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not using the NPRM process. The Coast Guard received notice that bridge span movement operations would take place on November 22, 2011. This short notice did not allow for the time needed to publish a NPRM and provide for a comment period. The Coast Guard determined that a safety zone is necessary to protect vessels and mariners from the hazards associated with transporting the bridge spans. Delaying this rule and the necessary protections by publishing a NPRM would be impracticable and would unnecessarily delay the bridge span operations. This rule is needed to protect vessels and mariners from the safety hazards associated with transporting bridge spans in the vicinity of Mile 389.4 to 403.1 on the Upper Mississippi River.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for
