

regard, the fees charged and rebates offered by NASDAQ for routing orders to PSX are reasonable and equitable, in that the decision to use NASDAQ as a router is entirely voluntarily, and members can avail themselves of numerous other means of directing orders to PSX, including becoming members of PHLX or using any of a number of competitive routing services offered by other exchanges and brokers.

B. Self-Regulatory Organization's Statement on Burden on Competition

NASDAQ does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Because the market for order execution and routing is extremely competitive, members may readily opt to disfavor NASDAQ's execution and routing services if they believe that alternatives offer them better value. NASDAQ's reduction of Closing Cross fees is reflective of the need to ensure that fees are set at competitively viable levels, and its change to routing fees is necessary to reflect pricing changes at PSX.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.⁷ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NASDAQ-2011-017 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-NASDAQ-2011-017. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NASDAQ-2011-017 and should be submitted on or before March 8, 2011.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63875; File No. SR-Phlx-2010-183]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Order Granting Approval of Proposed Rule Change Expanding Its Short Term Option Program

February 9, 2011.

I. Introduction

On December 15, 2010, NASDAQ OMX PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to expand the Short Term Option Program ("Program") to allow the Exchange to select up to 15 option classes on which Short Term Option Series may be listed. The proposed rule change was published for comment in the **Federal Register** on December 28, 2010.³ The Commission received no comment letters on the proposal. This order approves the proposed rule change.

II. Description of the Proposal

Currently, Rule 1101A(b)(vi)(A) and Commentary .11(a) to Rule 1012 permit the Exchange to open for trading on any Thursday or Friday that is a business day series of options on no more than five option classes that expire on the Friday of the following business week that is a business day. The Exchange has proposed to increase from five to 15 the number of option classes that may be opened pursuant to the Program.

In its filing, the Exchange stated that, because of the five-class limit imposed by the Program, on numerous occasions it has had to eliminate option classes from the Program in order to select new classes, even though demand remained for the eliminated classes. The Exchange noted that it believes an expansion of the current Program would allow the Exchange to better meet customer demand for short-term option classes.

Phlx stated that it has analyzed its capacity and represented that it believes that it and the Options Price Reporting Authority ("OPRA") have the necessary systems capacity to handle the potential additional traffic associated with trading of an expanded number of classes in the Program.

⁷ 15 U.S.C. 78s(b)(3)(a)(ii).

⁸ 17 CFR 200.30-3(a)(12).

Finally the Exchange submitted a report to the Commission providing an analysis of the Program (the "Report"). The Report covered the period from the date of effectiveness of the Program through November 2010, and described the experience of the Exchange with the Program in respect of the options classes included by the Exchange in the Program.⁴ The Report was submitted on a confidential basis under separate cover.

III. Discussion

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁵ Specifically, the Commission finds that the proposal is consistent with Section 6(b)(5) of the Act,⁶ which requires, among other things, that the rules of a national securities exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Commission believes that the proposal strikes a reasonable balance between the Exchange's desire to offer a wider array of investment opportunities and the need to avoid unnecessary proliferation of options series. The Commission expects the Exchange to monitor the trading volume associated with the additional options series listed as a result of this proposal and the effect of these additional series on market fragmentation and on the capacity of the Exchange's, OPRA's, and vendors' automated systems.

In approving this proposal, the Commission notes that Exchange has represented that it believes the Exchange and OPRA have the necessary

systems capacity to handle the potential additional traffic associated with trading of an expanded number of classes in the Program.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁷ that the proposed rule change (SR-Phlx-2010-183) be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁸

Deputy Secretary.

[Release No. 34-63877; File No. SR-CBOE-2011-012]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Expand the Short Term Option Series Program

February 9, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on January 31, 2011, the Chicago Board Options Exchange, Incorporated ("CBOE" or the "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CBOE proposes to amend Rules 5.5 and 24.9 to expand the Exchange's Short Term Option Series Program ("Weekly Program") so that the Exchange may select fifteen option classes on which Weekly options may be opened. The text of the rule proposal is available on

the Exchange's Web site (<http://www.cboe.org/legal>), at the Exchange's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is to amend Rules 5.5 and 24.9 to expand the Weekly Program so that the Exchange may select fifteen option classes on which Weekly options may be opened.⁵

The Weekly Program is codified in Rule 5.5 and 24.9. These rules provide that after an option class has been approved for listing and trading on the Exchange, the Exchange may open for trading on any Thursday or Friday that is a business day series of options on no more than five option classes that expire on the Friday of the following business week that is a business day. In addition to the five-option class limitation, there is also a limitation that no more than twenty series for each expiration date in those classes that may be opened for trading.⁶ Furthermore, the strike price of

⁵ On July 12, 2005, the Commission approved the Weekly Program on a pilot basis. See Securities Exchange Act Release No. 52011 (July 12, 2005), 70 FR 41451 (July 19, 2005) (SR-CBOE-2004-63). The Weekly Program was made permanent on April 27, 2009. See Securities Exchange Act Release No. 59824 (April 27, 2009), 74 FR 20518 (May 4, 2009) (SR-CBOE-2009-018).

⁶ However, if the Exchange opens less than twenty (20) Weekly options for a Weekly Option Expiration Date, additional series may be opened for trading on the Exchange when the Exchange deems it necessary to maintain an orderly market, to meet customer demand or when the market price of the underlying security moves substantially from the exercise price or prices of the series already opened. Any additional strike prices listed by the Exchange shall be within thirty percent (30%) above or below the current price of the underlying security. The Exchange may also open additional strike prices of Weekly Option Series that are more than 30% above or below the current price of the underlying security provided that demonstrated customer interest exists for such series, as

⁴ The Report included the following: (1) Data and written analysis on the open interest and trading volume in the classes for which Short Term Option Series were opened; (2) an assessment of the appropriateness of the option classes selected for the Program; (3) an assessment of the impact of the Program on the capacity of the Exchange, OPRA, and market data vendors (to the extent data from market data vendors are available); (4) any capacity problems or other problems that arose during the operation of the Program and how the Exchange addressed such problems; (5) any complaints that the Exchange received during the operation of the Program and how the Exchange addressed them; and (6) any additional information that would assist in assessing the operation of the Program.

⁵ In approving this proposed rule change, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).
