

## REGULATION M: DISCLOSURES—BURDEN HOURS—Continued

| Disclosures | Setup/monitoring |                                       |                                         | Transaction-related    |                                          |                                  |                      |
|-------------|------------------|---------------------------------------|-----------------------------------------|------------------------|------------------------------------------|----------------------------------|----------------------|
|             | Respondents      | Average burden per respondent (hours) | Total setup/monitoring burden (minutes) | Number of transactions | Average burden per transaction (minutes) | Total transaction burden (hours) | Total burden (hours) |
| Total ..... | .....            | .....                                 | .....                                   | .....                  | .....                                    | .....                            | 68,403               |

<sup>1</sup> This category focuses on consumer vehicle leases. Vehicle leases are subject to more lease disclosure requirements (pertaining to computation of payment obligations) than other lease transactions. (Only consumer leases for more than four months are covered.) See 15 U.S.C. 1667(1); 12 CFR § 1013.2(e)(1). Leases up to \$50,000 (plus an annual adjustment) are now covered, which increases the breadth of transactions subject to the FTC's jurisdiction under Regulation M. This increase, however, is more than offset by the FTC now sharing PRA burden with the CFPB, which thus yields a net decrease from past FTC estimates of the number of transactions.

<sup>2</sup> This category focuses on all types of consumer leases other than vehicle leases. It includes leases for computers, other electronics, small appliances, furniture, and other transactions. (Only consumer leases for more than four months are covered.) See 15 U.S.C. 1667(1); 12 CFR 1013.2(e)(1). The figures shown for respondents and transactions reflect a net decrease from prior FTC estimates, given current market conditions and the new PRA burden sharing with the CFPB while also recognizing that the CLA and Regulation M now cover leases up to \$50,000 (plus an annual adjustment).

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

[Document Identifier: OS-0990-new; 30-day notice]

### Agency Information Collection Request; 30-Day Public Comment Request

**AGENCY:** Office of the Secretary, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of a proposed collection for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions;

(2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, email your request, including your address, phone number, OMB number, and OS document identifier, to [Sherette.funncoleman@hhs.gov](mailto:Sherette.funncoleman@hhs.gov), or call the Reports Clearance Office on (202) 690-5683. Send written comments and recommendations for the proposed information collections within 30 days of this notice directly to the OS OMB Desk Officer; faxed to OMB at 202-395-5806.

**Proposed Project:** Evaluation of the Consumer Education Campaign "Make the Call—Don't Miss a Beat", OMB No. 0990-NEW—The Office on Women's Health (OWH).

**Abstract:** The "Make the Call. Don't Miss a Beat" campaign is a national Public Service Announcement (PSA) campaign that aims to educate, engage and empower women and their families to learn the seven most common symptoms of a heart attack and to call 911 as soon as those symptoms arise. The campaign launched in February, 2011 and includes TV, radio, print and social media PSA. This study will collect information on awareness of the "Make the Call—Don't Miss a Beat" campaign, knowledge about heart disease, and likelihood of calling 911 as the first response to the symptoms of a heart attack. These questions will be added to an existing study conducted by the American Heart Association. Information will be collected through the use of a probability sample, Random Digit Dial telephone survey. The respondent base will be surveyed only once, as this is a single-wave survey. The sampling plan is to include a minimum of 1200 women from the United States general population.

### ESTIMATED ANNUALIZED BURDEN TABLE

| Form                  | Type of respondent                       | Number of respondents | Number of responses per respondent | Average burden hours per response | Total burden hours |
|-----------------------|------------------------------------------|-----------------------|------------------------------------|-----------------------------------|--------------------|
| Screener .....        | General Population, Adult<br>Women, 25+. | 4,300                 | 1                                  | 2/60                              | 143                |
| Main instrument ..... | General Population, Adult<br>Women, 25+. | 1,200                 | 1                                  | 4/60                              | 80                 |
| Total .....           | .....                                    | .....                 | .....                              | .....                             | 223                |

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Meeting of the National Biodefense Science Board

**AGENCY:** Office of the Secretary, Department of Health and Human Services.

**ACTION:** Notice.

**SUMMARY:** As stipulated by the Federal Advisory Committee Act, the U.S. Department of Health and Human Services is hereby giving notice that the National Biodefense Science Board (NBSB) will be holding two closed sessions by teleconference under exemption 9(B) of the Government in Sunshine Act, 5 U.S.C. section 552b(c).

**DATES:** The March 29, 2012, and April 30, 2012, NBSB closed sessions by teleconference are tentatively scheduled from 1 p.m. to 5 p.m. The agenda and time are subject to change as priorities dictate.

**ADDRESSES:** The closed sessions will occur by teleconference and will not be open to the public as stipulated under exemption 9(B) of the Government in Sunshine Act, 5 U.S.C. section 552b(c).

**FOR FURTHER INFORMATION CONTACT:** MacKenzie Robertson, Acting Executive Director, NBSB, Office of the Assistant Secretary for Preparedness and Response, U.S. Department of Health and Human Services; Email: [NBSB@HHS.GOV](mailto:NBSB@HHS.GOV).

**SUPPLEMENTARY INFORMATION:** Pursuant to section 319M of the Public Health Service Act (42 U.S.C. 247d-7f) and section 222 of the Public Health Service Act (42 U.S.C. 217a), the Department of Health and Human Services established the National Biodefense Science Board. The Board shall provide expert advice and guidance to the Secretary on scientific, technical, and other matters of special interest to the Department of Health and Human Services regarding current and future chemical, biological, nuclear, and radiological agents, whether naturally occurring, accidental, or deliberate. The Board may also provide advice and guidance to the Secretary and/or the Assistant Secretary for Preparedness and Response on other matters related to public health emergency preparedness and response.

*Background:* The Board is being asked to review and evaluate the 2012 Public

Health Emergency Medical Countermeasures Enterprise (PHEMCE) Strategy and Implementation Plan (SIP). Until a final document is approved by the Secretary of the Department of Health and Human Services (HHS), the development of PHEMCE SIP requires consideration and discussion of procurement-sensitive information that should not be released to the public prior to the Secretary's final decision. Premature public disclosure of the draft PHEMCE SIP would limit the Secretary's decision-making ability to effectively prioritize HHS expenditures on critical medical countermeasures. Therefore, the Board's deliberations on the new task will be conducted in closed sessions in accordance with provisions set forth under exemption 9(B) of the Government in Sunshine Act, 5 U.S.C. section 552b(c), and with approval by the Assistant Secretary for Preparedness and Response.

*Availability of Materials:* All public materials will be posted on the NBSB Web site at [www.phe.gov/nbsb](http://www.phe.gov/nbsb).

*Procedures for Providing Public Input:* All written comments should be sent by email to [NBSB@HHS.GOV](mailto:NBSB@HHS.GOV) with "NBSB Public Comment" as the subject line.

Dated: February 27, 2012.

**Nicole Lurie,**

*Assistant Secretary for Preparedness and Response.*

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Administration for Children and Families

#### Proposed Information Collection Activity; Comment Request

##### Proposed Projects

*Title:* National Child Abuse and Neglect Data System.

*OMB No:* 0980-0229.

*Description:* The Administration on Children, Youth and Families in the U.S. Department of Health and Human Services (HHS) established the National Child Abuse and Neglect Data System (NCANDS) to respond to the 1988 and 1992 amendments (Pub. L. 100-294 and Pub. L. 102-295) to the Child Abuse Prevention and Treatment Act (42 U.S.C. 5101 *et seq.*), which called for the creation of a coordinated national data collection and analysis program, both universal and case specific in scope, to examine standardized data on false, unfounded, or unsubstantiated reports.

In 1996, the Child Abuse Prevention and Treatment Act was amended by

Public Law 104-235 to require that any State receiving the Basic State Grant work with the Secretary of the Department of Health and Human Services (HHS) to provide specific data on child maltreatment, to the extent practicable. These provisions were retained in the 2010 reauthorization of CAPTA (Pub. L. 113-320).

Each State to which a grant is made under this section shall annually work with the Secretary to provide, to the maximum extent practicable, a report that includes the following:

1. The number of children who were reported to the State during the year as victims of child abuse or neglect.

2. Of the number of children described in paragraph (1), the number with respect to whom such reports were—

- A. substantiated;
- B. unsubstantiated; or
- C. determined to be false.

3. Of the number of children described in paragraph (2)—

A. the number that did not receive services during the year under the State program funded under this section or an equivalent State program;

B. the number that received services during the year under the State program funded under this section or an equivalent State program; and

C. the number that were removed from their families during the year by disposition of the case.

4. The number of families that received preventive services, including use of differential response, from the State during the year.

5. The number of deaths in the State during the year resulting from child abuse or neglect.

6. Of the number of children described in paragraph (5), the number of such children who were in foster care.

7.A. The number of child protective service personnel responsible for the—  
i. intake of reports filed in the previous year;

- ii. screening of such reports;
- iii. assessment of such reports; and
- iv. investigation of such reports.

B. The average caseload for the workers described in subparagraph (A).

8. The agency response time with respect to each such report with respect to initial investigation of reports of child abuse or neglect.

9. The response time with respect to the provision of services to families and children where an allegation of child abuse or neglect has been made.

10. For child protective service personnel responsible for intake, screening, assessment, and investigation of child abuse and neglect reports in the State—
