Funding for the Conservation Loan Program; Farm Loan Programs

AGENCY: Farm Service Agency, USDA.

ACTION: Notice.

SUMMARY: This notice announces that the Farm Service Agency (FSA) now has funding for and is accepting guaranteed loan applications for the Conservation Loan (CL) Program. Due to a lack of program funding for direct CLs, direct loan applications are not being accepted at this time.

FOR FURTHER INFORMATION CONTACT:

Connie Holman; telephone: (202) 690-0756. Persons with disabilities who require alternative means for communication (Braille, large print, audio tape, etc.) should contact the USDA Target Center at (202) 720-2600 (voice and TDD).

SUPPLEMENTARY INFORMATION: On May 13, 2011, FSA published a notice in the **Federal Register** (76 FR 27986) announcing that FSA was no longer accepting direct or guaranteed loan applications for the CL Program because of a lack of funding.

On November 18, 2011, FSA received an appropriation to fund guaranteed CLs under the Consolidated and Further

Continuing Appropriations Act, 2012 (Pub. L. 112-55). Therefore, FSA has resumed accepting guaranteed loan applications for the CL Program.

FSA is not accepting direct CL applications as no new funding has been appropriated at this time. Conservation projects may still be funded through FSA's direct Farm Ownership and Farm Loan Operating programs for eligible applicants who do not qualify for the Guaranteed CL Program.

Potential guaranteed loan applicants should contact a lender. Potential direct loan applicants should contact their FSA state or county office; office locations can be found at <http://www.fsa.usda.gov>.

Title: Advance of Loan Funds and Budgetary Control and Other Related Burdens.

OMB Control Number: 0572-0015.

Type of Request: Extension of a currently approved collection.

Abstract: This collection is necessary to comply with the applicable provisions of the RUS loan contract. Borrowers submit requisitions to RUS for funds for project costs incurred. Insured loan funds will be advanced only for projects which are included in the RUS approved borrower's construction workplan or approved amendment and in an approved loan, as amended. The process of loan advances establishes the beginning of the audit trail of the use of loan funds which is required for subsequent RUS compliance audits.

The RUS Form 595 is used as a requisition for advances of funds. The form helps to assure that loan funds are advanced only for the budget purposes and amount approved by RUS. According to the applicable provisions of the RUS loan contract, borrowers must certify with each request for funds to be approved for advance, which such funds are for projects previously approved.

When a prospective borrower requests and is granted an RUS loan, a loan contract is established between the Federal government, acting through the RUS Administrator, and the borrower. At the time this contract is entered into, the borrower must provide RUS with a list of projects for which loan funds will be spent, along with an itemized list of the estimated costs of these projects. Thus, the borrower receives a loan based upon estimated cost figures.

RUS Form 219, Inventory of Work Orders, is one of the documents the borrower submits to RUS to support actual expenditures and an advance of loan funds. The form also serves as a connecting link and provides an audit trail that originates with the advance of funds and terminates with evidence supporting the propriety of expenditures for construction or retirement projects.

Respondents: Not-for-profit institutions; Business or other for profit.
Estimated Number of Respondents: 650.

Estimated Number of Responses per Respondent: 15.42.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Permits for Incidental Taking of Endangered or Threatened Species.

OMB Control Number: 0648-0230.

Form Number(s): NA.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 13.

Average Hours per Response: Permit applications, 80 hours; annual reports, 8 hours; permit transfers, 40 hours.

Burden Hours: 472.

Needs and Uses: This request is for an extension of a currently approved information collection.

The Endangered Species Act of 1973 (ESA; 16 U.S.C. 1531 et. seq.) imposed prohibitions against the taking of endangered species. In 1982, Congress revised the ESA to allow permits authorizing the taking of endangered species incidental to otherwise lawful activities. The corresponding regulations (50 CFR 222.222) established procedures for persons to apply for such a permit. In addition, the regulations set forth specific reporting requirements for such permit holders.

The regulations contain three sets of information collections: (1) Applications

for incidental take permits, (2) applications for certificates of inclusion, and (3) reporting requirements for permits issued. Certificates of inclusion are only required if a general permit is issued to a representative of a group of potential permit applicants, rather than requiring each entity to apply for and receive a permit.

The required information is used to evaluate the impacts of the proposed activity on endangered species, to make the determinations required by the ESA prior to issuing a permit, and to establish appropriate permit conditions.

When a species is listed as threatened, section 4(d) of the ESA requires the Secretary to issue whatever regulations are deemed necessary or advisable to provide for conservation of the species. In many cases those regulations reflect blanket application of the section 9 take prohibition. However, the National Marine Fisheries Service (NMFS) recognizes certain exceptions to that prohibition, including habitat restoration actions taken in accord with approved state watershed action plans. While watershed plans are prepared for other purposes in coordination with or fulfillment of various state programs, a watershed group wishing to take advantage of the exception for restoration activities (rather than obtaining a section 10 permit) would have to submit the plan for NMFS review.

Affected Public: Not-for-profit institutions; state, local or tribal government.

Frequency: Annually and on occasion.

Respondent's Obligation: Required to obtain or retain benefits.

OMB Desk Officer:
OIRA_Submission@omb.eop.gov.

Copies of the above information collection proposal can be obtained by calling or writing Jennifer Jessup, Departmental Paperwork Clearance Officer, (202) 482-0336, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at JJessup@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov.
