

microphones (8518.30), and hands-free speaker kits (8518.90). Duty rates for the imported components range from free to 20%. T/IM authority could be granted for a period of up to two years.

FTZ procedures could exempt Brightpoint from customs duty payments on the foreign components used in export production. The company anticipates that up to 10 percent of the plant's shipments could be exported. On its domestic sales, Brightpoint would be able to choose the duty rates during customs entry procedures that apply to cell phone kits (duty free) for the foreign inputs noted above.

In accordance with the Board's regulations, Christopher Kemp of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations pursuant to Board Orders 1347 and 1480.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the following address: Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 2111, 1401 Constitution Ave. NW., Washington, DC 20230. The closing period for their receipt is April 9, 2012.

Brightwood has also submitted a request to the FTZ Board for FTZ manufacturing authority beyond a two-year period, which may include additional products and components. It should be noted that the request for extended authority would be docketed separately and would be processed as a distinct proceeding. Any party wishing to submit comments for consideration regarding the request for extended authority would need to submit such comments pursuant to the separate notice that would be published for that request.

A copy of the application will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at the address listed above, and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz. For further information, contact Christopher Kemp at Christopher.Kemp@trade.gov or (202) 482-0862.

Dated: March 2, 2012.

Andrew McGilvray,
Executive Secretary.

Continuation of Suspended Antidumping Duty Investigation: Uranium From the Russian Federation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determination by the Department of Commerce ("the Department") that termination of the Agreement Suspending the Antidumping Investigation on Uranium from the Russian Federation ("Suspension Agreement") would likely lead to continuation or recurrence of dumping and the determination by the International Trade Commission ("ITC") that termination of the suspended antidumping duty investigation on uranium from the Russian Federation ("Russia") would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time, the Department is publishing this notice of continuation of the Suspension Agreement on uranium from Russia.

DATES: *Effective Date:* March 8, 2012.

FOR FURTHER INFORMATION CONTACT: Maureen Price or Sally Gannon, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482-4271 or (202) 482-0162, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 1, 2011, the ITC instituted, and the Department initiated, a sunset review of the Suspension Agreement, pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). See *ITC Investigation Nos. 731-TA-539-C (Third Review)*, *Uranium from Russia* Russia; Institution of a Five-Year Review Concerning the Suspended Investigation on Uranium From Russia, 76 FR 38694 (July 1, 2011) and *Initiation of Five-year (Sunset) Reviews*, 76 FR 38613 (July 1, 2011). As a result of its review, pursuant to sections 751(c) and 752 of the Act, the Department determined that termination of the Suspension Agreement would likely lead to a continuation or recurrence of dumping and notified the ITC of the magnitude of the margin likely to prevail should the Suspension Agreement be terminated. See *Uranium From the Russian Federation; Final*

Results of Expedited Sunset Review of the Suspension, 76 FR 68404 (November 4, 2011).

On March 2, 2012, pursuant to section 751(c) of the Act, the ITC published its determination that termination of the suspended investigation on uranium from the Russian Federation would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. See *Uranium from Russia*, 77 FR 12880 (March 2, 2012) and USITC Publication 4307 (February 2012), entitled "*Uranium From Russia*, Investigation No. 731-TA-539-C (Third Review)". Therefore, pursuant to Section 351.218(f)(4) of the Department's regulations, the Department is publishing this notice of the continuation of the Suspension Agreement.

Scope

The merchandise covered by this Suspension Agreement (Section III, "Product Coverage") includes the following products from Russia: Natural uranium in the form of uranium ores and concentrates; natural uranium metal and natural uranium compounds; alloys, dispersions (including cermets), ceramic products, and mixtures containing natural uranium or natural uranium compounds; uranium enriched in U235 and its compounds; alloys, dispersions (including cermets), ceramic products, and mixtures containing uranium enriched in U235 or compounds of uranium enriched in U235; and any other forms of uranium within the same class or kind. Uranium ore from Russia that is milled into U3O8 and/or converted into UF6 in another country prior to direct and/or indirect importation into the United States is considered uranium from Russia and is subject to the terms of this Suspension Agreement. For purposes of this Suspension Agreement, uranium enriched in U235 or compounds of uranium enriched in U235 in Russia are covered by this Suspension Agreement, regardless of their subsequent modification or blending. Uranium enriched in U235 in another country prior to direct and/or indirect importation into the United States is not considered uranium from Russia and is not subject to the terms of this Suspension Agreement.

Continuation

As a result of the determinations by the Department and the ITC that termination of the suspended investigation would be likely to lead to continuation or recurrence, respectively,

of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the Suspension Agreement. The effective date of continuation will be the date of publication in the **Federal Register** of this Continuation Notice. Pursuant to sections 751(c)(2) of the Act, the Department intends to initiate the next five-year sunset review of this Suspension Agreement not later than February 2017.

This five-year (sunset) review and notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act.

Dated: March 2, 2012.

Ronald K. Lorentzen,
Acting Assistant Secretary for Import Administration.

Steel Wire Garment Hangers From the Socialist Republic of Vietnam: Notice of Postponement of Preliminary Determination in the Countervailing Duty Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* March 8, 2012.

FOR FURTHER INFORMATION CONTACT: John Conniff, AD/CVD Operations, Office 3, Import Administration, U.S. Department of Commerce, Room 4014, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: 202-482-1009.

SUPPLEMENTARY INFORMATION:

Background

On January 18, 2012, the Department of Commerce (the Department) initiated the countervailing duty investigation of steel wire garment hangers from the Socialist Republic of Vietnam. *See Steel Wire Garment Hangers from the Socialist Republic of Vietnam: Initiation of Countervailing Duty Investigation*, 77 FR 3737 (January 25, 2012). Currently, the preliminary determination is due no later than March 23, 2012.

Postponement of Due Date for Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the preliminary

determination in a countervailing duty investigation within 65 days after the date on which the Department initiated the investigation. However, if the Department concludes that the parties concerned in the investigation are cooperating and determines that the investigation is extraordinarily complicated, section 703(c)(1)(B) of the Act allows the Department to postpone making the preliminary determination until no later than 130 days after the date on which the administering authority initiated the investigation.

The Department has determined that the parties involved in the proceeding are cooperating and that the investigation is extraordinarily complicated. *See* section 703(c)(1)(B) of the Act. Specifically, the Department is currently investigating alleged subsidy programs involving loans, grants, income tax incentives, and the provision of goods or services for less than adequate remuneration. Due to the number and complexity of the alleged countervailable subsidy practices being investigated, it is not practicable to complete the preliminary determination of this investigation within the original time limit (*i.e.*, by March 23, 2012). Therefore, in accordance with section 703(c)(1)(B) of the Act, we are fully extending the due date for the preliminary determination to no later than 130 days after the day on which the investigation was initiated.

However, as that date falls on a Sunday (*i.e.*, May 27, 2012) and is followed by a federal holiday on Monday, May 28, 2012, the deadline for completion of the preliminary determination is now Tuesday, May 29, 2012, the next business day.

This notice is issued and published pursuant to section 703(c)(2) of the Act.

Dated: March 2, 2012.

Ronald K. Lorentzen,
Acting Assistant Secretary for Import Administration.

Stainless Steel Butt-Weld Pipe Fittings From Italy, Malaysia, and the Philippines: Final Results of the Expedited Second Five-Year ("Sunset") Reviews of Antidumping Duty Orders

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On November 1, 2011, the Department of Commerce (the Department) initiated sunset reviews of the antidumping duty orders on stainless steel butt-weld pipe fittings (butt-weld pipe fittings) from Italy, Malaysia, and the Philippines pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).¹ On the basis of notices of intent to participate and adequate substantive responses filed on behalf of domestic interested parties, and no adequate response from respondent interested parties, the Department conducted expedited (120-day) sunset reviews of these antidumping duty orders. As a result of these sunset reviews, the Department finds that revocation of the antidumping duty orders would be likely to lead to continuation or recurrence of dumping at the levels identified below in the "Final Results of Sunset Reviews" section of this notice.

DATES: *Effective Date:* March 8, 2012.

FOR FURTHER INFORMATION CONTACT: Dena Crossland or Angelica Mendoza, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3362 or (202) 482-3019, respectively.

SUPPLEMENTARY INFORMATION:

Background

On November 1, 2011, the Department initiated the second sunset reviews of the antidumping duty orders on butt-weld pipe fittings from Italy, Malaysia, and the Philippines pursuant to section 751(c) of the Act. *See Initiation Notice.* On November 16, 2011, the Department received notices of intent to participate from four domestic interested parties, Core Pipe Products, Inc. (formerly Gerlin, Inc.), Ezeflow USA Inc.—Flowline Division (formerly Flowline Division of Markovitz Enterprises, Inc.), Shaw Alloy Piping Products, Inc., and Taylor Forge Stainless, Inc. (collectively, domestic interested parties), within the deadline specified in section 351.218(d)(1)(i) of the Department's regulations. Domestic interested parties claimed interested party status under section 771(9)(C) of the Act as U.S. producers of a domestic like product.

On December 1, 2011, we received an adequate substantive response from domestic interested parties within the 30-day deadline specified in section 351.218(d)(3)(i) of the Department's

¹ *See Initiation of Five-Year ("Sunset") Review*, 76 FR 67412 (November 1, 2011) (*Initiation Notice*).
