The FMCSA requests approval to revise an ICR entitled, “Designation of Agents, Motor Carriers, Brokers and Freight Forwarders (OMB Control Number 2126–0015),” which is used to provide registered motor carriers, property brokers, and freight forwarders a means of meeting the Agency’s process agent requirements.

On November 29, 2011, FMCSA published a **Federal Register** notice allowing for a 60-day comment period on the ICR. The Agency did not receive any comments on the notice.

DATES: Please send your comments by April 13, 2012. OMB must receive your comments by this date in order to act quickly on the ICR.

SUPPLEMENTARY INFORMATION:

Title: Designation of Agents, Motor Carriers, Brokers and Freight Forwarders.

OMB Control Number: 2126–0015.

Type of Request: Revision of a currently-approved information collection.

Respondents: Motor carriers, freight forwarders and brokers.

Estimated Number of Respondents: 35,000.

Estimated Time per Response: 10 minutes.

Expiration Date: May 31, 2012.

Frequency of Response: Form BOC–3 must be filed by all for-hire motor carriers, freight forwarders and brokers when the transportation entity first registers with the FMCSA. All brokers shall make a designation for each State in which it has an office or in which contracts are written. Subsequent filings are made only if the motor carrier, broker or freight forwarder changes their process agent designations.

Estimated Total Annual Burden: 5,833 hours [35,000 Form BOC–3 filings per year × 10 minutes/60 minutes to complete form = 5,833 hours].

Background: The Secretary of Transportation (Secretary) is authorized to register for-hire motor carriers of regulated commodities under the provisions of 49 U.S.C. 13902; freight forwarders under the provisions of 49 U.S.C. 13903; and property brokers under provisions of 49 U.S.C. 13904. These persons may conduct transportation services only if they are registered pursuant to 49 U.S.C. 13901. The Secretary has delegated authority pertaining to these registration requirements to the FMCSA pursuant to 49 CFR 1.73(a)(5).

Registered motor carriers (including private carriers), brokers and freight forwarders must designate an agent on whom service of notices in proceedings before the Secretary may be made (49 U.S.C. 13303). Registered motor carriers must also designate an agent for every State in which they operate and traverse in the United States during such operations, agents on whom process issued by a court may be served in actions brought against the registered transportation entity (49 U.S.C. 13304, 49 CFR 366.4). Every broker shall make a designation for each State in which its

offices are located or in which contracts are written (49 U.S.C. 13304, 49 CFR 366.4). Regulations governing the designation of process agents are found at 49 CFR part 366. While part 366 is silent regarding its applicability to freight forwarders, as noted above, they are also required by statute to designate process agents (see 49 U.S.C. 13303). These designations are filed with the FMCSA on Form BOC–3, “Designation of Agents for Service of Process.”

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FMCSA to perform its functions; (2) the accuracy of the estimated burden; (3) ways for FMCSA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized without reducing the quality of the collected information.

Issued on: March 5, 2012.

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption from the Federal Motor Carrier Safety Regulations for a 2-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be

achieved absent such exemption." FMCSA can renew exemptions at the end of each 2-year period. The seventeen individuals listed in this notice have each requested such an exemption from the vision requirement in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce. Accordingly, the Agency will evaluate the qualifications of each applicant to determine whether granting an exemption will achieve the required level of safety mandated by statute.

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[Docket No. RR 999 (Amendment No. 5)]

Released Rates of Motor Common Carriers of Household Goods

AGENCY: Surface Transportation Board.

ACTION: Notice of changes to rules protecting consumers during interstate household-goods moves.

SUMMARY: Notice is hereby given of recent Board decisions concerning interstate household-goods moves. In a decision served January 21, 2011 (January 2011 Decision), the Board implemented a Congressional directive to enhance consumer protection in the case of loss or damage that occurs during interstate household-goods moves.¹ The January 2011 Decision

required movers to provide certain information concerning the two available cargo-liability options² on the written estimate form—the first form that a moving company must give to a customer—and tentatively raised the dollar value levels used in reimbursing a consumer under the replacement-value option for lost or damaged goods when the consumer had not declared in advance how much the goods were worth. In a decision served on January 12, 2012 (January 2012 Decision), the Board, after reviewing comments filed in response to the January 2011 Decision, modified the requirement in the January 2011 Decision that certain information be put on the estimate form, and it adopted the raised value levels. In particular, the estimate form will now require a shorter notice to be conspicuously placed to notify the consumer early on that it will need to select a liability option at a later time. The brief notice must also refer a potential customer to two sources of further information on the two liability levels and their meaning. Furthermore, the Board will require that movers include the lengthier Valuation Statement³ on the bill of lading. In addition, the Board affirmed that the charges for full-value protection when the customer does not provide a declared value for a shipment will be the higher of \$6.00 per pound (which may be indexed annually) or \$6,000. The Board also clarified other aspects of the January 2011 Decision, including the application of these changes to household-goods freight forwarders. Finally, the Board established April 2, 2011, as the effective date for moving companies to comply with the changes outlined in the two decisions. These Board decisions are available on the Board's Web site at www.stb.dot.gov.

By decision served on March 9, 2012, the Board granted in part the request of the American Moving and Storage Association for a postponement of the effective date of the decisions. The January 2011 and January 2012 Decisions will become effective on May 15, 2012.

This decision will not significantly affect either the human environment or the conservation of energy resources.

the January Decision on January 31, 2011 (76 FR 5,431).

² Under one of those options, the consumer would be reimbursed for loss in the amount of 60 cents per pound. Under the other, reimbursement would be based on the replacement value of the goods shipped.

³ The Valuation Statement is a statement that a consumer hiring a moving company must sign either declaring a total value for the shipment or electing the alternative, per-pound basis on which recovery for any loss would be based.

Decided: March 8, 2012.

By the Board, Chairman Elliott, Vice Chairman Mulvey, and Commissioner Begeman.

Jeffrey Herzig,
Clearance Clerk.
