

concerns about agencies regarding matters outside the scope of the petition should report those concerns to Department staff. Only material submitted by the deadline to the email address listed in this notice, and in accordance with these instructions, become part of the official record concerning agencies scheduled for review and are considered by the Department and the NACIQI in their deliberations. Please do not send material directly to the NACIQI members.

Submission of Requests To Make An Oral Comment: There are two methods the public may use to make a third-party oral comment of three to five minutes concerning one of the agencies scheduled for review on June 25–26, 2012. Oral comments about agencies seeking continued recognition must relate to the criteria for the recognition of accrediting agencies or the Criteria and Procedures for Recognition of State Agencies for Approval of Public Postsecondary Vocational Education, as appropriate, which are available at: <http://www.ed.gov/admsn/finaid/accred/index.html>.

Method One: Submit a request by email to the accreditationcommittees@ed.gov mailbox. Please do not send material directly to NACIQI members. Requests must be received by April 16, 2012, and include the subject line “Oral Comment Request: re (agency name).” The email must include the name, title, affiliation, mailing address, email address, telephone and facsimile numbers and Web site (if any) of the person/group requesting to speak. All individuals or groups submitting an advance request in accordance with this notice will be afforded an opportunity to speak for a minimum of three minutes each. Each request must concern the recognition of a single agency or institution tentatively scheduled in this notice for review, be no more than one page (maximum), and must include:

1. The name, title, affiliation, mailing address, email address, telephone and facsimile numbers, and Web site (if any) of the person/group requesting to speak; and,

2. A brief summary of the principal points to be made during the oral presentation.

Method Two: Register at the meeting location on June 25 or June 26, 2012, to make an oral comment during the NACIQI’s deliberations concerning a particular agency or institution scheduled for review that day. The requestor must provide his or her name, title, affiliation, mailing address, email address, telephone and facsimile

numbers, and Web site (if any). A total of up to fifteen minutes during each agency review will be allotted for commenters who register on June 25 or June 26, 2012. Individuals or groups will be selected on a first-come, first-served basis. If selected, each commenter may speak from three to five minutes, depending on the number of individuals or groups who signed up the day of the meeting.

If a person or group requests to make comments in advance, they cannot also register for an oral presentation opportunity on June 25 or June 26, 2012. The oral comments made will become part of the official record and will be considered by the Department and NACIQI in their deliberations. Individuals and groups making oral presentations concerning scheduled agencies may not distribute written materials at the meeting.

Access to Records of the Meeting: The Department will post the official report of the meeting on the NACIQI Web site shortly after the meeting. Pursuant to the FACA, the public may also inspect the materials at 1990 K Street NW., Washington, DC, by emailing aslrecordsmanager@ed.gov or by calling (202) 219–7067 to schedule an appointment.

Reasonable Accommodations: The meeting site is accessible to individuals with disabilities. If you will need an auxiliary aid or service to participate in the meeting (e.g., interpreting service, assistive listening device, or materials in an alternate format), notify the contact person listed in this notice at least two weeks before the scheduled meeting date. Although we will attempt to meet a request received after that date, we may not be able to make available the requested auxiliary aid or service because of insufficient time to arrange it.

DEPARTMENT OF ENERGY

Proposed Agency Information Collection

AGENCY: U.S. Department of Energy, DoE.

ACTION: Notice and Request for Comments.

SUMMARY: The Department of Energy (DOE) invites public comment on a proposed collection of information that DOE is developing for submission to the Office of Management and Budget (OMB) pursuant to the Paperwork Reduction Act of 1995. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

The proposed collection would involve information for a scorecard that would assist DOE’s Clean Cities Coalitions and stakeholders in assessing the level of readiness of their communities for plug-in electric

vehicles. Information collected would allow DOE to provide respondents with an objective assessment of their communities' readiness for PEV adoption and an understanding of their commitment to successful deployment of PEVs, and is needed to ensure appropriate evaluation of progress in deploying PEVs.

DATES: Comments regarding this proposed information collection must be received on or before May 29, 2012. If you anticipate difficulty in submitting comments within that period, contact the person listed in **ADDRESSES** as soon as possible.

ADDRESSES: Written comments may be sent to Ms. Linda Bluestein, Office of Energy Efficiency and Renewable Energy (EE-2G), U.S. Department of Energy, 1000 Independence Avenue SW., Washington, DC 20585-0121, or by fax at 202-586-1600, or by email at Linda.Bluestein@ee.doe.gov.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Ms. Linda Bluestein, Office of Energy Efficiency and Renewable Energy (EE-2G), U.S. Department of Energy, 1000 Independence Avenue SW., Washington, DC 20585-0121, (202) 586-6116, Linda.Bluestein@ee.doe.gov.

SUPPLEMENTARY INFORMATION: This information collection request contains: (1) OMB No. New; (2) Information Collection Request Title: Clean Cities Plug-In Vehicle Community Readiness Scorecard; (3) Type of Request: New; (4) Purpose: DOE's Clean Cities initiative has developed a voluntary scorecard to assist its coalitions and stakeholders in assessing the level of readiness of their communities for plug-in electric vehicles. The principal objective of the scorecard is to provide respondents with an objective assessment and estimate of their respective community's readiness for PEV deployment as well as understand the respective community's commitment to deploying these vehicles successfully. DOE intends the scorecard to be completed by a city/county/regional sustainability or energy coordinator. As the intended respondent may not be aware of every aspect of local or regional PEV readiness, coordination among local stakeholders to gather appropriate information may be necessary.

The scorecard assessment effort will rely on responses to questions the respondent chooses to answer. The multiple-choice questions address the following topic areas: (1) Electric vehicle supply equipment permitting and inspection process; (2) PEV and

electric vehicle supply equipment availability and numbers; (3) laws, incentives, and financing; (4) education and outreach; (5) utility interaction; and (6) vehicle and infrastructure planning. Respondents will provide answers through a user-friendly online interface. The answers will then be translated through a simple algorithm that will establish appropriate quantitative criteria, translating the readiness measures across several weighted categories into numeric data. Using a numberless color spectrum, a community will be rated against itself, with the colored spectrum results made available only to the respondent community. The total rankings will be normalized into a "score", and communities will see their own rating and may be compared to other cities.

The scorecard will use one information collection system, an online system. No other data collection system will be employed to support the scorecard. The online scorecard system DOE has developed provides several advantages. First, it avoids the need to download any forms or materials, though respondents may print out the full list of questions and answers, or a portion thereof if they wish. Second, avoiding downloads also limits potential security threats. Third, the designed system allows respondents to dynamically compare historical records, providing the opportunity to revisit the scorecard however often they like to track progress. Further, employing an online system also eliminates version control concerns, allowing for a single update to ensure that all scorecard users are using the current version.

The voluntary scorecard may be completed at any time, and there is no date by which the scorecard questions must be completed. Calculation of outcomes will be undertaken on an ongoing basis, immediately following completion of the scorecard questionnaire.

While there are approximately 90 Clean Cities coalitions across the United States, DOE expects that other communities may want to avail themselves of the opportunity to assess their respective community's PEV readiness. Therefore, DOE expects a total respondent population of approximately 100 respondents. Selecting the multiple choice answers in completing a scorecard questionnaire is expected to take under 30 minutes, although additional time of no more than 20 hours may be needed to assemble information necessary to be able to answer the questions, leading to a total burden of approximately 2,050 hours in the first year. Assembling

information to update questionnaire answers in future years on a voluntary basis would be expected to take less time, on the order of 10 hours, as much of any necessary time and effort needed to research information would have been completed previously; (5) *Annual Estimated Number of Respondents*: 100; (6) *Annual Estimated Number of Total Responses*: 100; (7) *Annual Estimated Number of Burden Hours*: 2,050; (8) *Annual Estimated Reporting and Recordkeeping Cost Burden*: There is no cost associated with reporting and recordkeeping.

Statutory Authority: 42 U.S.C. Sec. 13233; 42 U.S.C. Sec. 13252(a)-(b); 42 U.S.C. 13255; 42 U.S.C. Sec. 7256.

Issued in Washington, DC, on March 22, 2012.

Henry C. Kelly,

Acting Assistant Secretary, Energy Efficiency and Renewable Energy.
