[Docket Nos. ER12-678-000, ER12-679-000]

#### Midwest Independent Transmission System Operator, Inc.; Notice of Technical Conference

By order dated March 30, 2012, in Docket Nos. ER12-678-000 and ER12-679-000, the Federal Energy Regulatory Commission (Commission) directed staff to convene a technical conference regarding proposals by the Midwest Independent Transmission System Operator, Inc. (MISO) regarding Revenue Sufficiency Guarantee (RSG) costs associated with resources committed for voltage or local reliability requirements (VLR costs).<sup>1</sup> In Docket No. ER12-678-000, MISO proposed to allocate a greater proportion of VLR costs to the load in the Local Balancing Authority Area benefitted by such commitments. In Docket No. ER12-679-000, MISO proposed a mechanism by which to mitigate the exercise of market power with regard to offers made to address VLR issues. In its order, the Commission accepted and suspended for five months both of MISO's filings, subject to the outcome of the technical conference and further Commission order.

Take notice that such conference will be held on May 15, 2012 at the Commission's headquarters at 888 First Street NE., Washington, DC 20426, beginning at 9 a.m. (EDT) in Room 3M-2A&B. The technical conference will be led by Commission staff.

The purpose of the technical conference is to discuss the issues raised by MISO's proposed VLR cost allocation methodology and mitigation mechanism. A subsequent notice detailing the topics to be discussed will be issued in advance of the conference. Following the conference, the parties will have an opportunity to file written comments that will be included in the formal record of the proceeding, which, together with the record developed to date, will form the basis for further Commission action.

### Imidacloprid, Methomyl, and Oxamyl; Cancellation Order for Amendments To Terminate Uses

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces EPA's order for amendments to terminate uses, voluntarily requested by registrants and accepted by the Agency, of products containing imidacloprid, methomyl, and oxamyl, pursuant to section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. This cancellation order follows a January 11, 2012 **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 2 of Unit II to voluntarily amend certain imidacloprid

pesticide registrations to terminate use on almonds, to voluntarily amend certain methomyl product registrations to delete use on grapes, and to voluntarily amend oxamyl product registrations to delete use on soybeans. These are not the last products containing imidacloprid, methomyl, or oxamyl registered for use in the United States. In the January 11, 2012 Notice, EPA indicated that it would issue an order implementing the amendments to terminate uses, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests. The Agency did not receive any comments on the notice. Further, the registrants did not withdraw their requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested amendments to terminate uses. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

**DATES:** The amendments are effective April 11, 2012.
