SUPPLEMENTARY INFORMATION:

Background: For-hire Class I motor carriers of passengers (including interstate and intrastate)¹ are required

¹ For purposes of the Financial & Operating Statistics (F&OS) program, passenger carriers are classified into the following two groups: (1) Class I carriers are those having average annual gross transportation operating revenues (including interstate and intrastate) of \$5 million or more from passenger motor carrier operations after applying the revenue deflator formula in the Note of section

to file Motor Carrier Quarterly and Annual Reports (Form MP-1) that provide financial and operating data (see 49 U.S.C. 14123; and implementing FMCSA regulations at 49 CFR part 369). The agency uses this information to assess the health of the industry and identify industry changes that may affect national transportation policy. The data also show company financial stability and traffic patterns. Motor carriers of passengers required to comply with the regulations are classified on the basis of their annual gross carrier operating revenues. Under the Financial & Operating Statistics (F&OS) program the FMCSA collects balance sheet and income statement data along with information on tonnage, mileage, employees, transportation equipment, and other related data.

The data and information collected is made publicly available as prescribed in 49 CFR part 369. The regulations were formerly administered by the Interstate Commerce Commission (ICC), the Interstate Commerce Act, 49 U.S.C. 11145, 49 U.S.C. 11343(d)(1) and the Bus Regulatory Act of 1982 and later transferred to the U.S. Department of Transportation on January 1, 1996, by the ICC Termination Act of 1995 (ICCTA) (Pub. L. 104-88, 109 Stat. 803 (Dec. 29, 1995)), now codified at 49 U.S.C. 14123. The Secretary of Transportation (Secretary) transferred the authority to administer the F&OS program to the former Bureau of Transportation Statistics on September 30, 1998 (63 FR 52192). Pursuant to this authority, the BTS, now part of the Research and Innovative Technology Administration (RITA), became the responsible DOT modal administration for implementing the F&OS program and requirements at 49 CFR part 1420. On September 29, 2004, the Secretary transferred the responsibility for the F&OS program from BTS, to FMCSA (69 FR 51009). On August 10, 2006 (71 FR 45740), the Secretary published a final rule that transferred and redesignated the motor carrier financial and statistical reporting regulations of BTS that were formerly located at chapter XI of title 49 CFR to FMCSA in 49 chapter III of title 49 CFR part 369.

1420.3; (2) Class II passenger carriers are those having average annual gross transportation operating revenues (including interstate and intrastate) of less than \$5 million from passenger motor carrier operations after applying the revenue deflator formula as shown in Note A of section 1420.3. Only Class I carriers of passengers are required to file Annual and Quarterly Report Form MP-1, but Class II passenger carriers must notify the agency when there is a change in their classification or their revenues exceed the Class II limit.

FMCSA plans to initiate a regulatory proceeding in the near future that will result in the elimination of two quarterly reporting requirements that are currently reported to OMB under the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520). These forms include: (1) Form QFR Quarterly for property carriers, authorized by OMB under information collection 2126-0033; and (2) the Class I passenger carrier financial quarterly survey (MP-1 Quarterly), authorized by OMB under information collection 2126-0031. The FMCSA does not have the statutory authority to eliminate the annual reporting requirements for property or passengers. FMCSA will be publishing a direct final rule that will include additional information, including the reduced paperwork burden, resulting from this future action.
