

Working Group with industry and government participation.

The GPS Satellite Simulator Working Group is open to any current manufacturer of GPS constellation satellite simulators who supply products to the Department of Defense. Please note that participants must possess a SECRET clearance to attend.

FOR FURTHER INFORMATION CONTACT: We request that you register for this event no later than 8 May 2012. Please send the registration to justin.deifel@losangeles.af.mil and wayne.urubio@losangeles.af.mil and provide your name, organization, telephone number, address and security clearance information.

Henry Williams Jr.,

Acting Air Force Federal Register Liaison Officer, DAF.

Department of the Army

Notice of Intent To Grant Exclusive Patent Licenses to TroCept Micro Ltd. L.L.C.

AGENCY: Department of the Army, DoD.

ACTION: Notice of intent.

SUMMARY: In compliance with 35 U.S.C. 209(e) and 37 CFR 404.7(a)(1)(i), the Department of the Army hereby gives notice of its intent to grant to TroCept Micro Ltd. L.L.C., a corporation having its principle place of business at 2711 Centerville Rd, Suite 400, Wilmington, DE 19808, exclusive licenses relative to the following U.S. Patents:

- 6,501,099; "Modified-anode gate turn-off thyristor;" December 31, 2002.
- 6,703,642; "Silicon carbide (SiC) gate turn-off (GTO) thyristor structure for higher turn-off gain and larger voltage blocking when in the off-state;" March 9, 2004.
- 6,734,462; "Silicon carbide (SiC) gate turn-off (GTO) thyristor structure for higher turn-off gain and larger voltage blocking when in the off-state;" February 8, 2000.
- 6,759,683; "Formulation and fabrication of an improved Ni based composite Ohmic contact to n-SiC for high temperature and high power device applications;" July 6, 2004.
- 6,900,477; "Processing technique to improve the turn-off gain of a silicon carbide gate turn-off thyristor and an article of manufacture;" May 31, 2005.
- 7,297,626; "Process for nickel silicide Ohmic contacts to n-SiC;" November 20, 2007.

- 7,304,363; "Interacting current spreader and junction extender to increase the voltage blocked in the off state of a high power semiconductor device;" December 4, 2007.

- 7,851,274; "Processing technique to improve the turn-off gain of a silicon carbide gate turn-off thyristor;" December 14, 2010.

DATES: The prospective exclusive licenses may be granted unless within fifteen (15) days from the date of this published notice, the U.S. Army Research Laboratory receives written objections including evidence and argument that establish that the grant of the licenses would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7. Competing applications completed and received by the U.S. Army Research Laboratory within fifteen (15) days from the date of this published notice will also be treated as objections to the grant of the contemplated exclusive licenses.

Objections submitted in response to this notice will not be made available to the public for inspection and, to the extent permitted by law, will not be released under the Freedom of Information Act, 5 U.S.C. 552.

ADDRESSES: Send written objections to Michael D. Rausa, U.S. Army Research Laboratory, Office of Research and Technology Applications, Attn: RDRL-DB/Bldg. 434, Aberdeen Proving Ground, MD 21005-5425.

FOR FURTHER INFORMATION CONTACT: Michael D. Rausa, telephone (410) 278-5028.

SUPPLEMENTARY INFORMATION: None.

Brenda S. Bowen,

Army Federal Register Liaison Officer.

DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

Notice of Availability for the Draft Supplemental Environmental Impact Statement for the Proposed San Acacia to Bosque del Apache Project, Socorro County, NM

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of availability.

SUMMARY: The Albuquerque District, U.S. Army Corps of Engineers (Corps) has prepared a draft Supplemental Environmental Impact Statement (SEIS) on the findings of a flood risk management study along the Rio Grande

from San Acacia downstream to San Marcial in Socorro County, New Mexico. The recommended plan is to replace the existing embankment between the Low Flow Conveyance Channel and the Rio Grande with a structurally competent levee capable of containing high-volume, long-duration flows. This engineered levee would substantially reduce the risk of damage from floods emanating from the Rio Grande. The local cost-sharing sponsors of the proposed project are the Middle Rio Grande Conservancy District and the New Mexico Interstate Stream Commission.

DATES: All comments must be submitted or postmarked no later June 11, 2012.

ADDRESSES: Comments, questions, requests for copies of the draft SEIS, and requests for notification of the public meeting can be addressed to: William DeRagon, email: william.r.deragon@usace.army.mil; or Mark Doles, email: mark.w.doles@usace.army.mil; U.S. Army Corps of Engineers, 4101 Jefferson Plaza NE., Albuquerque, New Mexico 87109.

FOR FURTHER INFORMATION CONTACT: Mr. William DeRagon, telephone: (505) 342-3358; or Mark Doles, telephone: (505) 342-3364.

SUPPLEMENTARY INFORMATION:

Previously, an environmental impact statement (1992) and a supplement (1977) were published regarding this project. Currently, a new draft SEIS has been prepared to evaluate effects of revised levee design and additional alternatives. The draft SEIS is integrated with a draft General Reevaluation Report, and the integrated document is entitled: *Draft General Reevaluation Report and Supplemental Environmental Impact Statement II: Rio Grande Floodway, San Acacia to Bosque del Apache Unit, Socorro County, New Mexico* (hereafter referred to as the draft GRR/SEIS-II).

Alternatives developed and evaluated during the current and previous studies consist of levee reconstruction; flood and sediment control dams; local levees; intermittent levee replacement; watershed land treatment; floodproofing of buildings; levee-alignment setbacks; and no action. Issues analyzed in the development of the draft GRR/SEIS-II included the effect of alternatives on flood risk, developed lands and structures, water quality, ecological resources, endangered species, social welfare, cultural resources, and aesthetic qualities.

Public Review: The 45-day long review public review period for the

draft SEIS begins on April 27, 2012; or on the filing date published by the U.S. Environmental Protection Agency in the **Federal Register**, if later. Copies of the draft SEIS are available at: <http://www.spa.usace.army.mil/fonsi/>. Copies also are available for review at the Socorro Public Library, 401 Park St, Socorro, NM.

A public meeting will be held during the review period in Socorro, New Mexico. An announcement of the exact date and location of the public meeting will be published in the Socorro, Albuquerque, and Santa Fe newspapers.

Julie A. Alcon,

U.S. Army Corps of Engineers Acting Chief, Planning Branch.

BILLING CODE 1505-01-D

DEPARTMENT OF EDUCATION

Privacy Act of 1974; System of Records—National Longitudinal Transitions Study—2012

AGENCY: Institute of Education Sciences, Department of Education.

ACTION: Notice of a new system of records.

SUMMARY: In accordance with the Privacy Act of 1974, as amended (Privacy Act), the Department of Education (Department) publishes this notice of a new system of records entitled "National Longitudinal Transitions Study—2012" (18-13-27). The National Center for Education Evaluation and Regional Assistance at the Department's Institute of Education Sciences (IES) commissioned this study as part of the congressionally mandated national assessment of Individuals with Disability Education Act (IDEA). It will be conducted under a contract that IES awarded in September 2010.

The central research questions that the study will address are: How do the characteristics, courses of study, receipt of services and accommodations, school experiences, and key outcomes for transition-age students with an Individualized Education Plan (IEP) differ from transition-age students with a plan that provides accommodations under Section 504 of the Rehabilitation Act of 1973 (Section 504 Plan) and from transition-age students without a Section 504 Plan or an IEP? How have these facets changed over time for students with IEPs?

The system will contain records from 500 school districts on approximately 15,000 students and their parents, 15,000 teachers, and 2,000 principals.

DATES: The Department seeks comment on the new system of records described in this notice, in accordance with the requirements of the Privacy Act. We must receive your comments on the proposed routine uses for the system of records referenced in this notice on or before May 29, 2012.

The Department filed a report describing the new system of records covered by this notice with the Chair of the Senate Committee on Homeland Security and Governmental Affairs, the Chair of the House Committee on Oversight and Government Reform, and the Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB) on April 24, 2012. This system of records will become effective at the later date of—(1) The expiration of the 40-day period for OMB review on June 4, 2012, unless OMB waives 10 days of
