

EXEMPTIONS CLAIMED FOR THE SYSTEM:

Delete entry and replace with “During the course of Accounts Receivable, Indebtedness and Claims actions, exempt materials from other systems of records may in turn become part of the case records in this system. To the extent that copies of exempt records from those ‘other’ systems of records are entered into this correspondence case record, the Defense Intelligence Agency hereby claims the same exemptions for the records from those ‘other’ systems that are entered into this system, as claimed for the original primary systems of records which they are a part.

Records are only exempt from pertinent provisions of 5 U.S.C. 552a to the extent such provisions have been identified and an exemption claimed for the original record and the purposes underlying the exemption for the original record still pertain to the record which is now contained in this system of records. In general, the exemptions were claimed in order to protect properly classified information relating to national defense and foreign policy, to avoid interference during the conduct of criminal, civil, or administrative actions or investigations, to ensure protective services provided the President and others are not compromised, to protect the identity of confidential sources incident to Federal employment, military service, contract, and security clearance determinations, to preserve the confidentiality and integrity of Federal testing materials, and to safeguard evaluation materials used for military promotions when furnished by a confidential source. The exemption rule for the original records will identify the specific reasons why the records are exempt from specific provisions of 5 U.S.C. 552a. An exemption rule for this system has been promulgated in accordance with the requirements of 5 U.S.C 553 (b)(1),(2), and (3), (c) and (e) and published in 32 CFR part 319.”
