**SUPPLEMENTARY INFORMATION:** The California Department of Transportation requested a temporary change to the operation of the Commodore Schuyler F. Heim Drawbridge, mile 4.9, over Cerritos Channel, at Long Beach, CA. The drawbridge navigation span provides a vertical clearance of 37 feet above Mean High Water in the closed-to-navigation position and 163 feet in the full open to navigation position. Pursuant to § 117.147, the draw opens on signal; except that, from 6:30 a.m. to 8 a.m. and 3:30 p.m. to 6 p.m., Monday through Friday except Federal holidays, the draw need not be opened for the passage of vessels. Navigation on the waterway is commercial, recreational, search and rescue, and law enforcement.

The drawspan will be secured in the closed-to-navigation position from 7 a.m. through 7 p.m. on June 10, 2012 to perform critical repair and replacement of electrical components for drawspan operation. The alternative path around Terminal Island will be available for routine and emergency navigation. This temporary deviation has been coordinated with commercial and recreational waterway users. No objections to the proposed temporary deviation were raised.

Vessels that can transit the bridge, while in the closed-to-navigation position, may continue to do so at any time.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 52

[EPA-R04-OAR-2009-0783; FRL-9669-2]

#### Approval and Promulgation of Implementation Plans; Commonwealth of Kentucky; Regional Haze State Implementation Plan; Correction

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule; correcting amendment.

**SUMMARY:** On March 30, 2012, EPA published a rule finalizing a limited approval and a limited disapproval of two revisions to the Kentucky State Implementation Plan (SIP) submitted by the Commonwealth of Kentucky through the Kentucky Energy and Environment Cabinet, Division for Air Quality (DAQ), on June 25, 2008, and May 28, 2010, to address regional haze. In that rulemaking, EPA inadvertently excluded an entry to the table for EPA-approved Kentucky non-regulatory provisions. This action amends the table by adding an entry for Kentucky's regional haze SIP and SIP amendment.

**DATES:** This action is effective May 11, 2012.

**ADDRESSES:** Copies of the documentation used in the action being corrected are available for inspection during normal business hours at the following location: U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW., Atlanta, Georgia 30303-8960. The Regional Office's official hours of business are Monday through Friday, 8:30 to 4:30, excluding federal holidays.

**FOR FURTHER INFORMATION CONTACT:** Ms. Lynorae Benjamin, Chief, Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW., Atlanta, Georgia 30303-8960. Ms. Benjamin can be reached at 404-562-9040, or via electronic mail at [benjamin.lynorae@epa.gov](mailto:benjamin.lynorae@epa.gov).

#### SUPPLEMENTARY INFORMATION:

##### I. Background

On March 30, 2012, EPA published a rule finalizing a limited approval and a limited disapproval of two revisions to the Kentucky SIP submitted by DAQ on June 25, 2008, and May 28, 2010, addressing regional haze. See 77 FR 19098. In the final action, EPA inadvertently excluded an entry identifying Kentucky's regional haze SIP and SIP amendment in the table of "EPA-Approved Kentucky Non-Regulatory Provisions" located at 40 CFR 52.920(e).

##### II. Action

This action amends the table in 40 CFR 52.920(e) by adding an entry for Kentucky's regional haze SIP and SIP amendment. EPA has determined that today's action falls under the "good cause" exemption in section 553(b)(3)(B) of the Administrative Procedure Act (APA) which, upon finding "good cause," authorizes agencies to dispense with public participation where public notice and comment procedures are impracticable, unnecessary, or contrary to the public interest. Public notice and comment for this action are unnecessary because today's action, adding an entry in the table located at 40 CFR 52.920(e), has no substantive impact on EPA's March 30, 2012, limited approval and limited disapproval of the regional haze SIP revisions. In addition, EPA can identify no particular reason why the public would be interested in being notified of the correction, or in having the opportunity to comment on the correction prior to this action being finalized, since this correction action does not change the meaning of EPA's analysis or action related to the regional haze SIP revisions.

EPA also finds that there is good cause under APA section 553(d)(3) for this correction to become effective on the date of publication of this action. Section 553(d)(3) of the APA allows an effective date less than 30 days after publication "as otherwise provided by the agency for good cause found and published with the rule." The purpose
