

tire guides have since been eliminated. Should the Used Auto Parts Guides be changed to include tires? Why or why not? What evidence do you have or know of that supports your views?

20. The current Guides state that they apply to Industry Products “designed for use in automobiles, trucks, motorcycles, tractors, or similar self-propelled vehicles.” 16 CFR 20.0. Is this list adequate to describe the vehicles to which the Guides should apply, or should other vehicles be expressly mentioned? (*E.g.*, all-terrain vehicles, off-road construction vehicles, dune buggies or other off-road recreation vehicles.) If so, which other vehicles should be mentioned, and why? What evidence do you have or know of that supports your views?

21. Do the Used Auto Parts Guides overlap or conflict with other laws or regulations, whether federal, state, or local? If so, how?

a. What evidence do you have or know of concerning the conflicts?

b. Should the Guides be changed because of these conflicts? If so, how?

c. Have the Guides helped make the advertising and selling of Industry Products more consistent across the country? If so, how?

22. Are there foreign or international laws, regulations, or standards concerning the advertising and sale of Industry Products that the Commission should consider as it reviews the Guides? If so, what are they?

a. Should the Guides be changed to harmonize with these foreign or international laws, regulations, or standards? Why or why not?

b. How would harmonization affect the costs and benefits of the Guides for consumers?

c. How would harmonization affect the costs and benefits of the Guides for businesses, particularly small businesses?

IV. Instructions for Comment Submissions

You can file a comment online or on paper. For the Commission to consider your comment, we must receive it on or before August 3, 2012. Write “Used Auto Parts Guides Review, 16 CFR Part 20, Matter No. P12–7702” on your comment. Your comment B including your name and your state B will be placed on the public record of this proceeding, including, to the extent practicable, on the public Commission Web site, at <http://www.ftc.gov/os/publiccomments.shtm>. As a matter of discretion, the Commission tries to remove individuals’ home contact information from comments before

placing them on the Commission Web site.

Because your comment will be made public, you are solely responsible for making sure that your comment does not include any sensitive personal information, such as a Social Security number, date of birth, driver’s license number or other state identification number or foreign country equivalent, passport number, financial account number, or credit or debit card number. You are also solely responsible for making sure that your comment does not include any sensitive health information, like medical records or other individually identifiable health information. In addition, do not include any “[t]rade secret or any commercial or financial information which is obtained from any person and which is privileged or confidential,” as provided in Section 6(f) of the FTC Act, 15 U.S.C. 46(f), and FTC Rule 4.10(a)(2), 16 CFR 4.10(a)(2). In particular, do not include competitively sensitive information such as costs, sales statistics, inventories, formulas, patterns, devices, manufacturing processes, or customer names.

If you want the Commission to give your comment confidential treatment, you must file it in paper form, with a request for confidential treatment, and you have to follow the procedure explained in FTC Rule 4.9(c). 16 CFR 4.9(c).¹ Your comment will be kept confidential only if the FTC General Counsel, in his or her sole discretion, grants your request in accordance with the law and the public interest.

Postal mail addressed to the Commission is subject to delay due to heightened security screening. As a result, we encourage you to submit your comments online. To make sure that the Commission considers your online comment, you must file it at <https://ftcpublic.commentworks.com/ftc/usedautopartsguide>, by following the instructions on the web-based form. If this Notice appears at <http://www.regulations.gov#!/home>, you also may file a comment through that Web site.

If you file your comment on paper, write “Used Auto Parts Guides Review, 16 CFR Part 20, Matter No. P127702” on your comment and on the envelope, and mail or deliver it to the following address: Federal Trade Commission, Office of the Secretary, Room H–113 (Annex B), 600 Pennsylvania Avenue

¹ In particular, the written request for confidential treatment that accompanies the comment must include the factual and legal basis for the request, and must identify the specific portions of the comment to be withheld from the public record. See FTC Rule 4.9(c), 16 CFR 4.9(c).

NW., Washington, DC 20580. If possible, submit your paper comment to the Commission by courier or overnight service.

Visit the Commission Web site at <http://www.ftc.gov> to read this Notice and the news release describing it. The FTC Act and other laws that the Commission administers permit the collection of public comments to consider and use in this proceeding as appropriate. The Commission will consider all timely and responsive public comments that it receives on or before August 3, 2012. You can find more information, including routine uses permitted by the Privacy Act, in the Commission’s privacy policy, at <http://www.ftc.gov/ftc/privacy.htm>.

Coast Guard

33 CFR Part 117

[Docket No. USCG–2012–0181]

RIN 1625–AA09

Drawbridge Operation Regulation; Alabama River, AL

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to modify the operating schedule that governs the Meridian and Bigbee Railroad (MNBR) swing span bridge across the Alabama River at Selma, Dallas County, Alabama. Due to the infrequent requirement to open the bridge for the passage of vessels, the owner has requested a change allowing the bridge to open only on signal if at least 24-hours advanced notification is given.

DATES: Comments and related material must reach the Coast Guard on or before July 20, 2012.

ADDRESSES: You may submit comments identified by docket number USCG–2012–0181 using any one of the following methods:

(1) *Federal eRulemaking Portal:*
<http://www.regulations.gov>.

(2) *Fax*: 202-493-2251.

(3) *Mail*: Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590-0001.

(4) *Hand delivery*: Same as mail address above, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202-366-9329.

To avoid duplication, please use only one of these four methods. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section below for instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions on this proposed rule, call or email David Frank, Bridge Administration Branch; telephone 504-671-2128, email

David.m.frank@uscg.mil. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION:

A. Public Participation and Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related materials. All comments received will be posted, without change to <http://www.regulations.gov> and will include any personal information you have provided.

1. Submitting Comments

If you submit a comment, please include the docket number for this rulemaking (USCG-2012-0181), indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online (<http://www.regulations.gov>), or by fax, mail or hand delivery, but please use only one of these means. If you submit a comment online via <http://www.regulations.gov>, it will be considered received by the Coast Guard when you successfully transmit the comment. If you fax, hand deliver, or mail your comment, it will be considered as having been received by the Coast Guard when it is received at the Docket Management Facility. We recommend that you include your name and a mailing address, an email address, or a phone number in the body of your document so that we can contact you if

we have questions regarding your submission.

To submit your comment online, go to <http://www.regulations.gov>, click on the "submit a comment" box, which will then become highlighted in blue. In the "Document Type" drop down menu select "Proposed Rules" and insert "USCG-2012-0181" in the "Keyword" box. Click "Search" then click on the balloon shape in the "Actions" column. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit them by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period and may change the rule based on your comments.

2. Viewing Comments and Documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, click on the "read comments" box, which will then become highlighted in blue. In the "Keyword" box insert "USCG-2012-0181" and click "Search." Click the "Open Docket Folder" in the "Actions" column. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. We have an agreement with the Department of Transportation to use the Docket Management Facility.

3. Privacy Act

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review a Privacy Act notice regarding our public dockets in the January 17, 2008, issue of the **Federal Register** (73 FR 3316).

4. Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for one using one of the four methods specified under **ADDRESSES**. Please explain why a public meeting would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**.

For information on facilities or services for individuals with disabilities

or to request special assistance at the public meeting, contact David Frank at the telephone number or email address indicated under the **FOR FURTHER INFORMATION CONTACT** section of the notice.

B. Regulatory History and Information

The Code of Federal Regulations (CFR) under 33 CFR 117.5 requires that drawbridges open on signal for vessel passage. Prior to this request to change the operating schedule of the draw, no previous requests for changes have been received. The bridge owner has initiated this request without consultation of waterway users but did consult with the USCG Bridge Administration Office in New Orleans to request guidance on how to comply with the requirements of 33 CFR 117.40.

C. Basis and Purpose

The MNBR swing span bridge crosses the Alabama River at mile 205.9, at Selma, Dallas County, Alabama. The bridge is currently maintained in the closed-to-navigation position, opening only for the passage of marine traffic. The bridge has a vertical clearance of 26 feet above ordinary high water in the closed-to-navigation position and unlimited in the open-to-navigation position. No alternate routes are available.

Due to the limited number of openings of the drawbridge, an average of one opening per year, the bridge owner requested a change to the operating schedule that would allow the bridge to open on signal if at least 24-hour advanced notification is given. Presently, the bridge opens on signal for the passage of vessels; however, three other bridges on the waterway open on signal if at least 24-hour advanced notification is given. The existing bridges are located at mile 105.3, at Coy, Alabama, and mile 277.8 and mile 293.3, both in Montgomery, Alabama.

D. Discussion of Proposed Rule

Under 33 CFR 117.5, the MNBR bridge is required to open on signal for the passage of vessels except as otherwise authorized or required. The proposed change will allow the bridge to operate in a manner similar to other movable bridges on the Alabama River, both upstream and downstream from this bridge, requiring 24-hour advanced notification to schedule a bridge opening. Under this proposed rule, the MNBR will also remain in the closed-to-navigation position unless at least 24-hour advance notice requesting an opening is given. This proposed rule is not anticipated to place an undue burden on the vessel operators as they

are already required to give at least 24-hour advanced notice for other movable bridges on the waterway.

E. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 14 of these statutes or executive orders.

1. Regulatory Planning and Review

This proposed rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation is unnecessary. Very few vessels will be impacted. Those few vessels should be able to provide adequate advanced notification of their arrivals as is already done on this waterway for three other movable bridges located upstream and downstream of this bridge.

2. Impact on Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered the impact of this proposed rule on small entities. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

This proposed rule would affect the following entities, some of which might be small entities: The owners or operators of vessels needing to transit the Alabama River above mile 205.9. This action will not have a significant economic impact on a substantial number of small entities because these few vessels should be able to provide adequate advanced notification of their arrivals as is already done on this waterway for three other movable bridges located upstream and downstream of this bridge.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above. The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This proposed rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520.).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it does not have implications for federalism.

6. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

7. Taking of Private Property

This proposed rule would not affect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

8. Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

9. Protection of Children

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

10. Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

11. Energy Effects

We have analyzed this proposed rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that Order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

12. Technical Standards

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

13. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01, and Commandant Instruction M16475.1D which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment because it simply promulgates the operating regulations or procedures for drawbridges. This rule is categorically excluded from further review under paragraph 32(e) of Figure 2–1 of the Commandant Instruction. Under figure

2–1, paragraph (32)(e), of the Instruction, an environmental analysis checklist and a categorical exclusion determination are not required for this rule. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.
