*Title of Collection:* Electronic Debit Payment Option for Student Loans.

*OMB Control Number:* 1845-0025.

*Type of Review:* Revision and Extension.

*Total Estimated Number of Annual Responses:* 1,600.

*Total Estimated Number of Annual Burden Hours:* 133.

**Abstract:** An Electronic Debit Account Program gives the borrower the option to repay federally funded student loans via automatic debit deductions from their checking or savings accounts. The PDA payment option allows individuals with defaulted federal education debts (student loans or grant overpayments) held by the U.S. Department of Education's (ED's) Federal Student Aid Default Resolution Group to have their payments automatically debited from their checking or savings accounts and sent to ED. Individuals who choose the use the PDA option to make their payments must authorize ED to debit their bank accounts. The PDA Brochure and Application (PDA Application) explains the PDA payment option and collects the applicant's authorization for electronic debiting of payments and the bank account information needed by ED to debit the applicant's account.

The authority for the PDA option is provided under the Deficit Reduction Act of 1984, Public Law 98-368, and 31 CFR part 202, Depositories and Financial Agents of the Government. Operating rules and regulations approved and published by the National Automated Clearing House Association (NACHA) and 31 CFR part 210 also govern the use of the PDA Application. Finally, Regulation E, issued and maintained by the Board of Governors of the Federal Reserve System, implements Title IX of the Consumer Credit Protection Act, as amended in 15 U.S.C. 1601. This regulation is designed to implement the act, which primarily serves to protect the interests of the individual consumer participating in electronic transfers.

ED has used the collection of information on the currently approved PDA Application to establish electronic debiting for individuals who have requested to have their defaulted federal education debt payments debited from their bank accounts.

*Title of Collection:* 2012–13 Teacher Follow-up Survey (TFS:13) and Principal Follow-up Survey (PFS:13) to the Schools and Staffing Survey (SASS).

*OMB Control Number:* 1850–0598.

*Type of Review:* Revision.

*Total Estimated Number of Annual Responses:* 15,469.

*Total Estimated Number of Annual Burden Hours:* 2,876.

*Abstract:* This request from the National Center for Education Statistics (NCES), of the U.S. Department of Education (ED), is for clearance for the full scale data collection for the 2012–13 Teacher Follow-up Survey (TFS:13) and Principal Follow-up Survey (PFS:13) to the 2011–12 Schools and Staffing Survey (SASS:12). The seventh cycle of SASS (2011–12) is currently being conducted and the proposed TFS:13 will be the seventh corresponding cycle of TFS, while PFS:13 will be the second cycle of PFS. The Schools and Staffing Survey (SASS) is an in-depth, nationally-representative survey of first through twelfth grade public and private school teachers, principals, schools, library media centers, and school districts. Kindergarten teachers in schools with at least a first grade are also surveyed. For traditional public school districts, principals, schools, teachers, and school libraries, the survey estimates are state-representative. For public charter

schools, principals, teachers, and school libraries, the survey estimates are nationally-representative. For private school principals, schools, and teachers, the survey estimates are representative of private school types. The TFS is a survey of teachers with the main purpose of providing a one-year teacher attrition rate. The PFS is a survey of principals that assesses how many school principals work in the same school as reported a year earlier in SASS:12, how many have moved to become a principal at another school, and how many have left the principalship altogether. Similar to earlier TFS collections, the TFS:13 sample of 7,000 teachers (drawn using a sampling design similar to that used in earlier TFS collections) is a sub-sample of the teachers who responded to SASS:12. The PFS:13 sample includes all of the approximately 9,800 schools whose principals completed questionnaires in SASS:12.
