

²² The Commission anticipates that compliance plans would be updated on a periodic basis as new regulations (including in foreign jurisdictions) are adopted and come into effect. It is possible that one or more amendments will be submitted within the same year as the initial compliance plan, but it is difficult to predict when new regulations (including in foreign jurisdictions) will be adopted and become effective. The Commission is therefore providing estimates based on an initial submission and one amendment on the assumption that one amendment will be filed in the same year as the initial submission.

²³ The Commission estimates that in most cases the cost of submitting a revised plan or plans will be the same as the cost of preparing and submitting the initial plan. See *supra* note 18 for additional information.

²⁴ The aggregate hourly burden for amended submissions (Column 3 × Column 4) would be 840 to 1,890 hours.

²⁵ The Commission estimates that in most cases the cost of submitting a revised plan or plans will be the same as the cost of preparing and submitting the initial plan. See note 18, *supra*.

²⁶ The Commission estimates that in most cases the cost of submitting a revised plan or plans will be the same as the cost of preparing and submitting the initial plan. See note 18, *supra*.
