SUPPLEMENTARY INFORMATION: GSA, the nation's largest public real estate organization, provides workspace for more than 1.2 million federal workers through its Public Buildings Service. Approximately half of the employees are housed in buildings owned by the federal government and half are located in over 8,100 separate leased properties (in over 8,500 leases), including buildings, land, antenna sites, etc. across the country. In order to respond to these specific FOIA requests, GSA has identified 48 data elements that may be found in the requested lease documents.
