

(Catalog of Federal Domestic Assistance No. 97.022, "Flood Insurance.")

Dated: August 8, 2012.

Sandra K. Knight,

Deputy Associate Administrator for Mitigation, Department of Homeland Security, Federal Emergency Management Agency.

[FR Doc. 2012-20644 Filed 8-21-12; 8:45 am]

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket ID FEMA-2008-0020; Internal Agency Docket No. FEMA-B-1104]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule; correction.

SUMMARY: On May 25, 2010, FEMA published in the **Federal Register** a proposed rule that contained an erroneous table. This notice provides corrections to that table, to be used in lieu of the information published at 75 FR 29246. The table provided here represents the flooding sources, location of referenced elevations, effective and modified elevations, and communities

affected for Erie County, Pennsylvania (All Jurisdictions). Specifically, it addresses the flooding sources Fourmile Creek and Lake Erie.

DATES: Comments are to be submitted on or before November 20, 2012.

ADDRESSES: You may submit comments, identified by Docket No. FEMA-B-1104, to Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064 or (email)

Luis.Rodriguez3@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064 or (email) *Luis.Rodriguez3@fema.dhs.gov.*

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) publishes proposed determinations of Base (1% annual-chance) Flood Elevations (BFEs) and modified BFEs for communities participating in the National Flood Insurance Program (NFIP), in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR

60.3, are minimum requirements. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in those buildings.

Correction

In the proposed rule published at 75 FR 29246, in the May 25, 2010, issue of the **Federal Register**, FEMA published a table under the authority of 44 CFR 67.4. The table, entitled "Erie County, Pennsylvania (All Jurisdictions)" addressed the flooding sources Fourmile Creek and Lake Erie. That table contained inaccurate information as to the location of referenced elevation, effective and modified elevation in feet, and/or communities affected for Lake Erie. In this notice, FEMA is publishing a table containing the accurate information, to address these prior errors. The information provided below should be used in lieu of that previously published.

Flooding source(s)	Location of referenced elevation **	* Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground ^ Elevation in meters (MSL)		Communities affected
		Effective	Modified	
Erie County, Pennsylvania (All Jurisdiction)				
Fourmile Creek	Approximately 735 feet downstream of Access Road	None	+577	Township of Harborcreek, Township of Lawrence Park.
	Approximately 745 feet downstream of Buffalo Road	None	+688	
	Approximately 485 feet downstream of Buffalo Road	None	+693	
	Approximately 400 feet upstream of Mindi Court	None	+770	
Lake Erie	Entire coastline in the Commonwealth of Pennsylvania.	None	+577	Borough of Lake City, Township of Girard, Township of Harborcreek, Township of North East.

* National Geodetic Vertical Datum.

+ North American Vertical Datum.

Depth in feet above ground.

^ Mean Sea Level, rounded to the nearest 0.1 meter.

** BFEs to be changed include the listed downstream and upstream BFEs, and include BFEs located on the stream reach between the referenced locations above. Please refer to the revised Flood Insurance Rate Map located at the community map repository (see below) for exact locations of all BFEs to be changed.

Flooding source(s)	Location of referenced elevation **	* Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground ^ Elevation in meters (MSL)		Communities affected
		Effective	Modified	

Send comments to Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472.

ADDRESSES

Borough of Lake City

Maps are available for inspection at the Municipal Building, 2350 Main Street, Lake City, PA 16423.

Township of Girard

Maps are available for inspection at the Municipal Building, 10140 West Ridge Road, Girard, PA 16417.

Township of Harborcreek

Maps are available for inspection at the Township Building, 5601 Buffalo Road, Harborcreek, PA 16421.

Township of Lawrence Park

Maps are available for inspection at the Lawrence Park Township Office, 4230 Iroquois Avenue, Erie, PA 16511.

Township of North East

Maps are available for inspection at the Township Main Office, 1300 West Main Road, North East, PA 16428.

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule; correction.

SUMMARY: On August 25, 2011, FEMA published in the **Federal Register** a proposed rule that contained an erroneous table. On October 4, 2011, a correction to that original notice was published in the **Federal Register**. This notice provides corrections to that initial table and the correction notice, to be used in lieu of the information published at 76 FR 53082 and at 76 FR 61295. The table provided here represents the flooding sources, location of referenced elevations, effective and modified elevations, and communities affected for Smith County, Texas, and Incorporated Areas. Specifically, it

addresses the flooding sources: Black Fork Creek, Black Fork Creek Tributary BF-1, Black Fork Creek Tributary BF-M-1, Black Fork Creek Tributary D, Black Fork Creek Tributary D-1, Black Fork Creek Tributary D-2, Black Fork Creek Tributary D-3, Butler Creek, Gilley Creek, Gilley Creek Tributary G-1, Harris Creek, Henshaw Creek, Indian Creek, Ray Creek, Shackelford Creek, West Mud Creek, West Mud Creek Tributary 11, West Mud Creek Tributary B, West Mud Creek Tributary M-1, West Mud Creek Tributary M-2, West Mud Creek Tributary M-A, West Mud Creek Tributary M-A.1, West Mud Creek Tributary M-A.2, West Mud Creek Tributary M-C, West Mud Creek Tributary M-C.1, West Mud Creek Tributary M-C.2, Wiggins Creek, and Willow Creek.

DATES: Comments are to be submitted on or before November 20, 2012.

ADDRESSES: You may submit comments, identified by Docket No. FEMA-B-1213, to Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064 or (email) luis.rodriquez3@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064 or (email) luis.rodriquez3@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency

(FEMA) publishes proposed determinations of Base (1% annual-chance) Flood Elevations (BFEs) and modified BFEs for communities participating in the National Flood Insurance Program (NFIP), in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are minimum requirements. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in those buildings.

Correction

In the proposed rule published at 76 FR 53082, in the August 25, 2011 issue of the **Federal Register**, and in the correction notice published at 76 FR 61295, in the October 4, 2011 issue, FEMA published a table and its corrections under the authority of 44 CFR 67.4. The table, entitled "Smith County, Texas, and Incorporated Areas" addressed the flooding sources: Black Fork Creek, Black Fork Creek Tributary BF-1, Black Fork Creek Tributary BF-
