Title of Collection: EDFacts Collection of ESEA Flexibility Data.

OMB Control Number: 1875-NEW.

Type of Review: New.

Total Estimated Number of Annual Responses: 52.

Total Estimated Number of Annual Burden Hours: 1,248.

Abstract: On September 23, 2011, the U.S. Department of Education (ED) invited each State educational agency (SEA) to voluntarily request flexibility on behalf of itself, its local educational agencies, and schools, in order to better focus on improving student learning and increasing the quality of

instruction. Since then, ED has approved 34 SEA requests for flexibility, and is currently reviewing several additional requests. ED expects to receive requests from additional SEAs by September 6, 2012. SEAs are invited to request flexibility pursuant to the authority in section 9401 of the Elementary and Secondary Education Act of 1965 (ESEA), which allows the Secretary of Education to waive, with certain exceptions, any statutory or regulatory requirement of the ESEA for an SEA that receives funds under a program authorized by the ESEA and requests a waiver. This clearance request is for the collection of data that may be needed to ensure that SEAs receiving ESEA flexibility are continuing to meet the intent and purpose of Title I of ESEA, including meeting the educational needs of low-achieving students, closing achievement gaps, and holding schools, local educational agencies, and SEAs accountable for improving the academic achievement of all students. This collection will be applicable to SEAs with approved flexibility plans. In order to reduce burden on SEAs and maximize the availability and utility of the data within ED, ED plans to require states to submit these data electronically through EDFacts, as allowable under 34 CFR part 76. "Flexibility Clearance Attachment B" outlines the 22 new data groups proposed for collection. ED is requesting SEAs to review the last page of Attachment B which provides two directed questions (see the link to EDICSweb to link number 04860 in the ADDRESSES section above.) ED is requesting the data providers of each SEA respond to two specific questions about the proposed data groups. Responses to these questions will help ED determine whether or not to adjust the proposed data groups, as well as to determine which of the data can currently be provided by SEAs.

Notice of Proposed Information Collection Requests; Institute of Education Sciences; Needs Sensing Survey Under the REL Program: (Sample Survey Instrument for School Board Members and District Administrators)

SUMMARY: The needs assessment consists of an online survey of a sample of school board members, district administrators, principals, and teachers in Illinois, Indiana, Iowa, Michigan, Minnesota, Ohio, and Wisconsin. The results of the survey will be used to prioritize the assistance that REL Midwest provides to educators in the region for utilizing their longitudinal data systems, conducting high quality research and evaluation; learning about the best education research; and incorporating data into policy and practice.
