[Release No. 34-67791; File No. SR-OPRA-2012-05]

Options Price Reporting Authority; Notice of Filing and Immediate Effectiveness of Proposed Amendment to the Plan for Reporting of Consolidated Options Last Sale Reports and Quotation Information To Amend Section 3.1 of the OPRA Plan

September 6, 2012.

Pursuant to Section 11A of the Securities Exchange Act of 1934 ("Act")¹ and Rule 608 thereunder,² notice is hereby given that on August 27, 2012, the Options Price Reporting Authority ("OPRA") submitted to the Securities and Exchange Commission ("Commission") an amendment to the Plan for Reporting of Consolidated Options Last Sale Reports and Quotation Information ("OPRA Plan").³ The proposed amendment would make a clarifying change to Section 3.1 of the OPRA Plan. The Commission is publishing this notice to solicit comments from interested persons on the proposed OPRA Plan amendment.

I. Description and Purpose of the Plan Amendment

The purpose of the Amendment is to eliminate an ambiguity in the way in which the current OPRA Plan describes Exhibit A to the Plan, which consists of a list of the national securities exchanges that are Members of OPRA. Section 3.1 of the Plan describes Exhibit A as a list of the "initial" Members of OPRA, suggesting that the list includes only those exchanges that were Members when OPRA was restructured as a limited liability company on January 1, 2010. By contrast, the definition of "Member" in Section 1.1 of the Plan correctly states that "Exhibit A * * * may be amended to include any

other national securities exchange that becomes a Member pursuant to the provisions of Section 3.2." To eliminate this ambiguity it is proposed to eliminate the word "initial" from both the heading and text of Section 3.1, so that as amended that Section is clear that Exhibit A lists all current Members of OPRA from time to time, and not just the "initial" Members.⁴

The text of the proposed amendment to the OPRA Plan is available at OPRA, the Commission's Public Reference Room, <http://opradata.com>, and on the Commission's Web site at www.sec.gov.

II. Implementation of the OPRA Plan Amendment

Pursuant to paragraph (b)(3)(ii) of Rule 608 of Regulation NMS under the Act⁵ OPRA designated the proposed OPRA Plan amendment as concerned solely with the administration of the OPRA Plan, thereby qualifying for effectiveness upon filing.

The Commission may summarily abrogate the amendment within sixty days of its filing and require refiling and approval of the amendment by Commission order pursuant to Rule 608(b)(2) under the Act⁶ if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or the maintenance of fair and orderly markets, to remove impediments to, and perfect the mechanisms of, a national market system, or otherwise in furtherance of the purposes of the Act.

III. Solicitation of Comments

Self-Regulatory Organizations; Municipal Securities Rulemaking Board; Notice of Filing of Proposed Amendments to the Real-Time Transaction Reporting System Information System and Subscription Service

September 6, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“the Exchange Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 24, 2012, the Municipal Securities Rulemaking Board (“MSRB”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the MSRB. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The MSRB is filing with the Commission a proposed rule change consisting of amendments to the Real-Time Transaction Reporting System (“RTRS”) information system and subscription service (collectively, “proposed rule change”). The proposed rule change will enhance the transaction data publicly disseminated from RTRS in real-time by including the exact par value on all transactions with a par value of \$5 million or less and including an indicator of “MM+” in place of the exact par value on transactions where the par value is greater than \$5 million. The exact par value of transactions where the par value is greater than \$5 million would be disseminated from RTRS five business days later.

The text of the proposed rule change is available on the MSRB's Web site at www.msrb.org/Rules-and-Interpretations/SEC-Filings/2012-Filings.aspx, at the MSRB's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the MSRB included statements concerning the purpose of and basis for the

proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The MSRB has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

RTRS is a facility for the collection and dissemination of information about transactions occurring in the municipal securities market. Currently, transaction information disseminated from RTRS includes the exact par value on all transactions with a par value of \$1 million or less but includes an indicator of “1MM+” in place of the exact par value on transactions where the par value is greater than \$1 million. The exact par value of such transactions is disseminated from RTRS five business days later. The proposed rule change would enhance the transaction data publicly disseminated from RTRS in real-time by including the exact par value on all transactions with a par value of \$5 million or less and including an indicator of “MM+” in place of the exact par value on transactions where the par value is greater than \$5 million. The exact par value of transactions where the par value is greater than \$5 million would be disseminated from RTRS five business days later.

Background

MSRB Rule G-14, on transaction reporting, requires brokers, dealers and municipal securities dealers (collectively “dealers”) to report all transactions in municipal securities to RTRS within fifteen minutes of the time of trade, with limited exceptions. Since the implementation of RTRS in 2005, the MSRB has made transaction data available to the public through subscription services designed to achieve the widest possible dissemination of transaction information with the goal of ensuring the fairest and most accurate pricing of municipal securities transactions.

In addition to subscription services, MSRB makes publicly available for free transaction data on the Electronic Municipal Market Access (EMMA®) Web site. Since the launch of EMMA as a pilot in 2008, MSRB has incorporated into the display of market-wide and security specific information all transaction data disseminated from RTRS so that transaction information
