You may contact the Records Management Division for copies of the proposed collection of information at facsimile number (202) 646-3347 or email address: FEMA-Information-Collections-Management@dhs.gov.

SUPPLEMENTARY INFORMATION: Citizen Corps was launched as a Presidential Initiative, Executive Order 13254, in 2002 with a mission to harness the power of every individual through education, training, and volunteer service to make communities safer, stronger, and better prepared for the threats of terrorism, crime, public health issues, and disasters of all kinds. The Community Emergency Response Team Program offers training that prepares

people to help themselves, their families and their neighbors in the event of a disaster in their community.

In order to fulfill its mission, the Federal Emergency Management Agency (FEMA) Individual and Community Preparedness Division (ICPD) require Citizen Corps Councils and Community Emergency Response Team Programs to submit profiles electronically through its online information collection process and forms. The Citizen Corps Council registration form will allow FEMA and State personnel to ensure that prospective Councils/CERTs have the support of the appropriate government officials in their area, ensure a dedicated coordinator is assigned to the Council, and will provide an efficient way to track the effectiveness of the nationwide network of Councils and CERTs. This continuing registration process will allow the Individual and Community Preparedness Division to collect information that is more usable and provide a more efficient way to track the effectiveness of the nationwide network of Councils and CERT's.
