

believe that they are under the RRA forms submittal threshold and, consequently, may not submit the appropriate RRA form(s). However, some of these organizations may in fact have a different RRA forms submittal threshold than what they believe it to be depending on whether these organizations meet all of the required criteria for full special application of the acreage limitations provisions to religious or charitable organizations [43 CFR 426.9(b)]. In addition, some organizations that (1) do not meet the criteria to be treated as a religious or charitable organization under the acreage limitation provisions, and (2) are exempt from the requirement to submit RRA forms due to the size of their landholdings (directly and indirectly owned and leased land), may in fact be receiving Reclamation irrigation water for which the full-cost rate must be paid because the start of Reclamation irrigation water deliveries occurred after October 1, 1981 [43 CFR 426.6(b)(2)]. The Religious or Charitable Organization Identification Sheet (Form

7-2578) allows us to establish certain religious or charitable organizations' compliance with Federal reclamation law. The Religious or Charitable Organization Identification Sheet is disbursed at our discretion.

II. Changes to the RRA Forms and Their Instructions

The changes made to the currently approved RRA forms and the corresponding instructions are of an editorial nature, and are designed to assist the respondents by increasing their understanding of the forms, clarifying the instructions for completing the forms, and clarifying the information that is required to be on the forms. The proposed revisions to the Trust Information Sheet also include clarification of the 40-acre and 240-acre thresholds applicable to prior law districts and discretionary provisions districts, respectively. The proposed revisions to the RRA forms will be effective in the 2014 water year.
