Please include the project number (P–2197–100) on any comments, motions, or recommendations filed.

k. *Description of proposed amendment*: Alcoa Power Generating Inc. (APGI) filed a request for a temporary variance from the operating guidelines of their license to allow a one-time drawdown of Narrows Reservoir up to 20 feet. The purpose of the drawdown is to allow APGI to implement a remediation plan, which requires placing a cover system over polychlorinated biphenyl impacted sediments located in the southern portion of Narrows Reservoir. APGI stated that it anticipates that the duration of the remediation project would be for about 7 weeks, starting in early November 2012. APGI indicated that the period includes about 18 days to draw the reservoir down, maintaining a low stage for about 7 to 14 days, and 18 days to refill the reservoir. APGI stated that it would be able to comply

with all the operating requirements of its license during the event.

l. *Locations of the Application*: A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426, or by calling (202) 502–8371. [Docket No. CP12–518–000]

Alliant Techsystems Operations LLC; Notice of Application

Take notice that on September 7, 2012, Alliant Techsystems Operations LLC (Alliant), 1300 Wilson Boulevard, Arlington, Virginia 22209 filed an application in the above referenced docket pursuant to section 7(c) of the Natural Gas Act (NGA) to construct and operate new pipeline to transport natural gas from an interconnection with Columbia Gas of Maryland, Inc. (CMD) at the Maryland/West Virginia border to a regulating station on property owned by the U.S. Navy and leased by Alliant in West Virginia. Alliant states that the proposed pipeline will consist of 110 feet of eight-inch diameter pipeline and will have a capacity of three million cubic feet per day. Alliant is also proposing to become a new pipeline company under the NGA in order to comply with Clean Air Act requirements and to reduce fuel expenses. Since Alliant will be the sole end-user of the gas, Alliant requests waivers for: (1) The requirement to provide information to support determination of an initial rate; (2) Exhibits G, H, I, K, L, N, O, P; (3) the open-access transportation requirements under Part 284; (4) certain accounting and reporting requirements; and (5) any other regulations deemed necessary to grant the requested authorization, all as more fully set forth in the application
