DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Requests; Office of Elementary and Secondary Education; Early Reading First: Grant Performance Report

SUMMARY: Each Early Reading First grantee is required to forward an annual performance report or final report to the Secretary describing the annual progress made toward the project's goals.

DATES: Interested persons are invited to submit comments on or before November 27, 2012.

ADDRESSES: Written comments regarding burden and/or the collection activity requirements should be electronically mailed to ICDocketMgr@ed.gov or mailed to U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Washington, DC 20202-4537. Copies of the proposed information collection request may be accessed from <http://ediscweb.ed.gov>, by selecting the "Browse Pending Collections" link and by clicking on link number 04940. When you access the information collection, click on "Download Attachments" to view. Written requests for information should be addressed to U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Washington, DC 20202-4537. Requests may also be electronically mailed to ICDocketMgr@ed.gov or faxed to 202-401-0920. Please specify the complete title of the information collection and OMB Control Number when making your request.

Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35) requires that Federal agencies provide interested parties an early opportunity to comment on information collection requests. The Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management, publishes this notice containing proposed information collection requests at the beginning of the Departmental review of the information collection. The Department of Education is especially interested in

public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Early Reading First: Grant Performance Report.

OMB Control Number: 1810-0696.

Type of Review: Extension.

Total Estimated Number of Annual Responses: 60.

Total Estimated Number of Annual Burden Hours: 1,020.

Abstract: In accordance with the Elementary and Secondary Education Act of 1965, as amended, Title I, Part B, Subpart 2, Early Reading First, section 1225 states that each eligible applicant receiving a grant under this subpart shall report annually to the Secretary regarding the eligible applicant's progress in addressing the purposes of this subpart. Each report shall include, at a minimum, a description of: (1) The research-based instruction, materials, and activities being used in the programs funded under the grant; and (2) the type of ongoing professional development to staff.

Dated: September 24, 2012.

Darrin A. King,

Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management.

DEPARTMENT OF ENERGY

Agency Information Collection Extension

AGENCY: Office of Electricity Delivery and Energy Reliability, U.S. Department of Energy.

ACTION: Notice and request for comments.

SUMMARY: The Department of Energy (DOE), pursuant to the Paperwork Reduction Act of 1995, intends to extend for three years, an information collection request with the Office of Management and Budget (OMB) for the Electricity Subsector Cybersecurity Capability Maturity Model (ES-C2M2) Program. Comments are invited on: (a)

Whether the extended collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Comments must be filed by November 27, 2012. If you anticipate difficulty in submitting comments within that period, contact the person listed below as soon as possible.

ADDRESSES: Written comments may be sent to: Matthew Light, U.S. Department of Energy, 1000 Independence Ave. SW., Washington, DC 20585.

To ensure receipt of the comments by the due date, submission by email (matthew.light@hq.doe.gov) is recommended. Alternatively, Mr. Light may be contacted by telephone at 202-586-8550.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of any forms and instructions should be directed to Matthew Light at the contact information listed above.

SUPPLEMENTARY INFORMATION: The proposed collection is based on the Electricity Subsector Cybersecurity Capability Maturity Model (ES-C2M2). The model structure includes domains—logical groupings of cybersecurity risk management activities—and maturity indicator levels (MILs). The content within each domain includes characteristics, which are expressions of domain activities at each level of maturity. The model, using the Self-Evaluation Survey document can be used by various electricity subsector entities to identify best practices and potential resource allocations for cybersecurity in terms of supply chain management, information sharing, asset, change and configuration management, and risk management, among others. It is imperative that the owners and operators of the nation's electric utilities, as well as the government agencies supporting the subsector, have the ability to understand what capabilities and competencies will allow the sector to defend itself, and how to prioritize necessary investments. This program supports strategies identified in the White House Cyberspace Policy Review 2010 and the

2011 Roadmap to Achieve Energy Delivery Systems Cybersecurity. DOE will collect survey results from voluntary participants of the ES-C2M2 program to analyze and compare results across the industry to better understand the subsector's overall cybersecurity capabilities. The collected information will also be used to develop benchmarks that will be shared with program participants.

This information collection request contains: (1) OMB No. New; (2) Information Collection Request Title: Electricity Subsector Cybersecurity Capability Maturity Model Program; (3) Type of Request: New; (4) Purpose: The Department of Energy, at the request of the White House, and in collaboration with DHS and industry experts, has developed a maturity model with owners, operators and subject matter experts to meet their request to identify and prioritize cybersecurity capabilities relative to risk and cost; (5) Annual Estimated Number of Respondents: 250; (6) Annual Estimated Number of Total Responses: 250; (7) Annual Estimated Number of Burden Hours: 2000; (8) Annual Estimated Reporting and Recordkeeping Cost Burden: \$100,000.

Statutory Authority: Section 301 of the Department of Energy Organization Act, codified at 42 U.S.C. 7151.

Issued in Washington, DC, on September 18, 2012.

Patricia Hoffman,

Assistant Secretary, Office of Electricity Delivery and Energy Reliability.
