Federal Register

Vol. 77, No. 196

Wednesday, October 10, 2012

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

October 4, 2012.

The Department of Agriculture will submit the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13 on or after the date of publication of this notice. Comments regarding (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, Washington, DC; OIRA_Submission@OMB.EOP.GOV or fax (202) 395–5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250–7602.

Comments regarding these information collections are best assured of having their full effect if received by November 9, 2012. Copies of the submission(s) may be obtained by calling (202) 720–8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs

potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Agricultural Marketing Service

Title: Application for Plant Variety Protection Certificate and Objective Description of Variety.

OMB Control Number: 0581–0055.

Summary of Collection: The Plant Variety Protection Act (PVPA) (December 24, 1970; 84 Stat. 1542, 7 U.S.C. 2321 *et seq.*) was established to encourage the development of novel varieties of sexually-reproduced plants and make them available to the public, providing intellectual property rights (IPR) protection to those who breed, develop, or discover such novel varieties, and thereby promote progress in agriculture in the public interest. The PVPA is a voluntary user funded program that grants intellectual property ownership rights to breeders of new and novel seed-and tuber-reproduced plant varieties. To obtain these rights the applicant must provide information that shows the variety is eligible for protection and that it is indeed new, distinct, uniform, and stable, as the law requires. Applicants are provided with applications to identify the information that is required to issue a certificate of protection.

Need and Use of the Information: Applicants must complete the ST–470 series of forms “Application for Plant Variety Protection.” The Agricultural Marketing Service will use the information from the applicant to be evaluated by examiners to determine if the variety is eligible for protection under the PVPA. If this information were not collected there will be no basis for issuing certificate of protection, and no way for applicants to request protection.

Description of Respondents: Business or other for-profit; Federal Government.

Number of Respondents: 76.

Frequency of Responses: Reporting: On occasion; Other (varies).

Total Burden Hours: 2,435.

Charlene Parker,

Departmental Information Collection Clearance Officer.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

October 4, 2012.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments regarding (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, Washington, DC; OIRA_Submission@OMB.EOP.GOV or fax (202) 395–5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250–7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of publication of this notification. Copies of the submission(s) may be obtained by calling (202) 720–8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

National Agricultural Statistics Service

Title: Stocks Reports

OMB Control Number: 0535–0007

Summary of Collection: The primary function of the National Agricultural

Statistics Service (NASS) is to prepare and issue current official State and national estimates of crop and livestock production, stocks, disposition, and prices. As part of this function, estimates are made for stocks of off-farm grains and oilseeds, potatoes, peanuts, hops, and rice. Grain and oilseed stocks in all positions (on-farm and off-farm) are estimated quarterly. Grain stock estimates are one of the most important NASS estimates, which are watched closely by growers and industry groups. General authority for data collection is granted under U.S. Code Title 7, Section 2204. The Hop Growers of America provides the data collection for much of the production information because of sensitivity issues an impartial third party, NASS, collects stocks and price information.

Need and Use of the Information: NASS collects information to administer farm program legislation and make decisions relative to the export-import programs. Estimates of stocks provide essential statistics on supplies and contribute to orderly marketing. Farmers and agribusiness firms use these estimates in their production and marketing decisions. Collecting this information less frequently would eliminate data needed by government, industry and farmers to keep abreast of changes at the State and national level.

Description of Respondents: Business or other for profit; Farms.

Number of Respondents: 9,119.

Frequency of Responses: Reporting: Monthly; Quarterly; Semi-annually; Annually.

Total Burden Hours: 9,889.

Charlene Parker,

Departmental Information Collection Clearance Officer.

DEPARTMENT OF AGRICULTURE

Forest Service

Helena National Forest; Montana; Blackfoot Travel Plan EIS

AGENCY: Forest Service, USDA.

ACTION: Corrected Notice of Intent to prepare an environmental impact statement for the Blackfoot Travel Plan. The original notice was published in the **Federal Register** on October 29, 2010 (FR Doc. 2010-27353, page 66718-66719) and a corrected notice was published on November 26, 2010 (FR Doc. 2010-29772, page 72784-72785).

SUMMARY: The Helena National Forest (HNF) is submitting a corrected Notice

of Intent (NOI) in regard to the Blackfoot Travel Plan Environmental Impact Statement (EIS) that is being prepared. This NOI includes the correction of the previous Blackfoot Travel Plan NOI and includes a new alternative, alternative 3 and a potential programmatic plan amendment to the Helena National Forest Plan regarding the standard for elk hiding cover/open road density index. The plan amendment would be signed as a separate decision to the Blackfoot Travel Plan EIS. The proposed programmatic plan amendment would establish a new standard for elk security for the herd units located within the project area. As a result, HNF Forest Plan Standard 4a would be amended as it relates to the Blackfoot travel planning area. This programmatic plan amendment was not explicitly stated in the previous two **Federal Register** notices. All other aspects of the proposal are the same as those described in the previous **Federal Register** notices. The Helena National Forest is preparing an EIS to analyze the effects of proposed changes to existing motorized public access routes and prohibitions within the Blackfoot travel planning area. Consistent with Forest Service travel planning regulations, the resulting available public motorized access routes and areas would be designated on a Motor Vehicle Use Map (MVUM). Upon publishing the MVUM, public use of a motor vehicle other than in accordance with those designations would be prohibited.

DATES: The Draft EIS is currently being prepared and will consider public scoping comments that have been received to date; all previous comments on this project will be retained and considered. The Draft EIS will include more details regarding the programmatic plan amendment and alternative 3 and will be available for public comment and review in January of 2013, with a Final EIS expected in July of 2013. At this time, there is no formal notice and comment period that will provide the commenter appeal rights, but comments specific to this new information are welcome and will be fully considered.

ADDRESSES: Comments can be sent to the Helena National Forest Lincoln Ranger District, 1569 Hwy 200 Lincoln, MT 59639. Comments may also be sent via email to comments-northern-helena-lincoln@fs.fed.us, or via facsimile to 406-362-4253. Please indicate the name "Blackfoot Travel Plan" in the subject line of your email. It is important that reviewers provide their comments at such times and in such a way that they are useful to the Agency's preparation of the EIS. Therefore, comments should

clearly articulate the reviewer's concerns and contentions. Comments received in response to this solicitation, including names and addresses of those who comment, will become part of the public record for this proposed action. Comments submitted anonymously will be accepted and considered; however, anonymous comments will not provide the Agency with the ability to provide the respondent with subsequent environmental documents.

FOR FURTHER INFORMATION CONTACT:

Amber Kamps, Lincoln District Ranger, 1569 Hwy 200, Lincoln, MT 59639, (406) 362-7002 or at the Helena National Forest Web page at <http://www.fs.fed.us/nepa/fs-usda-pop.php/?project=30899>. Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern Time, Monday through Friday.

SUPPLEMENTARY INFORMATION:

Purpose and Need for Action: The overall objective of this proposal is to provide a manageable system of designated public motorized access routes and areas within the Blackfoot Travel area, consistent with and to achieve the purposes of Forest Service travel management regulations at 36 CFR part 212 Subpart B. The existing system of available public motor vehicle routes and areas in the Blackfoot Travel area is the culmination of multiple agency decisions over recent decades. Public motor vehicle use of the majority of this available system continues to be manageable and consistent with the current travel management regulation. Exceptions have been identified, based on public input and the criteria listed at 36 CFR 212.55, and in these cases changes are proposed to meet the overall objectives. The decisions will ensure compliance with the Forest Plan and Interagency requirements for grizzly bear security and habitat within the recovery zone.

Proposed Action (Alternative 2): The Helena National Forest proposes the following changes to the existing motorized public access routes and prohibitions within the Blackfoot travel planning area. Consistent with the travel planning regulations at 36 CFR part 212 subpart B, the resulting available public motorized access routes and areas would be designated on a Motor Vehicle Use Map and the prohibition at 36 CFR 261.13 would take effect. 36 CFR 261.13 would prohibit public use of a motor vehicle other than in accordance with those designations.

The proposed action would:
