

must also include the name, the phone number, and full address of a contact person, and an alternate, who are both *knowledgeable* about the information and data listed and *available* for 30 days post-sale; the processing company; the date processing was completed; owner of the original data set (who initially acquired the data); original data survey name; and permit number. Seismic survey information also should include the computer storage size to the nearest megabyte of each seismic data and velocity volumes used to evaluate the lease block in question. This will be used in estimating the reproduction costs for each data set during the requisition process prior to requesting data. BOEM reserves the right to query about alternate data sets, and to quality check and compare the listed and alternative data sets to determine which data set most closely meets the needs of the fair market value determination process.

A. The statement also must identify each block upon which the bidder submitted a bid or participated as a partner in a bid, but for which it did not use proprietary or reprocessed pre- or post-stack geophysical data and information as part of the decision to bid or to participate in the bid. The GDIS must be submitted even if no proprietary geophysical data and information were used in bid preparation for the block.

B. In the event a company supplies any type of data to BOEM, that company must meet the following requirements to qualify for reimbursement:

1. Companies must be registered with the System for Award Management (SAM), formerly known as the Central Contractor Registration (CCR). Your CCR username will not work in SAM. A new SAM User Account to register or update your entity's records is needed. The Web site for registering is: <https://www.sam.gov>.

2. Companies must be enrolled in the Department of Treasury's Internet Payment Platform (IPP) for electronic invoicing. The company must enroll at the IPP (<https://www.ipp.gov/>) if it has not already done so. Access will then be granted to use IPP for submitting requests for payment. When a request for payment is submitted, it must include the assigned Purchase Order Number on the request.

3. Companies must have a current Online Representations and Certifications Application at: <https://www.sam.gov>.

**Please Note:** The GDIS Information Table can be submitted digitally on a CD or DVD as an Excel Spreadsheet. If you have any questions, please contact Dee Smith at (504) 736-2706 or John Johnson at (504) 736-2455.

**Force Majeure:** The BOEM RD has the discretion to change any date, time, and/or location specified in the Final NOS Package in case of a *force majeure*

event that the BOEM RD deems may interfere with the carrying out of a fair and proper lease sale process. Such events may include, but are not limited to, natural disasters (e.g., earthquakes, hurricanes, and floods), wars, riots, acts of terrorism, fire, strikes, civil disorder, or other events of a similar nature. In case of such events, bidders should call (504) 736-0557 or access BOEM's Web site at <http://www.boem.gov> for information about any changes.
