

	Alternative A: Current management (no action)	Alternative B: Modified management (proposed action)	Alternative C: Intensive management
Funding, Infrastructure, and Partnerships.	No new or added infrastructure or equipment or vehicles, which would be replaced only as needed. Current staffing and funding would preclude pursuance of new partnerships.	Staffing and funding would need to be expanded to carry out this plan. The existing headquarters building would need to be remodeled to provide a visitor center and educational facilities, and to accommodate new employees. The maintenance shop and storage buildings would need to be remodeled to correct deficiencies and accommodate expanded staffing and equipment.	Staffing and funding would be expanded beyond Alternatives A and B to accomplish this alternative. Instead of remodeling the headquarters building, we would have to build a new visitor center, as well as seed drying and storage facilities.

Public Meeting

Opportunity for public input will be provided at the following open house public meeting.

Date	Time	Location
October 30, 2012	7–9 p.m.	Lake Andes Community Center, 207 West Main Street, Lake Andes, SD 57356.

Next Steps

After the public reviews and provides comments on the draft CCP and EA, the planning team will present this document, along with a summary of all substantive public comments, to the Regional Director. The Regional Director will consider the environmental effects of each alternative, including information gathered during public review, and will select a preferred alternative for the draft CCP and EA. If the Regional Director finds that no significant impacts would occur, the Regional Director's decision will be disclosed in a finding of no significant impact included in the final CCP. If the Regional Director finds a significant impact would occur, an environmental impact statement will be prepared. If approved, the action in the preferred alternative will compose the final CCP.

Public Availability of Comments

All public comment information provided voluntarily by mail, by phone, or at meetings (e.g., names, addresses, letters of comment, input recorded during meetings) becomes part of the official public record. If requested under the Freedom of Information Act by a private citizen or organization, the

Service may provide copies of such information.

Authority

The environmental review of this project will be conducted in accordance with the requirements of the National Environmental Policy Act (NEPA) of 1969, as amended (42 U.S.C. 4321 et seq.); NEPA Regulations (40 CFR parts 1500–1508, 43 CFR part 46); other appropriate Federal laws and regulations; Executive Order 12996; the National Wildlife Refuge System Improvement Act of 1997; and Service policies and procedures for compliance with those laws and regulations.
