The NRC cautions you not to include identifying or contact information that that you do not want to be publicly

disclosed in your comment submission. The NRC will post all comment submissions at <http://www.regulations.gov> as well as enter the comment submissions into ADAMS. The NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment submissions into ADAMS.

II. Further Information

The Office of New Reactors and the Office of Nuclear Reactor Regulation are revising SRP Section 19.0, which updates Revision 2 (ADAMS Accession No. ML071700652) dated June 2007, to reflect the changes as listed in the description of changes. These changes include (1) incorporation of guidance previously contained in Interim Staff Guidance (ISG), DC/COL-ISG-003 (ADAMS Accession No. ML081430087) concerning the review of probabilistic risk assessment (PRA) information and severe accident assessments for new reactors submitted to support design certification (DC) and combined license (COL) applications, (2) incorporation of guidance previously contained in ISG DC/COL-ISG-020 (ADAMS Accession No. ML100491233) concerning review of information from PRA-based seismic margin analyses submitted in support of DC and COL applications, (3) incorporation of guidance previously contained in ISG DI&C/COL-ISG-003 (ADAMS Accession No. ML080570048) concerning review of digital instrumentation and control system PRAs, including common cause failures in PRAs and uncertainty analysis associated with new reactor digital systems, and (4) incorporation of additional procedures for review of PRA information and severe accident assessments developed during NRC reviews of DC and COL applications completed after ISG DC/COL-ISG-003 was issued. A redline document comparing Revision 2 and the current proposed Revision 3 can be found under ADAMS Accession No. ML12153A008. The NRC staff issues **Federal Register** notices to facilitate timely implementation of the current staff guidance and to facilitate activities

associated with the review of amendment applications. The NRC staff intends to incorporate the final approved guidance into the next revision of NUREG-0800, SRP Section 19.0 Revision 3. Therefore, the comment submittal period is extended from the original date of November 8, 2012 to December 8, 2012.

Dated at Rockville, Maryland, this 25th day of October 2012.

For the Nuclear Regulatory Commission.

Amy E. Cubbage,

Chief, Policy Branch, Division of Advanced Reactors and Rulemaking, Office of New Reactors.

II. Further Information

The Office of New Reactors and Office of Nuclear Reactor Regulation are revising Sections 12.1-12.5 of the current Standard Review Plan (SRP). Details of specific revisions are included in the end of each of the revised sections themselves and are shown in the description of changes.

The changes to this SRP Chapter reflect current staff review methods and practices based on lessons learned from NRC reviews of design certification (DC) and combined license (COL) applications completed since the last revision of this chapter in March 2007. Changes include: (1) Guidance to the staff for evaluating the acceptability of the radiation protection program, including the applicant's use of generic radiation protection and groundwater program templates, (2) additional guidance for review of existing regulatory requirements related to the material covered in Chapter 12 of the SRP, (3) updating the review interfaces to improve the efficiency and consistency of staff reviews, and (4) updating references covered in SRP Chapter 12.

The NRC staff is issuing this notice to solicit public comments on the proposed SRP revisions to Chapter 12. After the NRC staff considers any public comments, it will make a determination regarding the proposed SRP Sections in Chapter 12.

Dated at Rockville, Maryland, this October 26, 2012.

For the Nuclear Regulatory Commission.
