BILLING CODE 6730-01-P

FEDERAL RESERVE SYSTEM

Change in Bank Control Notices; Acquisitions of Shares of a Bank or Bank Holding Company

The notificants listed below have applied under the Change in Bank Control Act (12 U.S.C. 1817(j)) and § 225.41 of the Board's Regulation Y (12 CFR 225.41) to acquire shares of a bank or bank holding company. The factors that are considered in acting on the notices are set forth in paragraph 7 of the Act (12 U.S.C. 1817(j)(7)).

The notices are available for immediate inspection at the Federal Reserve Bank indicated. The notices also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing to the Reserve Bank indicated for that notice or to the offices of the Board of Governors. Comments

must be received not later than December 21, 2012.

A. Federal Reserve Bank of Chicago (Colette A. Fried, Assistant Vice President) 230 South LaSalle Street, Chicago, Illinois 60690-1414:

1. *Horizon Bancorp Employee Stock Ownership Plan*, Michigan City, Indiana; to acquire voting shares of Horizon Bancorp, and thereby indirectly acquire voting shares of Horizon Bank, National Association, both in Michigan City, Indiana.

Board of Governors of the Federal Reserve System, December 3, 2012.

Margaret McCloskey Shanks,

Deputy Secretary of the Board.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Announcement of Requirements and Registration for healthfinder.gov Mobile App Challenge

AGENCY: Office of Disease Prevention and Health Promotion, Office of the Assistant Secretary for Health, Office of the Secretary, Department of Health and Human Services.

ACTION: Notice.

SUMMARY: healthfinder.gov is a free, award-winning federal Web site that features reliable, evidence-based, and actionable health information presented in plain language. The site has approximately 1 million visits each month. The prevention and wellness information and resources educate and motivate users to incorporate healthy behaviors into their lives by taking small steps towards improving their health. healthfinder.gov also provides information about U.S. Preventive Services Task Force recommended preventive services, giving the public personalized information and resources about these services. It also offers decision support for all of the clinical preventive services covered by the Affordable Care Act.

The Office of Disease Prevention and Health Promotion (ODPHP) is launching a healthfinder.gov Mobile App Challenge to promote the development of a mobile app that will facilitate the customized use of prevention and wellness information featured on the Web site.

The purpose is to provide a customized tool to reach health consumers where they are making health decisions so that they can improve their health and the health of loved ones.

DATES: Effective on December 6, 2012. Important dates include the following: December 6, 2012: healthfinder App Challenge is announced on www.challenge.gov and opened for submissions on

www.health2challenge.org. Health Tech Hatch opens crowd sourcing platform for developers to receive feedback, user testing, and/or support and backing. February 1, 2013: Deadline for Phase I Submissions.

February 8, 2013: HHS announces top three challenge applicants and launches Phase II.

March 8, 2013: Deadline for Phase II Submissions.

March 17, 2013 (tentative): HHS announces grand prize winner.

ADDRESSES: Participants can register for the Challenge by visiting www.health2challenge.org.

FOR FURTHER INFORMATION CONTACT: Silje Lier, MPH, Communication Advisor, Office of Disease Prevention and Health Promotion, U.S. Department of Health and Human Services. Email Silje.Lier@hhs.gov; phone 240-453-6113.

SUPPLEMENTARY INFORMATION:

Subject of Challenge Competition: healthfinder.gov App Challenge.

Eligibility Rules for Participating in the Competition: To be eligible to win a prize under this challenge, an individual or entity—

(1) Shall have registered to participate in the competition under the rules promulgated by the Department of Health and Human Services (HHS) and Health 2.0;

(2) Shall have complied with all the requirements under this section;

(3) In the case of a private entity, shall be incorporated in and maintain a primary place of business in the United States, and in the case of an individual, whether participating singly or in a group, shall be a citizen or permanent resident of the United States; and

(4) May not be a federal entity or federal employee acting within the scope of their employment.

(5) Shall not be a HHS employee working on their applications or submissions during assigned duty hours.

(6) Shall not be in the reporting chain of the Office of the Assistant Secretary for Health.

(7) Federal grantees may not use federal funds to develop COMPETES Act challenge applications unless consistent with the purpose of their grant award.

(8) Federal contractors may not use federal funds from a contract to develop COMPETES Act challenge applications

or to fund efforts in support of a COMPETES Act challenge submission.

(9) Applicants must agree to provide the federal government an irrevocable, royalty-free, non-exclusive worldwide license for one year, given that they are prize winners. HHS has the right to distribute copies, display, create derivative works, and publicly post, link to, and share the work or parts thereof.

An individual or entity shall not be deemed ineligible because the individual or entity used federal facilities or consulted with federal employees during a competition if the facilities and employees are made available to all individuals and entities participating in the competition on an equitable basis.

Challenge participants will be expected to sign a liability release as part of the contest registration process. The liability release will use the following language:

By participating in this competition, I agree to assume any and all risks and waive claims against the federal government and its related entities, except in the case of willing misconduct, for any injury, death, damage, or loss of property, revenue, or profits, whether direct, indirect, or consequential, arising from my participation in this prize contest, whether the injury, death, damage, or loss arises through negligence or otherwise.

Amount of the Prize: The final challenge winner will be provided a monetary cash prize totaling \$50,000. The winning solution will be promoted by ODPHP, and will live on healthfinder.gov.

Basis Upon Which Winner Will Be Selected: Challenge submissions will be judged by a panel selected by healthfinder.gov with relevant expertise in health IT, health literacy, and prevention. Winners will be selected based on the following criteria:

1. Usability and Design;
2. Health Literacy Principles;
3. Focus on Prevention and Wellness;
4. Evidence of Co-design with Users;
5. Innovation in Design;
6. Functionality/Accuracy; and
7. healthfinder.gov Look and Feel.

Award Approving Official: Don Wright, Deputy Assistant Secretary for Health, Office of Disease Prevention and Health Promotion.

Additional Information: www.healthfinder.gov contains prevention and wellness information based on health literacy principles. Challenge participants will draw from existing information provided on healthfinder.gov and collaborate directly with health professionals and/

or end users to build their application. They will have access to healthfinder.gov's content syndication tool and application programming interface (API). For more information, visit <http://healthfinder.gov/contentssyndication>.

Dated: November 30, 2012.

Don Wright,

Deputy Assistant Secretary for Health, Office of Disease Prevention and Health Promotion.

BILLING CODE 4150-32-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Announcement of Requirements and Registration for "Mobilizing Data for Pressure Ulcer Prevention Challenge"

AGENCY: Office of the National Coordinator for Health Information Technology, HHS; *Award Approving Official:* Farzad Mostashari, National Coordinator for Health Information Technology.

ACTION: Notice.

SUMMARY: According to the Agency for Healthcare Research and Quality (AHRQ), each year more than 2.5 million people in the United States are affected by skin breakdowns that cause pain, increased risk for serious infection, and increased health care utilization. The National Pressure Ulcer Advisory Panel (NPUAP) serves as the authoritative voice for improved patient outcomes in pressure ulcer prevention and treatment through public policy, education and research, and publishes resources and documents at www.npuap.org/index.html. AHRQ has published an acute care toolkit for prevention of pressure ulcers at www.ahrq.gov/research/lrc/pressureulcertoolkit/putool7b.htm. Many of today's electronic documentation systems require nurses to enter oversimplified text narratives or check boxes. Even when documentation systems include standard terminology, the data is locked inside proprietary software.

Development of a mobile health application (app) for iPhone, iPad, or Android devices that implements standards for documenting and exchanging health information about pressure ulcers will facilitate meaningful information exchange and improve the patient experience and coordination of care across the healthcare continuum while reducing health care costs. A mobile health app would support nurses, in partnership with patients, families, caregivers and the multidisciplinary health care team,

to reduce the incidence and severity of pressure ulcers.

There are two goals for the Mobilizing Data for Pressure Ulcer Prevention Challenge. First, the development of a standard bedside pressure ulcer assessment tool, and second, the broader goal to promote the integration of nursing content into common information models and Systematized Nomenclature of Medicine Clinical Terms (SNOMED CT). With documentation tools that include common information models and standard terminology for structured representation of appropriate nursing knowledge, nurses achieve the ability to track changes in patient status and to exchange information to improve continuity of care.

The statutory authority for this challenge competition is Section 105 of the America COMPETES Reauthorization Act of 2010 (Pub. L. 11-358).

DATES: Effective on December 5, 2012. Challenge submission period ends April 29, 2013, 11:59 p.m. et.

FOR FURTHER INFORMATION CONTACT: Adam Wong, 202-720-2866.

SUPPLEMENTARY INFORMATION:

Subject of Challenge Competition

The "Mobilizing Data for Pressure Ulcer Prevention Challenge" is a multidisciplinary call to develop a mobile health app to facilitate observation and documentation for prevention, early detection and appropriate management of pressure ulcers in clinical settings. The app is intended to encourage the use of information exchange standards. The challenge will demonstrate the value of common models and terminologies and promote the continued integration of nursing content into SNOMED CT, as well as the development of common clinical information models of interest to nursing.

Submissions must include the following attributes:

- Provide an easy-to-understand and intuitive user interface
- Enter information about the pressure ulcer, including skin color, temperature, and moisture
- Capture photos of the pressure ulcer
- Generate a clinical assessment document

- Apply the following HL7 health care information systems security standards and knowledge, available at http://wiki.hl7.org/index.php?title=Pressure_Ulcer_Prevention:

- Reconciled PDF (October 2011) with introduction (http://wiki.hl7.org/images/e/eb/PressureUlcerPrevention_DomainAnalysisModel_Oct2011pdf.zip)
