

collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), *OIRA_Submission@OMB.EOP.GOV* or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Food and Nutrition Service

Title: Negative Quality Control Review Schedule.

OMB Control Number: 0584-0034.

Summary of Collection: The legislative basis for the operation of the quality control system is provided by section 16 of the Food and Nutrition Act of 2008. State agencies are required to perform Quality Control (QC) reviews for the Supplemental Nutrition Assistance Program (SNAP). Section 275.21 requires State agencies to submit reports to enable the Food and Nutrition Service (FNS) to monitor their compliance with Program requirements relative to the Quality Control Review System. FNS will collect information using forms FNS-245 *Negative Case Action Review Schedule*.

Need and Use of the Information: FNS will collect information to record data in negative case reviews. Negative case actions include the denial, termination or suspension of benefits. If the information were not collected, it would delay the awarding of monetary incentives in which the negative error rate played a role.

Description of Respondents: State, Local, or Tribal Government.

Number of Respondents: 53.

Frequency of Responses: Recordkeeping; Reporting: On occasion; Annually.

Total Burden Hours: 120,812.

Ruth Brown,

Departmental Information Collection Clearance Officer.

Animal and Plant Health Inspection Service

[Docket No. APHIS-2012-0093]

Notice of Request for Extension of Approval of an Information Collection; Introduction of Organisms and Products Altered or Produced Through Genetic Engineering

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request an extension of approval of an information collection associated with the regulations for the introduction of organisms and products altered or produced through genetic engineering. **DATES:** We will consider all comments that we receive on or before February 11, 2013.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/#!documentDetail;D=APHIS-2012-0093-0001>.

- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS-2012-0093, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road Unit 118, Riverdale, MD 20737-1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/#!docketDetail;D=APHIS-2012-0093> or in our reading room, which is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799-7039 before coming.

FOR FURTHER INFORMATION CONTACT: For information regarding the regulations for the introduction of organisms and products altered or produced through

genetic engineering, contact Ms. Cynthia A. Eck, Document Control Officer, Regulatory Operations Programs, BRS, APHIS, 4700 River Road Unit 91, Riverdale, MD 20737; (301) 851-3892. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 851-2908.

SUPPLEMENTARY INFORMATION:

Title: 7 CFR part 340; Introduction of Organisms and Products Altered or Produced Through Genetic Engineering. *OMB Number:* 0579-0085.

Type of Request: Extension of approval of an information collection.

Abstract: Under the Plant Protection Act (PPA, 7 U.S.C. 7701 *et seq.*), the Secretary of Agriculture is authorized to prohibit or restrict the importation, entry, or movement in interstate commerce of any plant, plant product, biological control organism, noxious weed, article, or means of conveyance, if the Secretary determines that the prohibition or restriction is necessary to prevent the introduction or the dissemination of a plant pest into the United States.

Under that authority, the U.S. Department of Agriculture's Animal and Plant Health Inspection Service (APHIS) has established regulations in 7 CFR part 340, "Introduction of Organisms and Products Altered or Produced Through Genetic Engineering Which Are Plant Pests or Which There Is Reason to Believe Are Plant Pests." The regulations govern the introduction (importation, interstate movement, or release into the environment) of covered genetically engineered organisms and products ("regulated articles"). A permit must be obtained or a notification acknowledged before a regulated article may be introduced.

The regulations set forth the permit application requirements and the notification procedures for the importation, interstate movement, or release into the environment of a regulated article and necessitate certain information and recordkeeping requirements, including APHIS-issued permits, applicants' field testing records, and the submission of protocols to ensure compliance.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.945142857 hours per response.

Respondents: Applicants from agricultural companies.

Estimated annual number of respondents: 121.

Estimated annual number of responses per respondent: 29.

Estimated annual number of responses: 3,500.

Estimated total annual burden on respondents: 3,308 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 6th day of December 2012.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

Animal and Plant Health Inspection Service

[Docket No. APHIS-2012-0085]

Notice of Request for Revision to and Extension of Approval of an Information Collection; APHIS Online Reporting Form

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Revision to and extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this

notice announces the Animal and Plant Health Inspection Service's intention to request a revision to and extension of approval of an information collection that allows the public to report sightings of plant pests and diseases.

DATES: We will consider all comments that we receive on or before February 11, 2013.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/#!documentDetail;D=APHIS-2012-0085-0001>.

- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS-2012-0085, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road Unit 118, Riverdale, MD 20737-1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/#!docketDetail;D=APHIS-2012-0085> or in our reading room, which is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799-7039 before coming.

FOR FURTHER INFORMATION CONTACT: For information on the APHIS Online Reporting Form, contact Ms. Heather Curlett, Outreach and Risk Communications Coordinator, PPQ, APHIS, 4700 River Road Unit 130, Riverdale MD 20737; (301) 851-2294. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 851-2908.

SUPPLEMENTARY INFORMATION:

Title: APHIS Online Reporting Form.

OMB Number: 0579-0311.

Type of Request: Revision to and extension of approval of an information collection.

Abstract: As authorized by the Plant Protection Act (U.S.C. 7701 *et seq.*) (PPA), the Animal and Plant Health Inspection Service (APHIS), either independently or in cooperation with States, may carry out operations or measures to detect, eradicate, suppress, control, prevent, or retard the spread of plant pests and diseases that are new to or not widely distributed within the United States. This authority allows APHIS to establish control programs for a number of pests and diseases of concern, including Asian longhorned

beetle (ALB), emerald ash borer beetle, and citrus greening, to name a few.

APHIS relies on the public to report sightings of pests of concern or suspicious signs of pest or disease damage they may see in their local area. This reporting is currently done through a simple voluntary online form currently used to obtain reports from the public on sightings or signs of ALB. Reports can come from areas that are under regulatory oversight and those areas where no regulatory oversight currently exists. Surveys performed by members of the general public, nature organizations, school groups, garden clubs, and others help APHIS uncover unknown infestations. In fact, surveys conducted by the public supplement the work done by the Agency's surveyors.

The current online form is used to obtain reports from the public on signs or sightings of ALB. This information collection activity was approved by the Office of Management and Budget (OMB) under control number 0579-0311. However, since the form allows the public to only enter information concerning ALB, APHIS is expanding the form to enable the public to submit reports about a variety of pests and diseases. This information will be used to identify new or expanded outbreaks of pests and diseases of concern. The reports, as they are collected, will be transmitted to the appropriate officials in APHIS' Plant Protection and Quarantine program for follow-up, including onsite inspections by APHIS officials or State department of agriculture plant pest experts. Follow-up questions or details on location will be obtained by contacting the respondent for more information and directions.

We are asking OMB to approve our use of this information collection activity for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond, through use, as appropriate, of automated, electronic, mechanical,
