

SUPPLEMENTARY INFORMATION: Under Regulations 30 CFR parts 7 and 15, the MSHA evaluates and approves explosive materials and blasting units as permissible for use in the mining industry; however, since there are no permissible explosives or blasting units available that have adequate blasting capacity for some metal and nonmetal gassy mines, 30 CFR 57.22606(a) outlines the procedures for a mine operator to follow when using non-approved explosive materials and blasting units. The standard requires the mine operator of a Class III metal or nonmetal mine (gassy mine) to notify the MSHA in writing prior to the use of any non-approved explosive materials and blasting units. The MSHA then evaluates the non-approved explosive materials and determines whether they are safe for use in a potentially gassy environment.

SUPPLEMENTARY INFORMATION:

Beneficiaries file a Claim for Medical Reimbursement, Form OWCP–915, to obtain reimbursement for out-of-pocket covered medical expenses paid by a beneficiary. Required billing data elements (prepared by the medical provider) and proof of payment by the beneficiary must accompany the claims form. While not expected to change respondent burden, this ICR has been characterized as a revision because the agency has reformatted elements of Form OWCP–915 (e.g., replaced an obsolete logo with the DOL Seal, provided an additional notice on the rights of respondents with disabilities,

and removed references to the no longer existent Employment Standards Administration).
