#### Honey From Argentina; Rescission of Antidumping Duty Administrative Review; 2010-2011

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (the Department) is rescinding the 2010-2011 antidumping duty administrative review on honey from Argentina because all parties have withdrawn their requests for review and the antidumping duty order on imports of honey from Argentina is being revoked, effective December 1, 2010.

**DATES:** Effective December 31, 2012.

**FOR FURTHER INFORMATION CONTACT:** Patrick Edwards or Angelica Mendoza, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution

Avenue NW, Washington, DC 20230, at (202) 482-8029 or (202) 482-3019, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Background

On December 10, 2001, the Department published the antidumping duty order on honey from Argentina.<sup>1</sup> On December 1, 2011, the Department published in the **Federal Register** the notice of opportunity to request an administrative review of the antidumping duty order on honey from Argentina for the period December 1, 2010, through November 30, 2011.<sup>2</sup> Between December 29, 2011, and January 3, 2012, the Department received several requests from interested parties that the Department conduct an administrative review of certain producers/exporters of honey from Argentina.<sup>3</sup> On January 31, 2012, the Department published in the **Federal Register** the notice of initiation of the 2010-2011 administrative review of honey from Argentina.<sup>4</sup>

On February 23, 2012, the Department released the results of a data query to U.S. Customs and Border Protection (CBP) regarding imports into the United States of honey from Argentina during the period of review (POR).<sup>5</sup> We did not receive any comments from parties regarding the CBP entry data. On March 19, 2012, the Department selected mandatory respondents for this administrative review based on import volume figures (*i.e.*, HoneyMax S.A. (Honeymax) and Nexco).<sup>6</sup> On March 22,

2012, the Department issued the antidumping duty questionnaire to Honeymax and Nexco. On April 24, 2012, the American Honey Producers Association and the Sioux Honey Association (collectively, petitioners) withdrew their request for review for ten of the original twenty-two companies for which they had made a review request, including Honeymax, a mandatory respondent.<sup>7</sup> We received Nexco's response to section A of the antidumping duty questionnaire on April 26, 2012.<sup>8</sup> On April 27, 2012, petitioners additionally withdrew their request for TransHoney S.A. and we concurrently received a notice of withdrawal from TransHoney S.A. itself.<sup>9</sup>

Because petitioners timely withdrew their request for review regarding HoneyMax, and because HoneyMax did not self-request a review, we issued a supplemental respondent selection memorandum, selecting CIPSA as the alternate mandatory respondents.<sup>10</sup> We issued the antidumping duty questionnaire to CIPSA on May 16, 2012. We received Nexco's responses to sections B and C of the Department's questionnaire on May 22, 2012.<sup>11</sup> We received CIPSA's section A questionnaire response, and its section B and C questionnaire responses on June 18, 2012, and June 29, 2012, respectively.<sup>12</sup>

On July 24, 2012, petitioners filed a submission withdrawing their review requests for the remaining companies for which they had requested a review and further indicated that they were simultaneously filing a request for the initiation of a "no interest" changed circumstances review, under which petitioners would be seeking the revocation of the *Order* on honey from Argentina.<sup>13</sup> We received similar withdrawals of request for review from Nexco and CIPSA also on July 24, 2012.

#### Rescission of Antidumping Duty Administrative Review

#### Assessment Instructions

Given the revocation of the *Order*, the Department will instruct CBP to terminate suspension of liquidation effective December 1, 2010. ### International Trade Administration

#### Healthcare Trade Mission to Russia, June 3-7, 2013

**AGENCY:** International Trade Administration, Department of Commerce.

**ACTION:** Notice.

#### Mission Description

The U.S. Department of Commerce, International Trade Administration, U.S. and Foreign Commercial Service (CS), is organizing a Healthcare Trade Mission to Moscow and St. Petersburg, Russia from June 3-7, 2013 which will be led by a senior Commerce official.

Russia, with 140 million consumers and rapidly growing demand for healthcare products and services, presents lucrative opportunities for U.S. companies. Equipment, technologies, and investments are needed in the healthcare sector, specifically in the medical equipment, dental equipment and biotechnology sub-sectors. This healthcare mission will directly contribute to the National Export Initiative (NEI) by assisting U.S. businesses in entering the Russian healthcare market and increasing U.S. exports. It will also be a deliverable for

the U.S.-Russia Bilateral Presidential Commission Business Development and Economic Relations Working Group.

The mission will help participants gain market insights, make industry contacts, solidify business strategies, and advance specific projects with the goal of increasing U.S. exports to Russia. The mission will include one-on-one business appointments with pre-screened potential partners, market briefings, and networking events. Joining this official U.S. delegation will provide participating companies an opportunity to assess the Russian healthcare market.

#### Commercial Setting

Russia is one of the world's fastest growing economies and its healthcare system is evolving rapidly with a promising outlook for U.S. healthcare exports, particularly in the medical equipment, dental equipment and biotechnology subsectors. Russia's National Health Project aims at improving access and funding for healthcare and improving Russia's healthcare sector, and has created opportunities for increased U.S. exports in the healthcare sector.

Approximately 20% of overall health care spending is covered out-of-pocket by patients. Voluntary healthcare insurance programs currently account for approximately one-third of total private healthcare expenditures. According to future reform plans, mandatory insurance funds will serve as the main source of healthcare funding and will provide transparency and monetary control within the system.

The National Health Project was signed by President Putin in 2005 and was designed to significantly improve Russian healthcare. From 2011-2013, \$15.4 billion was allocated from both the federal budget and the Mandatory Healthcare Insurance Fund [to the National Health Project?]. The Program of Modernization in Healthcare 2011-2012, aimed at renovating and upgrading healthcare facilities, was financed at \$11 billion. The significant funding reflects the current need for new modern technologies for diagnostics and treatment. Russian patients are becoming more aware of modern medical technologies around the world and expect the same types of treatment in Russia.

In addition to these programs that are currently being implemented, the Ministry of Health has recently developed a draft government program called "Development of Healthcare in the Russian Federation." This document is currently under review for approval. It contains the principles of preventive
