

Input may be submitted to: TourismStrategyComment@trade.gov by Tuesday, February 28, 2012. Electronic comments are preferred. Written comments may be sent to: Jennifer Pilat, 1401 Constitution Avenue NW., Suite 4043, International Trade Administration, Washington, DC, 20230.

The Executive Order is available at: <https://www.federalregister.gov/articles/2012/01/24/2012-1568/establishing-visa-and-foreign-visitor-processing-goals-and-the-task-force-on-travel-and-p-1>.

Authority: Section 3 of Executive Order 13597 *Establishing Visa and Foreign Visitor Processing Goals and the Task Force on Travel and Competitiveness Request for Comments*: ITA seeks comments on key stakeholder priorities to be considered in the development of the Strategy. Comments should include a reference to this **Federal Register** notice. The Task Force will consider the comments submitted in response to this request, as well as other inputs, in its development of the Strategy.

Dated: February 9, 2012.

Jennifer Pilat,

Deputy Director, Office of Advisory Committees and Industry Engagement.

BILLING CODE 3510-DR-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

[Docket No. 120123059-2058-01]

Evaluating the Usability of Electronic Health Record (EHR) Systems

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice.

SUMMARY: NIST is soliciting interest in supplying electronic health record (EHR) systems for use by NIST in research to develop a framework for assessing the usability of health information technology (HIT) systems, EHRs in particular, and performance-oriented user interface design guidelines for EHRs. Manufacturers interested in participating in this research will be asked to execute a Letter of Understanding. Interested parties are invited to contact NIST for information regarding participation, Letters of Understanding and shipping information.

DATES: Manufacturers who wish to participate in the program must submit a request and an executed Letter of

Understanding by 5 p.m. Eastern Standard Time on March 15, 2012.

ADDRESSES: Letters of Understanding may be obtained from and should be submitted to Svetlana Lowry, National Institute of Standards and Technology, Information Access Division, Building 225, Room A232, 100 Bureau Drive, Mail Stop 8940, Gaithersburg, MD 20899-8940. Letters of Understanding may be faxed to: Svetlana Lowry at (301) 975-5287.

FOR FURTHER INFORMATION CONTACT: For further information, you may telephone Svetlana Lowry at (301) 975-4995, or email: svetlana.lowry@nist.gov.

SUPPLEMENTARY INFORMATION: The National Institute of Standards and Technology (NIST) will be conducting research to support the development of procedures for measuring and evaluating the usability of health information technology (HIT) systems. NIST research is designed to: (1) Develop a set of guidelines/standards for the usability of HIT/EHRs, and (2) develop a framework for assessing EHR usability in development of a report titled "NIST Usability Guidelines and Evaluation Framework for EHR Systems." NIST may also examine relevant instructions, documentation and EHR error messages.

NIST is soliciting interest in supplying existing EHR systems for use by NIST in research to develop performance-oriented user interface design guidelines for EHRs, and a framework for assessing the usability of EHRs. Interested manufacturers should contact NIST at the address given above. NIST will supply a Letter of Understanding, which the manufacturer must execute and send back to NIST. The Letters of Understanding will be entered into pursuant to the authorities granted NIST under 15 U.S.C. 3710a. NIST will then provide the manufacturer with instructions for shipping the EHR system. NIST anticipates that it will take approximately one year to conduct all necessary research. No modification to the manufacturers' product is permitted during the research process. NIST may transport equipment to locations off site from NIST's main campus as required for the purpose of conducting usability studies. NIST will ensure that all off site usability testing locations have the same or higher level of security and system protection procedures as the on-site NIST labs located in the Usability Laboratory in Gaithersburg, MD. At the conclusion of the experiments, NIST will remove the EHR systems from all computers on which they were installed and return them to the manufacturers.

Information acquired during the tests regarding potential usability problems will be reported to the respective manufacturer. Usability testing results for identifiable vendor systems will not be released subject to the terms and conditions in the Letters of Understanding. Comparative information (e.g., testing results from unidentified EHR systems A, B, and C) may be released in a blind manner in a report from NIST titled "NIST Usability Guidelines and Evaluation Framework for EHR Systems."

Participating manufacturers should include or provide a technical tutorial on the use of the EHR system. NIST will pay all shipping costs associated with sending the EHR system installation and training materials except those not permitted by law (such as shipping insurance, which, if desired, must be purchased by the manufacturer). NIST must pay shipping costs directly and cannot reimburse manufacturers for shipping costs. Unless the manufacturer desires to pay such shipping insurance costs, there is no other cost to the manufacturer for the testing.

EHR systems that will be accepted for the experiments may include inpatient and outpatient EHRs. NIST will not accept actual personal health information as part of this project.

Dated: February 8, 2012.

Willie E. May,

Associate Director for Laboratory Programs.

BILLING CODE 3510-13-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Documentation of Fish Harvest

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before April 16, 2012.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer,

Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at Jfessup@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Rich Malinowski; telephone: (727) 824-5305 or rich.malinowski@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for an extension of a currently approved information collection.

The seafood dealers who process red porgy, gag, black grouper, or greater amberjack during seasonal fishery closures must maintain documentation, as specified in 50 CFR part 300 subpart K, that such fish were harvested from areas other than the South Atlantic. The documentation includes information on the vessel that harvested the fish and where and when the fish were offloaded. The information is required for the enforcement of fishery regulations.

II. Method of Collection

The information is in the form of a paper affidavit which remains with the respondent.

III. Data

OMB Control Number: 0648-0365.

Form Number: None.

Type of Review: Regular submission (renewal of a currently approved collection).

Affected Public: Business or other for-profit organizations, individuals or households.

Estimated Number of Respondents: 25.

Estimated Time per Response: 30 minutes.

Estimated Total Annual Burden Hours: 50.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information

on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: February 9, 2012.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

National Oceanic and Atmospheric Administration

RIN 0648-XA970

Atlantic Highly Migratory Species; Atlantic Shark Management Measures; 2012 Research Fishery

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: On October 31, 2011, NMFS published a notice inviting qualified commercial shark permit holders to submit an application to participate in the 2012 shark research fishery. The shark research fishery allows for the collection of fishery-dependent data for future stock assessments while also allowing NMFS and commercial fishermen to conduct cooperative research to meet the shark research objectives of the Agency. Every year, the permit terms and permitted activities (e.g., number of hooks and trip, retention limits) specifically authorized for selected participants in the shark research fishery are designated depending on the scientific and research needs of the Agency as well as the number of NMFS-approved observers available. In order to inform selected participants of this year's specific permit requirements and ensure all terms and conditions of the permit are met, NMFS is holding a mandatory permit holder meeting for selected participants. In this notice, NMFS announces the date and time of that meeting.

DATES: A conference call will be held on February 17, 2012.

ADDRESSES: A conference call will be conducted. See **SUPPLEMENTARY**

INFORMATION for information on how to access the conference call.

FOR FURTHER INFORMATION CONTACT:

Karyl Brewster-Geisz or Delisse Ortiz at (301) 427-8503, or online at <http://www.nmfs.noaa.gov/sfa/hms/>.

SUPPLEMENTARY INFORMATION: The Atlantic shark fisheries are managed under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). The 2006 Consolidated Highly Migratory species (HMS) Fishery Management Plan (FMP) is implemented by regulations at 50 CFR part 635.

The final rule for Amendment 2 to the Consolidated HMS FMP (73 FR 35778, June 24, 2008, corrected at 73 FR 40658, July 15, 2008) established, among other things, a shark research fishery to maintain time series data for stock assessments and to meet NMFS' research objectives. The shark research fishery gathers important scientific data and NMFS allows selected commercial fishermen the opportunity to earn more revenue from selling the sharks caught, including sandbar sharks. Only the commercial shark fishermen selected to participate in the shark research fishery are authorized to land/harvest sandbar sharks subject to the sandbar quota available each year. The sandbar shark base quota is 87.9 mt dw per year through December 31, 2012, although this number may be reduced in the event of overharvests, if any. The selected shark research fishery participants also have access to the non-sandbar large coastal sharks (LCS), small coastal sharks (SCS), and pelagic shark quotas subject to retention limits and quotas per §§ 635.24 and 635.27, respectively.

On October 31, 2011 (76 FR 67149), NMFS published a notice inviting qualified commercial shark permit holders to submit an application to participate in the 2012 shark research fishery. NMFS received 19 applications, of which 16 applicants were determined to meet all the qualifications. From the 16 qualified applicants, NMFS randomly selected 5 participants after considering how to meet research objectives in particular regions. During the annual application period, commercial shark permit holders (directed and incidental) are invited to submit an application to participate in the shark research fishery. NMFS expects to invite qualified commercial shark permit holders to submit an application for the 2013 shark research fishery later this year.

Every year, the permit terms and permitted activities (e.g., number of
