Comments regarding this information collection are best assured of having their full effect if received within 30 days of this notification. Comments should be addressed to: Desk Officer for USAID, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington DC 20503. Copies of submission may be obtained by calling (202) 712–5007.

SUPPLEMENTARY INFORMATION:

OMB Number: OMB 0412–XXXX.

Form Number: AID Form 101–1.

Title: Feed the Future Public-Private Partnership Opportunity Explorer.
Type of Submission: New Information Collection.

Purpose: United States Agency for International Development must collect information as part of the Public-Private Partnerships Opportunity Explorer (PPOE). Information collected will be used to respond to initial private-sector interest in a partnership with Feed the Future and provide additional information and contacts regarding partnerships (i.e., how to get the process started if it looks like a good fit or alternative options for partnership). The information will be collected from private-sector organizations that are interested in partnering with the U.S. Government. Responses are voluntary. The information will be collected electronically via an online decision tree and related online form. The form will be collected by the Bureau for Food Security at USAID. The decision tree and form help reduce the transaction

costs for initial exploration of a partnership for both the private-sector organization and the U.S. Government. They also provide the initial point of entry for private sector organizations into partnerships with the U.S. Government. Electronic submission ensures the creation of a record. Submissions will be stored within an Excel spreadsheet (database) created for the purpose of archiving these submissions and managed by the Bureau for Food Security at USAID. At a later date, the Bureau for Food Security may use a more formalized system to maintain the records, such as Customer Relationship Management (CRM) software. Electronic record retention will adhere to USAID ADS Chapter 502 regulations USAID (ADS 502.3.4.10) and in cases where a registration of interest turns into a public-private partnership, record retention will adhere to procurement record regulations outlined in USAID ADS 324 (USAID ADS 324.3.7). In rare cases where completing the form via the online tool is impossible, USAID will provide the form in PDF or Word document format for completion and submission via email or fax.

Title: WIC Infant and Toddler Feeding Practices Study-2 (ITFPS–2).

OMB Control Number: 0584–NEW.

Summary of Collection: The Healthy, Hunger-Free Kids Act of 2010 (Pub. L. 111–296, Sec. 305) mandates programs under its authorization, including WIC, to cooperate with USDA program research and evaluation activities. The United States Department of Agriculture's (USDA) Special Supplemental Nutrition Program for Women, Infants and Children (WIC) serves a highly-vulnerable population low-income pregnant and post-partum women, infants, and children through their fifth birthday who are at nutritional risk. The program provides supplemental food packages, health referrals and nutrition education for participants. The current study is a new information collection titled the “WIC Infant and Toddler Feeding Practices

Study-2 (WIC ITEFPS-2).” The study is needed to update information on the WIC Infant Feeding Practices Study (WIC IFPS-1), which was conducted in the fall of 1994, and only collected data on infants. Since that time WIC infant feeding practices may have changed in important ways, particularly since the new WIC food packages were introduced in 2009, and the program has instituted a greater emphasis on nutrition education and breastfeeding.

Need and Use of the Information: The Food and Nutrition Service (FNS) will collect information from the study to understand the nutritional intake and feeding patterns within the WIC population to assist in the development of appropriate and effective prevention strategies to improve the health of young children. If the study is not conducted, FNS will not have current information on the feeding practices and dietary intakes of WIC infants and toddlers or WIC operations for making policy decision about WIC services and nutrition education.

Title: An Assessment of the Roles and Effectiveness of Community-Based Organizations in the Supplemental Nutrition Assistance Program.

OMB Control Number: 0584-NEW.

Summary of Collection: Section 17 (U.S.C. 2026 (a) (1)) of the Food and Nutrition Act of 2008 provides general legislative authority for the planned data collection. It authorizes the Secretary of Agriculture to enter into contracts with private institutions to undertake research that will help to improve the administration and effectiveness of SNAP in delivering nutrition-related benefits. To provide more timely and efficient services to the growing number of SNAP applicants, State and local SNAP offices are partnering with community-based organizations (CBOs) that have the capacity to conduct applicant interviews for SNAP. The Food and Nutrition Service (FNS) has approved these partnerships as part of a demonstration of “Community Partner Interviewer Projects.” Although these projects have existed for several years, they have never been fully evaluated. FNS will collect information using a customer satisfaction survey and in-

depth interviews with staff at State or local agencies and CBOs.

Need and Use of the Information: The purpose of the information collection is to support research that assesses the roles and effectiveness of CBOs that are serving as representatives of the SNAP State agencies during the SNAP interview. If the information is not collected FNS will not have critical information for assessing the impact of the demonstrations.

Description of Respondents: Individual or households; Not-for-profit institutions; State, Local or Tribal Government.

Number of Respondents: 2,807.

Frequency of Responses: Reporting: On occasion; Other (One-time).

Total Burden Hours: 1,144.
