

otherwise specifically designated for exemptions herein which contain isolated items of properly classified information.

(c) *Exemption for Anticipation of a Civil Action or Proceeding.* All systems of records maintained by the NGB shall be exempt under section (d)(5) of 5 U.S.C. 552a, to the extent that the record is compiled in reasonable anticipation of a civil action or proceeding.

(d) *General Exemptions.* No SOR within the NGB shall be considered exempt under subsection (j) or (k) of 5 U.S.C. 552a until the exemption rule for the SOR has been published as a final rule in the FR.

(e) *Specific exemptions.*

(1) System identifier and name: INGB 001, Freedom of Information Act (5 U.S.C.) and Privacy Act (5 U.S.C. 552a) Case Files.

(i) Exemption: During the course of a 5 U.S.C. 552 or 5 U.S.C. 552a action, exempt materials from other systems of records may, in turn, become part of the case records in this system. To the extent that copies of exempt records from those other systems of records are entered into this 5 U.S.C. 552 or 5 U.S.C. 552a case record, the NGB hereby claims the same exemptions for the records from those other systems that are entered into this system, as claimed for the original primary SOR which they are a part.

(ii) Authority: 5 U.S.C. 552a, sections (j)(2), (k)(1), (k)(2), (k)(3), (k)(4), (k)(5), (k)(6), and (k)(7).

(iii) Reasons: Records are only exempt from pertinent provisions of 5 U.S.C. 552a to the extent such provisions have been identified and an exemption claimed for the original record and the purposes underlying the exemption for the original record still pertain to the record which is now contained in this SOR. In general, the exemptions were claimed in order to protect properly classified information relating to national defense and foreign policy, to avoid interference during the conduct of criminal, civil, or administrative actions or investigations, to ensure protective services provided the President and others are not compromised, to protect the identity of confidential sources incident to Federal employment, military service, contract, and security clearance determinations, to preserve the confidentiality and integrity of Federal testing materials, and to safeguard evaluation materials used for military promotions when furnished by a confidential source. The exemption rule for the original records will identify the specific reasons why the records are exempt from specific provisions of 5 U.S.C. 552a.

(2) System identifier and name: INGB 005, Special Investigation Reports and Files.

(i) Exemption: Investigatory material compiled for law enforcement purposes, other than material within the scope of subsection 5 U.S.C. 552a(j)(2), may be exempt pursuant to 5 U.S.C. 552a(k)(2). However, if an individual is denied any right, privilege, or benefit for which he would otherwise be entitled by Federal law or for which he would otherwise be eligible, as a result of the maintenance of the information, the individual will be provided access to the information except to the extent that disclosure would reveal the identity of a confidential source. Note: When claimed, this exemption allows limited protection of investigative reports maintained in a SOR used in personnel or administrative actions. Any portion of this SOR which falls within the provisions of 5 U.S.C. 552a(k)(2) may be exempt from the following subsections of 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (H), and (I), and (f).

(ii) Authority: 5 U.S.C. 552a, section (k)(2).

(iii) Reasons:

(A) From subsection (c)(3) because to grant access to the accounting for each disclosure as required by 5 U.S.C. 552a, including the date, nature, and purpose of each disclosure and the identity of the recipient, could alert the subject to the existence of the investigation. This could seriously compromise case preparation by prematurely revealing its existence and nature; compromise or interfere with witnesses or make witnesses reluctant to cooperate; and lead to suppression, alteration, or destruction of evidence.

(B) From subsections (d) and (f) because providing access to investigative records and the right to contest the contents of those records and force changes to be made to the information contained therein would seriously interfere with and thwart the orderly and unbiased conduct of the investigation and impede case preparation. Providing access rights normally afforded under 5 U.S.C. 552a would provide the subject with valuable information that would allow interference with or compromise of witnesses or render witnesses reluctant to cooperate; lead to suppression, alteration, or destruction of evidence; enable individuals to conceal their wrongdoing or mislead the course of the investigation; and result in the secreting of or other disposition of assets that would make them difficult or impossible to reach in order to satisfy any Government claim growing out of the investigation or proceeding.

(C) From subsection (e)(1) because it is not always possible to detect the relevance or necessity of each piece of information in the early stages of an investigation. In some cases, it is only after the information is evaluated in light of other evidence that its relevance and necessity will be clear.

(D) From subsections (e)(4)(G) and (H) because this SOR is compiled for investigative purposes and is exempt from the access provisions of subsections (d) and (f).

(E) From subsection (e)(4)(I) because to the extent that this provision is construed to require more detailed disclosure than the broad, generic information currently published in the system notice, an exemption from this provision is necessary to protect the confidentiality of sources of information and to protect privacy and physical safety of witnesses and informants.

POSTAL SERVICE

39 CFR Part 111

New Mailing Standards for Live Animals and Special Handling

AGENCY: Postal Service™.

ACTION: Proposed rule.

SUMMARY: The Postal Service is proposing to revise *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) 503.14 and 601.9.3 to require special handling service for shipments containing certain types of live animals, to limit the mail classes available for use when shipping certain types of live animals, and to expand the mailability of live animals domestically to include any adult bird weighing no more than 25 pounds.

DATES: Submit comments on or before May 24, 2013.

ADDRESSES: Mail or deliver written comments to the manager, Product Classification, U.S. Postal Service, 475 L'Enfant Plaza SW., Room 4446, Washington, DC 20260-5015. You may inspect and photocopy all written comments at USPS® Headquarters Library, 475 L'Enfant Plaza SW., 11th Floor North, Washington, DC, by appointment only between the hours of 9 a.m. and 4 p.m., Monday through Friday. Call 1-202-268-2906 in advance for an appointment. Email

comments, containing the name and address of the commenter, may be sent to: ProductClassification@usps.gov, with a subject line of "Live Animals." Faxed comments are not accepted.

FOR FURTHER INFORMATION CONTACT:

Grace Letto at 202–268–8370 or Rachel Devadas at 202–268–7276.

SUPPLEMENTARY INFORMATION: The Postal Service currently requires special handling service for designated shipments of live animals needing additional care during transport and handling to its destination as follows: Domestic shipments containing honeybees or baby poultry are currently required to include special handling service, unless First-Class Mail®, First-Class Package Service™, or Priority Mail® is used. Shipments containing live animals must also be marked on the address side with a description of the contents, even if special handling service is not purchased. These markings provide notice to Postal Service employees that specific care, different from the handling of ordinary mailpieces, is required. Circumstances requiring the Postal Service to handle shipments containing live animals differently also include:

- a. Protection of Postal Service employees and the public against harm from diseased animals.
- b. Protection of the mail and the environment against damage to the shipping container or the live animal and offensive odors or noise.
- c. Protection of animals against death, taking into account the expected time and temperature in transit (weather conditions), and packaging sufficient to resist impact, heat and cold, and to prevent suffocation.

The Postal Service consistently accepts, transports, and delivers live animals with additional care in handling, regardless of the mail class or the extra service being purchased. This additional care ensures safe and effective processing for mail containing live animals through the mailstream to its destination. Consequently, the Postal Service incurs additional expense to isolate and protect live shipments even when sent by air transportation, such as with Express Mail® or Priority Mail®.

If this proposal is adopted the Postal Service will require special handling service for all parcels containing bulk shipments of bees (e.g. a queen bee packaged with an attending swarm), day-old poultry and adult birds, regardless of the class of mail used.

Additionally, the Postal Service currently affixes a unique tracking barcode on all parcels presented at retail, and recommends that all mailers

not presenting shipments at retail include an Intelligent Mail® package barcode (IMpb) on their mailpieces, when not already required to do so as a condition of the mail class and price category or postage payment method used. If this proposal is adopted, the Postal Service will require mailers purchasing special handling to either present their mailpieces at retail, or to include an IMpb, embedded with the appropriate service type code applicable to special handling and the mail class used, on their mailpieces. The Postal Service also proposes that shipments of live animals that include special handling must be accepted at either a USPS retail unit, Business Mail Entry Unit (BMEU) or a Detached Mail Unit (DMU). The Postal Service anticipates that the combination of IMpb tracking and special handling service will provide customers with the service they expect as their parcels containing live animals are transported to their respective destinations.

To assure prompt or expedited delivery and to minimize the chances of animals dying in transit, the Postal Service is also proposing to require shipments containing amphibians and reptiles to be limited to the following products: Express Mail, Priority Mail (excluding Critical Mail®), First-Class Mail (parcels only) or First-Class Package Service. If this proposal is adopted, shipments of live amphibians and reptiles would no longer be permitted for use with any Package Services, Standard Post™, or Parcel Select® products.

Currently, certain disease-free adult birds can be accepted for domestic shipment when mailed in compliance with applicable regulations. Mailability is currently restricted to adult chickens, turkeys, guinea fowl, doves, pigeons, pheasants, partridges, quail ducks, geese, and swans. The Postal Service is proposing to expand its mailing standards to allow for the shipment of any disease-free live bird, weighing no more than 25 pounds, which can be legally transported. If this proposal is adopted, mailers must be compliant with all applicable governmental laws and regulations, including the Lacey Act, the Endangered Species Act (ESA), and regulations of the U.S. Department of Agriculture, U.S. Fish and Wildlife Service, and any state, municipal or local ordinances. Mailings must also be compliant with the guidelines provided in USPS Publication 14, *Prohibitions and Restrictions on Mailing Animals, Plants, and Related Matter*, Chapter 5.

Although we are exempt from the notice and comment requirements of the Administrative Procedure Act (5 U.S.C.

553 (b), (c)) regarding proposed rulemaking by 39 U.S.C. 410(a), we invite public comments on the following proposed revisions to *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM), incorporated by reference in the *Code of Federal Regulations*. See 39 CFR 111.1.

List of Subjects in 39 CFR Part 111

Administrative practice and procedure, Postal Service.

Accordingly, 39 CFR part 111 is proposed to be amended as follows:

PART 111 — [AMENDED]

b. Amphibians (e.g. toads, frogs, and salamanders) must be mailed by Express Mail, Priority Mail (excluding Critical Mail), First-Class Mail (parcels only), or First-Class Mail Package Services.

[Revise title and introductory text of 9.3.4 as follows:]

9.3.4 Adult Birds

Disease-free adult birds, weighing no more than 25 pounds, may be mailed domestically. Mailers must be compliant with all applicable governmental laws and regulations, including the Lacey Act, the Endangered Species Act (ESA), and regulations of the U.S. Department of Agriculture, U.S. Fish and Wildlife Service, and any state, municipal or local ordinances. Mailings must also be compliant with the guidelines provided in USPS Publication 14, *Prohibitions and Restrictions on Mailing Animals, Plants, and Related Matter*, Chapter 5. In addition, each container or package must be marked as required by U.S. Fish and Wildlife Service under 50 CFR 14. Adult birds are mailable as follows:

[Revise 9.3.4a as follows:]

a. The mailer must send adult fowl by Express Mail, including Special Handling service, in secure containers approved by the manager, Product Classification (see 608.8.0 for address).

* * * * *

9.3.7 Bees

[Revise the second sentence of 9.3.7 as follows:]

* * * Bulk shipments of bees (e.g. a queen bee packaged with an attending swarm) must include postage for special handling service. * * *

* * * * *

We will publish an appropriate amendment to 39 CFR part 111 to reflect these changes if our proposal is adopted.
