[Release No. 34-69508; File No. SR-NYSEArca-2013-34]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Designation of a Longer Period for Commission Action on Proposed Rule Change, as Modified by Amendment No. 1 Thereto, To Implement a One-Year Pilot Program for Issuers of Certain Exchange-Traded Products ("ETPs") Listed on the Exchange

May 3, 2013.

On March 21, 2013, NYSE Arca, Inc. ("Exchange" or "NYSE Arca") filed with the Securities and Exchange Commission ("SEC" or "Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to implement a one-year pilot program for issuers of certain exchange-traded products ("ETPs") listed on the Exchange. On April 5, 2013, the Exchange submitted Amendment No. 1 to the proposed rule change, which replaced and superseded the proposed rule change in its entirety. The proposed rule change, as modified by Amendment No. 1, was published for comment in the **Federal Register** on April 11, 2013.³ The Commission received two comment letters on the proposal.⁴

Section 19(b)(2) of the Act⁵ provides that, within 45 days of the publication of notice of the filing of a proposed rule change, or within such longer period up to 90 days as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or as to which the self-regulatory organization consents, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved. The Commission is extending this 45-day time period.

The Commission finds that it is appropriate to designate a longer period within which to take action on the proposed rule change so that it has sufficient time to consider the proposed rule change, the comments received,

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange recently amended various Exchange Rules to establish that member organizations may qualify to be Remote Streaming Quote Traders Organizations ("RSQTOs") with as many as three affiliated RSQTs.³ RSQTs are, along with Specialists,⁴ one of several types of Registered Option Traders ("ROT")⁵ on the Exchange. SR-Phlx-2013-03 amended Rules 507 and 1014 to define an RSQTO, which may also be referred to as Remote Market Maker Organizations ("RMOs").⁶

³ An RSQT is defined in Exchange Rule 1014(b)(ii)(B) as an Registered Options Trader that is a member affiliated with an RSQTO with no physical trading floor presence who has received permission from the Exchange to generate and submit option quotations electronically in options to which such RSQT has been assigned. See Securities Exchange Act Release No. 68689 (January 18, 2013), 78 FR 5518 (January 25, 2013) (SR-Phlx-2013-03) (a rule change which amended Phlx Rules 507 and 1014 to enable RSQTOs to affiliate with up to three RSQTs).

⁴ A Specialist is an Exchange member who is registered as an options specialist pursuant to Rule 1020(a).

⁵ A ROT includes a Streaming Quote Trader ("SQT"), a RSQT and a Non-SQT, which by definition is neither a SQT nor a RSQT. A ROT is defined in Exchange Rule 1014(b) as a regular member of the Exchange located on the trading floor who has received permission from the Exchange to trade in options for his own account. See Exchange Rule 1014 (b)(i) and (ii). Rule 1014 states that, in addition to other requirements, on a daily basis RSQTs and other SQTs are responsible to quote two-sided markets in not less than a specified percentage of options assigned by the Exchange at the request of such traders, unless specifically exempted from such quoting (market-making) responsibility.

⁶ See Exchange Rule 507(a) and 1014(b)(ii)(B). See Securities Exchange Act Release No. 68689 (January

An RSQTO is a member organization in good standing that satisfies the RSQTO readiness requirements in Rule 507(a). Amended Rule 507(a) provides that "... [a]s many as three RSQTs at any time may be identified by and affiliated with an RSQTO. Each of the affiliated RSQTs must be qualified as an ROT and must be in good standing." ⁷

The Exchange is proposing to amend a reference in the Preface to the Pricing Schedule to reflect recent amendments to Exchange Rule 1014(b)(ii)(B).⁸ Pursuant to the recent rule change, an RSQT is a member affiliated with an RSQTO. The member organization is the RSQTO with which as many as three RSQTs may be affiliated. The Exchange proposes to amend note 6 in the Preface to reflect that change and to also add language to that note to state that an RSQTO, which may also be referred to as an RMO, is a member organization in good standing that satisfies the RSQTO readiness requirements in Rule 507(a).

The Exchange also proposes to change references to the Remote Streaming Trader Fee in Section VI, entitled "Membership Fees," at Part C from "RSQTs" to "RSQTOs." This fee is assessed to the member organization and not the individual member. In order to continue to assess the member organization, as is the case today, the Exchange is proposing to update the Pricing Schedule to properly reflect the reference to the fee for RSQTOs.

2. Statutory Basis

The Exchange believes that its proposal to amend its Pricing Schedule is consistent with Section 6(b) of the Act⁹ in general, and furthers the objectives of Section 6(b)(4) of the Act¹⁰ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members and other persons using its facilities.

The Exchange believes that the proposal to amend the Preface and Section VI, Part C of the Pricing Schedule to amend references from RSQT to RSQTO and redefine an RSQT in accordance with recent amendments to Rule 1014(b)(ii)(B) is reasonable because the Exchange is seeking to reflect the introduction of an RSQTO, which refers to the member organizations that must satisfy the

requirements of Rule 507(a). Specifically, the Exchange is amending the Preface to identify the RSQTO and reference Rule 507(a) for purposes of defining RSQTOs. The Exchange is also amending the Preface to correctly refer to an RSQT as an individual for purposes of assessing fees. The amendment to Section IV also serves to properly identify RSQTOs and distinguish them from RSQTs. The Exchange believes that the amendments serve to properly reflect the distinction between RSQTs and RSQTOs to avoid confusion and reflect the correct permit holder that will be assessed certain fees. The Exchange also believes that the proposal is equitable and not unfairly discriminatory because the Exchange will continue to uniformly apply the new "RSQTO Fees" in the same manner as it does today, by assessing fees to the member organization.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange's proposal does not amend the manner in which current fees are assessed, but rather continues to assess remote streaming fees to the member organizations. The Exchange's proposal amends references to RSQTs and establishes the RSQTOs in the preface to distinguish individual members and member organizations to provide clarity to the Pricing Schedule and certainty with respect to billing.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.¹¹ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine

whether the proposed rule should be approved or disapproved.

[Release No. 34-69507; File No. SR-MIAX-2013-20]

Self-Regulatory Organizations; Miami International Securities Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Allow All Lead Market Makers To Receive Directed Orders

May 3, 2013.

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 1, 2013, Miami International Securities Exchange LLC ("MIAX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") a proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to provide that an Electronic Exchange Member can designate a Lead Market Maker, regardless of appointment, on orders it enters into the System.

The text of the proposed rule change is available on the Exchange's Web site at <http://www.miaxoptions.com/filter/wotitle/filing>, at MIAX's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The

Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to provide that an Electronic Exchange Member ("EEM") can designate a Lead Market Maker ("LMM"), regardless of appointment, on orders it enters into the System. Currently, Rule 514(h) provides that a "Lead Market Maker must have an appointment in the relevant option class in order to receive a Directed Order in that option class." The Exchange proposes modifying that sentence so that it would apply to eligibility for the Directed Lead Market Maker ("DLMM") participation entitlement rather than the ability to be sent a Directed Order by an EEM. As proposed, the sentence would read: "[t]he Directed Lead Market Maker must have an appointment in the relevant option class at the time of receipt of the Directed Order to be eligible to receive the Directed Lead Market Maker participation entitlement." The proposal would allow an EEM to send a Directed Order to any LMMs—which includes both (i) LMMs with an appointment in the relevant option class and (ii) LMMs without an appointment in the relevant option class. The first group, LMMs with an appointment, represents no change from the current rule. The second group, however, would be a new addition to the current rule. This modification would preserve the current structure of reserving the DLMM participation entitlement for DLMMs with an appointment in the relevant option class, yet would allow an EEM to send a Directed Order to any LMM as consistent with the proposed language of Rule 100, described below.

The Exchange believes that allowing EEMs to direct orders to LMMs regardless of appointment promotes increased order flow to the Exchange while maintaining the existing appropriate balance between benefits and obligations regarding the DLMM participation entitlement. Directed Orders serve as a tool for LMMs to attract order flow to the exchange. An LMM without an appointment in an option class cannot quote in that option class and will therefore most likely never trade with a Directed Order sent to it in that option class. However, the LMM without an appointment can be incentivized to attract Directed Orders
