Steel Wire Garment Hangers From the People's Republic of China: Final Results of Antidumping Duty Administrative Review, 2010-2011

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("the Department") published the preliminary results of the third administrative review of the antidumping duty order on steel wire garment hangers from the People's Republic of China ("PRC") on November 8, 2012.¹ We gave interested parties an opportunity to comment on the *Preliminary Results*. Based upon our analysis of the comments and information received, we made no changes to the margin calculations for these final results. The final dumping margins are listed below in the "Final Results of the Administrative Review" section of this notice. The period of review ("POR") is October 1, 2010, through September 30, 2011.

DATES: *Effective Date:* May 16, 2013.

FOR FURTHER INFORMATION CONTACT: Alan Ray, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202)-482-5403.

¹ See *Steel Wire Garment Hangers from the People's Republic of China: Antidumping Duty Administrative Review, 2010-2011*, 77 FR 66952 (November 8, 2012) ("Preliminary Results"), and accompanying Decision Memorandum.

SUPPLEMENTARY INFORMATION:

Background

The Department published the *Preliminary Results* on November 8, 2012.² Between December 5, 2012 and December 17, 2012, interested parties submitted surrogate value data for consideration in the final results. On January 4, 2013, M&B Metal Products Inc. ("Petitioner"), submitted a case brief.³ On January 9, 2013, Fabriclean Supply Inc. ("Fabriclean"), a U.S. importer and wholesaler, submitted a rebuttal brief.⁴ On January 14, 2013, the Department extended the final results to May 7, 2013.⁵

Scope of the Order

The merchandise that is subject to the order is steel wire garment hangers. The products subject to the order are currently classified under U.S. Harmonized Tariff Schedule ("HTSUS") subheadings 7326.20.0020, 7323.99.9060, and 7323.99.9080. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise as set forth in the order remains dispositive.⁶

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by interested parties in this review are addressed in the Issues and Decision Memorandum.⁷ A list of the issues which parties raised is attached to this notice as an Appendix. The Issues and Decision Memorandum is a public document and is on file in the Central Records Unit ("CRU"), room 7046 of the main Department of Commerce building, as well as

⁷ See Memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Import Administration, titled "Steel Wire Garment Hangers from the People's Republic of China: Issues and Decision Memorandum for the Final Results of the Third Administrative Review," dated concurrently with this notice ("Issues and Decision Memorandum") and hereby adopted by this notice.

electronically via Import Administration's Antidumping and Countervailing Duty Centralized Electronic Service System ("IA ACCESS"). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the CRU. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <http://www.trade.gov/ia/>. The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

Changes Since the Preliminary Results

There have been no changes since *Preliminary Results*.

Non-Market Economy Country

The PRC has been treated as a non-market economy ("NME") in every proceeding conducted by the Department. In accordance with section 771(18)(C)(i) of the Tariff Act of 1930, as amended ("the Act"), any determination that a foreign country is an NME shall remain in effect until revoked by the administering authority. The Department has not revoked the PRC's status as an NME and, accordingly, applied the NME methodology.

Separate Rates

In the *Preliminary Results*, the Department determined that the companies that constitute the Shanghai Wells Group⁸ were affiliated, would be treated as a single entity, and met the criteria for separate rate status.⁹ At that time, the Department also determined that the following companies failed to demonstrate their eligibility for a separate rate: Shangyu Baoxiang Metal Manufactured Co., Ltd. ("Shangyu Baoxiang"); Zhejiang Lucky Cloud Hanger Co., Ltd. ("Lucky Hanger"); Shaoxing Zhongbao Metal Manufactured Co., Ltd. ("Shaoxing

⁸ The Department previously found that Shanghai Wells Hanger Co., Ltd. ("Shanghai Wells"), Hong Kong Wells Ltd. ("HK Wells") and Hong Kong Wells Ltd. (USA) ("Wells USA") are affiliated and that Shanghai Wells and HK Wells comprise a single entity (collectively, "Shanghai Wells Group"). Because there were no changes in this review, we continue to find Shanghai Wells, HK Wells, and USA Wells are affiliated and that Shanghai Wells and HK Wells comprise a single entity. See *Steel Wire Garment Hangers from the People's Republic of China: Preliminary Results and Preliminary Rescission, in Part, of the First Antidumping Duty Administrative Review*, 75 FR 68758, 68761 (November 9, 2010), unchanged in *First Administrative Review of Steel Wire Garment Hangers from the People's Republic of China: Final Results and Final Partial Rescission of Antidumping Duty Administrative Review*, 76 FR 27994, 27996 (May 13, 2011).

⁹ See Decision Memorandum at "Separate Rate Recipients".

Zhongbao"); Shaoxing Shunji Metal Clotheshorse Co., Ltd. ("Shaoxing Shunji"); Pu Jiang County Command Metal Products Co., Ltd ("Pu Jiang"); and Shaoxing Liangbao Metal Manufactured Co., Ltd. ("Shaoxing Liangbao").¹⁰ We have not received any information since the issuance of the *Preliminary Results* that provides a basis for reconsideration of these determinations. Therefore, the Department continues to find that only the Shanghai Wells Group satisfies the criteria for a separate rate and will be treated as a single entity.

PRC-Wide Entity and the PRC-Wide Rate

In the *Preliminary Results*, we determined that those companies which did not demonstrate eligibility for a separate rate are properly considered part of the PRC-Wide Entity.¹¹ Since the *Preliminary Results*, none of the companies which did not file separate-rate applications or certifications submitted comments regarding this finding. Therefore, we continue to treat these entities as part of the PRC-Wide Entity.

In the *Preliminary Results*, the Department calculated the PRC-Wide Entity Rate using adverse facts available ("AFA") because (1) the PRC-Wide Entity withheld requested information, failed to provide information in a timely manner and in the form requested, and significantly impeded this proceeding and (2) the PRC-Wide Entity failed to cooperate to the best of its ability.¹² In so doing, and consistent with our practice, the Department relied upon the highest rate on the record of any segment of the proceeding—187.25 percent.¹³ The Department also corroborated that rate, consistent with section 776(c) of the Act.¹⁴ Since the *Preliminary Results*, no interested party has submitted any evidence or comments that challenge the Department's calculation of the PRC-Wide Rate. Therefore, we will continue to apply a rate of 187.25 percent to the PRC-Wide Entity.

Final Results of the Administrative Review

The weighted-average dumping margins for the POR are as follows:

Exporter	Weighted-average dumping margin (percent)
Shanghai Wells Group ¹⁵	0.00
PRC-Wide Entity ¹⁶	187.25

Disclosure

We will disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), the Department will determine, and U.S. Customs and Border Protection ("CBP") shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review. In these final results, the Department applied the assessment rate calculation method adopted in *Final Modification for Reviews*, i.e., on the basis of monthly average-to-average comparisons using only the transactions associated with that importer with offsets being provided for non-dumped comparisons.¹⁷

Where the respondent has reported reliable entered values, we calculated importer (or customer)-specific *ad valorem* rates by aggregating the dumping margins calculated for all U.S. sales to each importer (or customer) and dividing this amount by the total entered value of the sales to each importer (or customer).¹⁸ Where an importer- (or customer-) specific *ad valorem* is greater than *de minimis*, the Department will instruct CBP to collect the appropriate duties at the time of liquidation.¹⁹ Where an importer- (or customer-) specific *ad valorem* is zero or *de minimis*, the Department will instruct CBP to liquidate appropriate

entries without regard to antidumping duties.²⁰

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For the Shanghai Wells Group, the cash deposit rate will be its respective rates established in the final results of this review, except if the rate is zero or *de minimis* no cash deposit will be required; (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have a separate rate, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 187.25 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporters that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations

¹⁵ The Shanghai Wells Group consists of Shanghai Wells Hanger Co., Ltd., and Hong Kong Wells Ltd.

¹⁶ The PRC-Wide Entity includes, among other companies, Shaoxing Liangbao; Pu Jiang; Shaoxing Shunji; Shaoxing Zhongbao; Shangyu Baoxiang; and Lucky Hanger.

¹⁷ See *Antidumping Proceeding: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings; Final Modification*, 77 FR 8101, 8103 (February 14, 2012) ("Final Modification for Reviews").

and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this administrative review and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: May 7, 2013.

Paul Piquado,

Assistant Secretary for Import Administration.

Appendix—Issues and Decision Memorandum

Comment I: Selection of the Surrogate Country

- A. Economic Comparability
- B. Significant Producer of Comparable Merchandise
- C. Data Considerations
- D. Financial Statements

Comment II: If the Department Continues to Select the Philippines as the Primary Surrogate Country, the Department Must Revise the Value of the Wire Rod and Change the Financial Ratios

Comment III: Treatment of Mandatory Respondents That Did Not Participate

BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648–XC653

Endangered and Threatened Species; Take of Anadromous Fish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of receipt and request for comment.

SUMMARY: Notice is hereby given that NMFS has received an application for a direct take permit, in the form of a Hatchery and Genetic Management Plan (HGMP), pursuant to the Endangered Species Act of 1973, as amended (ESA). The application is for a hatchery program in Idaho, for the propagation of sockeye salmon. The proposed permit would be issued for a period of 10 years. This document serves to notify the public of the availability of the permit application for public review, comment, and submission of written data, views, arguments, or other relevant information. This document also serves to notify the public of NMFS' intent to adopt an existing environmental assessment that addresses the proposed Snake River sockeye salmon hatchery program. All comments and other information received will become part of the public record and will be

available for review pursuant to section 10(c) of the ESA.

DATES: Comments and other submissions must be received at the appropriate address or fax number (see **ADDRESSES**) no later than 5 p.m. Pacific time on June 17, 2013.

ADDRESSES: Written responses to the application and the proposed adoption of the associated environmental assessment should be sent to Craig Busack, National Marine Fisheries Services, Salmon Management Division, 1201 N.E. Lloyd Boulevard, Suite 1100, Portland, OR 97232. Comments may also be submitted by email to: SockeyePlan.nwr@noaa.gov. Include in the subject line of the email comment the following identifier: Comments on Snake River sockeye salmon hatchery plan. Comments may also be sent via facsimile (fax) to (503) 872–2737. The permit application and associated documents are available on the Internet at www.nwr.noaa.gov. Requests for copies of the permit application and associated documents may also be directed to the National Marine Fisheries Services, Salmon Management Division, 1201 NE. Lloyd Boulevard, Suite 1100, Portland, OR 97232. Comments received will also be available for public inspection, by appointment, during normal business hours by calling (503) 230–5418.

FOR FURTHER INFORMATION CONTACT:

Craig Busack at (503) 230–5412 or email: craig.busack@noaa.gov.

SUPPLEMENTARY INFORMATION:

Species Covered in This Notice

Sockeye salmon (*Oncorhynchus nerka*): endangered, naturally produced and artificially propagated Snake River.

Background

Section 9 of the ESA and Federal regulations prohibit the “taking” of a species listed as endangered or threatened. The term “take” is defined under the ESA to mean harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct. NMFS may issue permits to take listed species for any act otherwise prohibited by section 9 for scientific purposes or to enhance the propagation or survival of the affected species, under section 10(a)(1)(A) of the ESA. NMFS regulations governing permits for threatened and endangered species are promulgated at 50 CFR 222.307.

On May 15, 2012, NMFS received an application, including an HGMP, from the Idaho Department of Fish and Game, a section 10(a)(1)(A) research/enhancement permit for continued

operation of the Redfish Lake Sockeye Salmon Captive Propagation program.

The proposed program would increase the abundance of the listed species through artificial propagation and to serve as a safety net to prevent extinction of the Snake River Sockeye Salmon Evolutionarily Significant Unit (ESU), which is listed as endangered under the ESA. The proposed program would maintain the Snake River sockeye salmon broodstock in captivity in several locations, largely at the Springfield Hatchery in eastern Idaho, collect and spawn adult sockeye salmon returning to the Snake River basin, rear juveniles, and release eggs, juveniles, and adult fish into upper Salmon River basin lakes. The proposed program would include best management practices to minimize adverse effects on the ESU. Best management practices would include the use of prudent fish husbandry practices and standard hatchery protocols to ensure health and survival of the program fish, selection of eggs and juveniles in a manner designed to represent to the greatest extent possible the entire genetic spectrum of the founding population, and the conduct of spawning ground surveys to estimate natural spawning escapement and to determine the effects of captive-reared fish on spawner distribution and behavior. An environmental assessment was prepared pursuant to the National Environmental Policy Act (NEPA) by the Bonneville Power Administration (BPA) for its funding of the Snake River sockeye salmon hatchery program, including modifications to the Springfield Hatchery. Because the BPA action is substantially the same as the actions addressed by the proposed ESA permit, because they are both administrative actions that allow IDFG to operate the Snake River sockeye salmon hatchery program consistent with the submitted HGMP and the Springfield Sockeye Hatchery Master Plan, NMFS proposes to adopt the BPA environmental assessment to comply with the NEPA.

Authority

This notice is provided pursuant to section 10(c) of the ESA. NMFS will evaluate the application, associated documents, and comments submitted thereon to determine whether the application meets the requirements of section 10(a)(1)(A) of the ESA. If it is determined that the requirements are met, a permit will be issued to IDFG for the purpose of carrying out the hatchery program. NMFS will publish a record of its final action in the **Federal Register**.

NEPA requires Federal agencies to conduct an environmental analysis of
