[Docket No. FMCSA-2006-24278, FMCSA-2006-25854, FMCSA-2008-0355, FMCSA 2010-0203, FMCSA-2011-0089]

Qualification of Drivers; Exemption Applications; Epilepsy and Seizure Disorders

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: FMCSA announces its decision to grant requests from 22 individuals for exemptions from the regulatory requirement that interstate commercial motor vehicle (CMV) drivers have “no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause loss of consciousness or any loss of ability to control a CMV.” The regulation and the associated advisory criteria published in the Code of Federal Regulations as the “Instructions for Performing and Recording Physical Examinations” have resulted in numerous drivers being prohibited from operating CMVs in interstate commerce based on the fact that they have had one

or more seizures and are taking anti-seizure medication, rather than an individual analysis of their circumstances by a qualified medical examiner. The Agency concluded that granting exemptions for these CMV drivers will provide a level of safety that is equivalent to or greater than the level of safety maintained without the exemptions. FMCSA grants exemptions that will allow these 22 individuals to operate CMVs in interstate commerce for a 2-year period. The exemptions preempt State laws and regulations and may be renewed.

DATES: The exemptions are effective January 15, 2013. The exemptions expire on January 15, 2015.

Papp, Division Chief, Physical Qualifications, Office of Medical Programs, (202) 366-4001, fmcamedical@dot.gov, FMCSA, Department of Transportation, 1200 New Jersey Avenue SE., Room W64-224, Washington, DC 20590-0001. B. Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption from the safety regulations for a 2-year period if it finds “such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption”. The statute also allows the

Agency to renew exemptions at the end of the 2-year period.

FMCSA grants 22 individuals an exemption from the regulatory requirement in § 391.41(b)(8) allowing individuals who take anti-seizure medication to operate CMVs in interstate commerce for a 2-year period. The Agency's decision on these exemption applications is based on an individualized assessment of each applicant's medical information, including the root cause of the respective seizure(s); the length of time elapsed since the individual's last seizure; and each individual's treatment regimen. In addition, the Agency reviewed the applicant's driving record found in the CDLIS,¹ for CDL holders, and interstate and intrastate inspections recorded in MCMIS.² The Agency acknowledges the potential consequences of a driver experiencing a seizure while operating a CMV. However, the Agency believes the drivers covered by the exemptions have demonstrated that they are unlikely to have a seizure and their medical condition does not pose a risk to public safety.

In reaching the decision to grant these exemption requests, the Agency considered both current medical literature and information and the 2007 recommendations of the Agency's Medical Expert Panel (MEP). The Agency previously gathered evidence for potential changes to the regulation by conducting a comprehensive review of scientific literature that was compiled into the “*Evidence Report on Seizure Disorders and Commercial Vehicle Driving*” (*Evidence Report*) [CD-ROM HD TL230.3 .E95 2007]. The Agency then convened a panel of medical experts in the field of neurology (MEP) on May 14-15, 2007, to review 49 CFR 391.41(b)(8) and the advisory criteria regarding individuals who have experienced a seizure, and the 2007 *Evidence Report*. The *Evidence Report* and the MEP recommendations are published on-line at <http://www.fmcsa.dot.gov/rules-regulations/topics/mep/mep-reports.htm>, under Seizure Disorders, and are in the docket for this notice.
