

parking adequacy. It is estimated that the focus groups would comprise no more than three groups of 20 stakeholder participants for a total of three meetings—one meeting per group.

Types of Survey Questions: FHWA intends to survey Department of Transportation personnel in each State on the location, number of spaces, availability and demand for truck parking in their State, including at rest facilities, as well as any impediments to providing adequate truck parking capacity (including but not limited to legislative, regulatory, or financial issues; zoning; public and private impacts, approval, and participation; availability of land; insurance requirements and other issues). FHWA intends to survey private truck stop operators in each State on the location, number of truck parking spaces, availability and demand they observe at their facilities. FHWA intends to survey public safety officials in each State on their records and observations of truck parking use and patterns, including the location and frequency of trucks parked adjacent to roadways and on exit and entrance ramps to roadway facilities. FHWA intends to survey trucking companies and truck drivers regarding the location and frequency of insufficient truck parking and capacity at rest facilities, future truck parking needs and locations, availability of information on truck parking capacity, and other impediments to identification, access and use of truck parking. Other questions may be included as needed as a result of input from the focus groups, stakeholder outreach or at FHWA's discretion, or as follow-up to the survey.

Estimate

State Departments of Transportation = 50 (4 hours each) + [up to 15 individuals × up to 5 hours of meeting and travel] = up to 275 hours;

State Enforcement Personnel = 50 (1 hour each) + [up to 15 individuals × up to 5 hours of meeting and travel] = up to 125 hours;

Private Facility Owners/Operators = 229 (1 hour each) + [up to 15 individuals × up to 5 hours of meeting and travel] = up to 304 hours, and

Trucking Company Representatives and Drivers = 150 (1 hour each) + [up to 15 individuals × up to 5 hours of meeting and travel] = up to 225 hours;

Total number of respondents = 479 for the survey, and up to an additional 60 for focus groups (there is potential for overlap of individuals responding to the survey and participating on a voluntary basis in the focus group).

Total burden hours = at least 629 hours and no more than 929 hours (as allocated above).

Estimated Total Annual Burden: This survey will be updated periodically; the estimated total burden for each survey cycle for all respondents is no less than 629 hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA-2013-0018]

Request for Comments of a Previously Approved Information Collection

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below is being forwarded to the Office of Management and Budget (OMB) for review and comments. A **Federal Register** Notice with a 60-day comment period soliciting comments on the following information collection was published on February 15, 2013 (78 FR 11271).

DATES: Comments must be submitted on or before July 25, 2013.

FOR FURTHER INFORMATION CONTACT: Shirlene Ball, NHTSA 1200 New Jersey Avenue SE., W51-217, NPO 420,

Washington, DC 20590. Mrs. Ball's telephone number is (202) 366-2245.

SUPPLEMENTARY INFORMATION:

Title: Air Bag Deactivation.

OMB Control Number: 2127-0588.

Affected Public: Private individuals, fleet owners and lessees, motor vehicle dealers, repair business.

Abstract: If a private individual or lessee wants to install an air bag on-off switch to turn-off either or both frontal air bags, they must complete Form OMB 2127-0588 to certify certain statements regarding use of the switch. The dealer or business must, in turn, submit the completed forms to NHTSA within seven days. The submission of the completed forms by the dealers and repair business to NHTSA, as required, will serve the agency several purposes. They will aid the agency in monitoring the number of authorization requests submitted and the pattern in claims of risk group membership. The completed forms will enable the agency to determine whether the dealers and repair business are complying with the terms of the exemption, which include a requirement that the dealers and repair businesses accept only fully completed forms. Finally, submission of the completed forms to the agency will promote honesty and accuracy in the filling out of the forms by vehicle owners. The air bag on-off switches are installed only in vehicles in which the risk of harm needs to be minimized on a case-by-case basis.

Estimated Annual Burden: 375 hours.

Estimated Number of Respondents: 750.

ADDRESSES: Send comments regarding the burden estimate, including suggestions for reducing the burden, to the Office of Management and Budget, Attention: Desk Officer for the Office of the Secretary of Transportation, 725 17th Street NW., Washington, DC 20503.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued in Washington, DC, on June 20, 2013.

National Highway Traffic Safety Administration

[U.S. DOT Docket Number NHTSA-2012-0168]

Fatality Analysis Reporting System Information Collection

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

ACTION: Request for public comment on proposed collection of information.

SUMMARY: Before a Federal agency can collect certain information from the public, it must receive approval from the Office of Management and Budget (OMB). Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and reinstatement of previously approved collections.

This document describes one collection of information for which NHTSA intends to seek OMB approval.

DATES: Comments must be received on or before August 26, 2013.

ADDRESSES: Comments must refer to the docket notice numbers cited at the beginning of this notice and be submitted to Docket Management, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590. Please identify the proposed collection of information for which a comment is provided, by referencing its OMB clearance Number. It is requested, but not required, that 2 copies of the comment be provided. The Docket Section is open on weekdays from 10 a.m. to 5 p.m.

FOR FURTHER INFORMATION CONTACT: Marietta Bowen, State Data Reporting Systems Division (NVS-412), Room W53-306, 1200 New Jersey Avenue SE., Washington, DC 20590. Mrs. Bowen can also be reached via email at marietta.bowen@dot.gov or via phone at 202-366-4257. Please identify the relevant collection of information by referring to its OMB Control Number.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995, before an agency submits a proposed collection of information to OMB for

approval, it must first publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulation (at 5 CFR 1320.8(d)), an agency must ask for public comment on the following:

(i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) how to enhance the quality, utility, and clarity of the information to be collected;

(iv) how to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses.

In compliance with these requirements, NHTSA asks for public comments on the following proposed collections of information:

(1) *Title:* Fatal Analysis Reporting System (FARS).

OMB Control Number: 2127-0006.

Affected Public: State, Local, or Tribal Government.

Abstract: Under both the Highway Safety Act of 1966 and the National Traffic and Motor Vehicle Safety Act of 1966, the National Highway Traffic Safety Administration (NHTSA) has the responsibility to collect accident data that support the establishment and enforcement of motor vehicle regulations and highway safety programs. These regulations and programs are developed to reduce the severity of injury and the property damage associated with motor vehicle accidents. The Fatality Analysis Reporting System (FARS) is a major system that acquires national fatality information directly from existing State files and documents. Since FARS is an on-going data acquisition system, reviews are conducted yearly to determine whether the data acquired are responsive to the total user population needs. The total user population includes Federal and State agencies and the private sector. Annual changes in the forms are minor in terms of operation and method of data

acquisition, and do not affect the reporting burden of the respondent (State employees utilize existing State accident files). The changes usually involve clarification adjustments to aid statisticians in conducting more precise analyses and to remove potential ambiguity for the respondents.

Estimated Annual Burden: 98,655 hours.

Number of Respondents: 52.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Terry T. Shelton,

Associate Administrator for National Center for Statistics and Analysis.
