Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: International Trade Administration (ITA).

Title: Survey of Non-Tariff Trade Barriers to the U.S. Environmental Industry.

Type of Request: Regular submission (extension of a currently approved information collection).

Burden Hours: 33.

Pursuant to Section 766.23 of the Export Administration Regulations ("EAR" or "Regulations"),¹ the Bureau of Industry and Security ("BIS"), U.S. Department of Commerce, through its Office of Export Enforcement ("OEE"), has requested that I make the denial order that was issued against Respondent Entersys Corporation ("Entersys") on December 3, 2012, and published in the **Federal Register** on December 14, 2012, and will remain in effect until December 14, 2022 (hereinafter the "Denial Order"), applicable to the following individual as a person related to Entersys:

Shekar Babu, a.k.a. Bob Babu, with last known addresses of: 1307 Muench Court, San Jose, CA 95131, and, c/o Entersys Corporation, Plot No. 39, Public Sector, Employees Colony, New Bowenpally 500011, Secunderabad, India.

I. Background

A. The Denial Order

The Denial Order issued as part of the Final Decision and Order issued by the Under Secretary of Commerce for Industry and Security ("Under Secretary") concluding a formal BIS administrative proceeding against Entersys. *In the Matter of Entersys Corporation*, 11-BIS-0005 (Final Decision and Order dated Dec. 3, 2012, and published in the **Federal Register** on Dec. 14, 2012 (77 FR 74,458)). The Under Secretary affirmed the findings

¹ The Regulations currently are codified at 15 CFR parts 730-774 (2013). The Regulations issued pursuant to the Export Administration Act of 1979, as amended (50 U.S.C. app. 2401-2420 (2000)) (the "Act"). Since August 21, 2001, the Act has been in lapse and the President, through Executive Order 13,222 of August 17, 2001 (3 CFR, 2001 Comp. 783 (2002)), which has been extended by successive Presidential Notices, the most recent being that of August 15, 2012 (77 F. 49,699 (Aug. 16, 2012)), has continued the Regulations in effect under the International Emergency Economic Powers Act (50 U.S.C. 1701, *et seq.* (2006 and Supp. IV 2010)).

and conclusions contained in the Recommended Decision and Order issued by an Administrative Law Judge ("ALJ"), in which the ALJ found Entersys in default, found the facts to be as alleged in the Charging Letter, and concluded that Entersys had committed the sixteen (16) violations alleged in the Charging Letter.

BIS served the Charging Letter on Entersys at its last known addresses in California and India. On August 2, 2011, Shekar Babu sent an email to BIS's counsel acknowledging receipt of the Charging Letter, which had been sent to Entersys marked to Babu's attention as President of the company. Eventually, Entersys/Babu ceased communicating with BIS and Entersys failed to answer the Charging Letter, requiring BIS to move for a default order.

As alleged in the Charging Letter, determined by the ALJ, and affirmed by the Under Secretary, Entersys engaged in the following conduct in violation of the Regulations:

Charge 1 15 C.F.R. § 764.2(h)—Evasion

In or about May 2006, Entersys engaged in a transaction and took other actions with intent to evade the provisions of the Regulations. Through false statements to a U.S. manufacturer and freight forwarder, Entersys obtained and exported to India twenty square meters of ceramic cloth, an item subject to the Regulations, classified under Export Control Classification Number ("ECCN") 1C010, controlled for National Security reasons, and valued at \$15,460, without obtaining the required license pursuant to Section 742.4 of the Regulations. Entersys purchased the ceramic cloth from a U.S. manufacturer and arranged for the manufacturer to ship the item to a freight forwarder identified by Entersys, knowing that a license was required for the export of the ceramic cloth to India. On or about May 1, 2006, when Entersys asked that the U.S. manufacturer to ship the ceramic cloth to Entersys's freight forwarder instead of directly to Entersys, Entersys was informed by the manufacturer that the material "is a controlled commodity in terms of export to India," and the manufacturer asked Entersys for assurance and a "guarantee" that the ceramic cloth would not be exported to India. In response, also on or about May 1, 2006, Entersys stated, "This is not going out of USA." In addition, in arranging for the purchase from the U.S. manufacturer, Entersys asked the manufacturer not to put any packing list, invoice or certificate of conformance in the box with the ceramic cloth, but rather to fax the documents to Entersys. Entersys also arranged for its freight forwarder to ship the ceramic cloth to Entersys in India. Once the manufacturer shipped the ceramic cloth to the freight forwarder identified by Entersys, Entersys provided the freight forwarder with shipping documentation on or about May 2, 2006, including a packing list and invoice that falsely identified the ceramic cloth as twenty
