

Recovery Plan Goals

The objective of an agency recovery plan is to provide a framework for the recovery of a species so that protection under the Act is no longer necessary. A recovery plan includes scientific information about the species and provides criteria and actions necessary for us to be able to reclassify the species to threatened status or remove it from the Federal List of Endangered and Threatened Wildlife and Plants (List). Recovery plans help guide our recovery efforts by describing actions we consider necessary for the species' conservation and by estimating time and costs for implementing needed recovery measures. To achieve its goals, this recovery plan addendum identifies the following objectives:

- Support the thick-billed parrot throughout its range in perpetuity.
- Maintain habitat conditions necessary to provide feeding, nesting, and wintering habitat for the thick-billed parrot through time.
- Assess the potential for the United States to support naturally dispersing or actively relocated thick-billed parrots, including a review of U.S. historical habitat, current habitat management, and habitat connectivity with Mexico.

The recovery plan addendum contains recovery criteria based on maintaining and increasing population numbers and habitat quality and quantity. The recovery plan addendum focuses on protecting populations, managing threats, maintaining habitat, monitoring progress, and building partnerships to facilitate recovery.

As the thick-billed parrot meets recovery criteria, we will review the subspecies' status and consider downlisting, and, ultimately, removal from the List.

Authority

We developed our final recovery plan addendum under the authority of section 4(f) of the Act, 16 U.S.C. 1533(f). We publish this notice under section 4(f) Endangered Species Act of 1973, as amended (16 U.S.C. 1531 et seq.).

Dated: June 20, 2013.

Joy E. Nicholopoulos,

Acting Regional Director, Southwest Region, U.S. Fish and Wildlife Service.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[LLC0923000.L1430000.FR0000]

Notice of Proposed Classification of Public Lands/Minerals for State Indemnity Selection, Colorado

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Proposed Classification.

SUMMARY: The Colorado State Board of Land Commissioners (State) has filed a petition for classification and application to obtain public lands and mineral estate in lieu of lands to which the State was entitled but did not receive under its Statehood Act. The State did not receive title because the lands had previously been appropriated in an Indian Reservation or National Forests. Under Section 7 of the Taylor Grazing Act of 1934, the Bureau of Land Management (BLM) is proposing to classify sufficient public lands/minerals in Colorado for title transfer to the State to satisfy this obligation to the State.

DATES: Comments must be received by September 3, 2013.

The BLM will not consider or include comments received after the close of the comment period or comments delivered to an address other than that listed below.

Persons asserting a claim to or interest in the lands or mineral estate described in this notice will find the requirements for filing such claims in the

SUPPLEMENTARY INFORMATION section.

ADDRESSES: The public may submit comments by mail or hand delivery to: State Director, Colorado State Office, Bureau of Land Management, U.S. Department of the Interior, 2850 Youngfield Street, Lakewood, CO 80215-7093.

FOR FURTHER INFORMATION CONTACT: John D. Beck, Chief, Branch of Lands and Realty, at (303) 239-3882. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339, to contact the above individual. FIRS is available 24 hours a day, seven days a week to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: Sections 2275 and 2276 of the Revised Statutes, as amended (43 U.S.C. 851 and 852), provide authority for Colorado to receive title to public lands in lieu of lands to which it was entitled under Section 7 of its statehood act of March

3, 1875, where it did not receive title because the land had previously been appropriated for an Indian reservation or National Forests.

Section 7 of the Taylor Grazing Act of June 8, 1934 requires that such public lands/minerals identified for proposed transfers out of Federal ownership must first be classified. The BLM is proposing to classify these lands/minerals pursuant to 43 CFR Part 2400 and Section 7 of the Act of June 8, 1934 (48 Stat. 1272, as amended), 43 U.S.C. 315(f). For a period until September 3, 2013, all persons who wish to submit comments, suggestions, or objections in connection with this proposed classification may present their views by any means shown under the **ADDRESSES** section above.

Any adverse comments will be evaluated by the BLM Colorado State Director, who will issue a notice of determination to proceed with, modify, or cancel the proposed action. In the absence of any action by the BLM State Director, this proposed classification action will become the final determination of the Department of the Interior.

Comments, including names and street addresses of respondents and records relating to this proposed classification will be available for public review at the BLM Colorado State Office at the address cited in the **ADDRESSES** section above during regular business hours. Individual respondents may request confidentiality. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

As provided by 43 CFR 2450.4(c), a public hearing may be scheduled by the BLM Colorado State Director if it is determined that sufficient public interest exists to warrant a hearing.

The lands/minerals included within this proposed classification are in Chaffee, Custer, Dolores, Eagle, El Paso, Garfield, Grand, Huerfano, Jackson, Kiowa, La Plata, Moffat, Montezuma, Ouray, Park, Pueblo, Routt and San Miguel counties, Colorado, and are described as follows:

New Mexico Principal Meridian, Colorado

 Sec. 12, Those portions of NW $\frac{1}{4}$ and SW $\frac{1}{4}$
 that lie west of Routt County Road 80.

The areas described total approximately 6,354 acres.

Rights-of-way granted by the BLM will either transfer with any of the above described land if transferred to the State or may be reserved by the United States. Oil and gas, geothermal, or other leases issued under the authority of the Mineral Leasing Act of 1920 (30 U.S.C. 181 *et seq.*) will remain in effect under the terms and conditions of the leases.

Colorado state law and the State's procedures provide for the offering to holders of BLM grazing permits, licenses, or leases the first right to lease lands that may be transferred to the State. This notice of proposed classification constitutes the required two-year official notice to present holders of grazing use authorizations from the BLM that such authorizations will be terminated upon transfer of any of the land described above to the State of Colorado (43 CFR 4110.4-2(b)).

For a period until August 16, 2013, persons asserting a claim to, or interest in, the above-described lands or mineral estate, other than holders of leases, permits, or rights-of-way, may file such claim with the BLM Colorado State Director at the address cited in the **ADDRESSES** section above. You must also provide evidence that a copy thereof has been served on the Board of Land Commissioners, State of Colorado, 1127 Sherman Street, Suite 300, Denver, CO 80203-2206.

Pursuant to 43 CFR 2462.1, publication of this notice of proposed classification in the **Federal Register** segregates the above described lands from all forms of disposal under the public land laws, including the mining laws, except for the form of land disposal specified in this notice of proposed classification. However, this publication does not alter the applicability of the public land laws governing the use of the lands under

lease, license, or permit, or governing the disposal of their mineral and vegetative resources, other than under the mining laws.

The segregative effect of this proposed classification will terminate in one of the following ways:

(1) Classification of the lands within two years of publication of this notice of proposed classification in the **Federal Register**;

(2) Publication of a notice of termination of the proposed classification in the **Federal Register**;

(3) An Act of Congress;

(4) Expiration of a two-year period from the date of publication of this notice of proposed classification, or expiration of an additional period, not exceeding two years, if the required notice of an extension for the proposed classification is given.

Authority: 43 CFR part 2400.

Helen M. Hankins,

BLM Colorado State Director.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[LLIDT03000.L57000000.EU0000; IDI-35249]

Notice of Realty Action: Direct Sale of Public Land in Blaine County, ID

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Realty Action.

SUMMARY: The Bureau of Land Management (BLM), Shoshone Field Office, proposes to sell a parcel of public land totaling 3.39 acres in Blaine County, Idaho, to the Point of Rocks Ranch, LLC (PORR), at not less than the appraised fair market value of \$3,220.

DATES: Comments regarding the proposed sale must be received by the BLM before August 16, 2013.

ADDRESSES: Written comments concerning the proposed sale should be sent to BLM Shoshone Field Manager, 400 West F Street, Shoshone, Idaho 83352.

FOR FURTHER INFORMATION CONTACT:

Kasey Prestwich, Realty Specialist, BLM Shoshone Field Office, 400 West F Street, Shoshone, Idaho 83352 or 208-732-7204. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question

with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The following described public land is being proposed for direct sale to PORR in accordance with Sections 203 and 209 of the Federal Land Policy and Management Act of 1976, as amended, (43 U.S.C. 1713 and 1719):

Boise Meridian

T. 1 S., R. 20 E.,

Sec. 15, lot 6.

The area described contains 3.39 acres, more or less.

The public land is identified as suitable for disposal in the BLM Sun Valley Management Framework Plan, as amended.

The PORR owns approximately 523 acres of private land adjoining the subject parcel on three sides. The subject parcel is difficult and uneconomical to manage because it is physically separated from other public lands by a fence and a county road. The disposal would allow for the road to become an identifiable boundary between public and private lands and improve efficiencies in the management of both the public and private land. It has been determined that the lands are not needed for Federal purposes and that conveyance is consistent with current BLM land use planning and would be in the public interest. Disposal of this parcel would allow PORR to cultivate the property in conjunction with its adjoining ranch and include the parcel within an existing conservation easement held by The Nature Conservancy that encompasses the adjoining PORR fee. Such use of the subject parcel could be achieved prudently and feasibly in conjunction with the PORR's fee and therefore outweigh other public values, including recreation and scenic values, which may be served by retaining the subject parcel.

Current BLM policy and regulations for land sales [43 CFR 2710.0-6(c)(1-5)] require the use of competitive sale procedures unless the authorized officer determines the public interest would best be served by modified competitive bidding or direct (non-competitive) sale. In this instance, PORR owns about 523 acres of abutting property. In fact, for several decades prior to the discovery of the unauthorized development in 2005, the parcel was mapped as private land. In recognition of PORR's adjoining ownership, as well as to resolve an inadvertent trespass, PORR meets regulatory requirements for a direct sale.

The BLM has completed a mineral potential report which concluded there
