

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by §§ 679.20 and 679.21 and is exempt from review under Executive Order 12866.

Fisheries of the Exclusive Economic Zone Off Alaska; Atka Mackerel in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; modification of closure.

SUMMARY: NMFS is opening directed fishing for Atka mackerel in the Central Aleutian district (CAI) of the Bering Sea and Aleutian Islands Management Area (BSAI) by vessels participating in the BSAI trawl limited access fishery. This action is necessary to fully use the 2013 total allowable catch (TAC) of Atka mackerel in the CAI by vessels participating in the BSAI trawl limited access fishery.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), July 9, 2013, through 2400 hrs, A.l.t., December 31, 2013. Comments must be received on or before July 24, 2013.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

NMFS closed directed fishing for Atka mackerel in the CAI by vessels participating in the BSAI trawl limited access fishery under § 679.2(d)(1)(iii) on June 11, 2013 (78 FR 35771, June 14, 2013).

As of July 8, 2013, NMFS has determined that TAC of Atka mackerel in the CAI for vessels participating in the BSAI trawl limited access fishery remains to support directed fishing. Therefore, in accordance with § 679.25(a)(1)(i), (a)(2)(i)(C) and

(a)(2)(iii)(D), and to fully utilize the 2013 TAC of Atka mackerel in the BSAI, NMFS is terminating the previous closure and is opening directed fishing for Atka mackerel in the CAI for vessels participating in the BSAI trawl limited access fishery. This will enhance the socioeconomic well-being of harvesters in this area. The Administrator, Alaska Region (Regional Administrator) considered the following factors in reaching this decision: (1) The current catch of Atka mackerel in the CAI for vessels participating in the BSAI trawl limited access fishery and, (2) the harvest capacity and stated intent on future harvesting patterns of vessels in participating in this fishery.

Classification

This action responds to the best available information recently obtained from the fishery. The Acting Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) and § 679.25(c)(1)(ii) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay opening directed fishing for Atka mackerel in the CAI by vessels participating in the BSAI trawl limited access fishery. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of July 8, 2013.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

Without this inseason adjustment, NMFS could not allow the fishery for Atka mackerel in the CAI by vessels participating in the BSAI trawl limited access fishery to be harvested in an expedient manner and in accordance with the regulatory schedule. Under § 679.25(c)(2), interested persons are invited to submit written comments on this action to the above address until July 24, 2013.

This action is required by §§ 679.20 and 679.25 and is exempt from review under Executive Order 12866.

Fisheries of the Exclusive Economic Zone Off Alaska; Northern Rockfish and Dusky Rockfish in the Western Regulatory Area of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; modification of closure.

SUMMARY: NMFS is opening directed fishing for northern rockfish and dusky rockfish for 48 hours in the Western Regulatory Area of the Gulf of Alaska (GOA). This action is necessary to fully use the total allowable catch (TAC) of northern rockfish and dusky rockfish in the Western Regulatory Area of the GOA.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), July 10, 2013, through 1200 hrs, A.l.t., July 12, 2013. Comments must be received on or before July 25, 2013.

FOR FURTHER INFORMATION CONTACT: Steve Whitney, 907-586-7269.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

NMFS closed directed fishing for northern rockfish and dusky rockfish in the Western Regulatory Area of the GOA under § 679.20(d)(1)(iii) on July 3, 2013 (78 FR 40638 July 8, 2013).

As of July 8, 2013, NMFS has determined that approximately 1,000 metric tons of northern rockfish and 260 metric tons of dusky rockfish TAC remain in the Western Regulatory Area of the GOA. Therefore, in accordance with § 679.25(a)(1)(i), (a)(2)(i)(C), and (a)(2)(iii)(D), and to fully utilize the TAC of northern rockfish and dusky rockfish in the Western Regulatory Area of the GOA, NMFS is terminating the previous closure and is reopening directed fishing for northern rockfish and dusky rockfish in the Western Regulatory Area of the GOA, effective 1200 hrs, A.l.t., July 10, 2013.

In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance will be reached after 48 hours. Consequently, NMFS is prohibiting directed fishing for

northern rockfish and dusky rockfish in the Western Regulatory Area of the GOA, effective 1200 hrs, A.l.t., July 12, 2013. The Administrator, Alaska Region (Regional Administrator) considered the following factors in reaching this decision: (1) the current catch of northern rockfish and dusky rockfish in the Western Regulatory Area of the GOA and, (2) the harvest capacity and stated intent on future harvesting patterns of vessels in participating in this fishery.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the opening of directed fishing for northern rockfish and dusky rockfish in the Western Regulatory Area of the GOA. Immediate notification is necessary to allow for the orderly conduct and efficient operation of these fisheries, to allow the industry to plan for the fishing season, and to avoid potential disruption to the fishing fleet and processors. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of July 8, 2013.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

Without this inseason adjustment, NMFS could not allow pollock fishery in Statistical Area 630 of the GOA to be harvested in an expedient manner and in accordance with the regulatory schedule. Under § 679.25(c)(2), interested persons are invited to submit written comments on this action to the above address until July 25, 2013.

This action is required by § 679.25 and is exempt from review under Executive Order 12866.
